ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

“THE FIRST EDITION GIVES CUSTOMERS THE OPPORTUNITY TO HAVE A UNIQUE VERSION OF THE NEW DISCOVERY. WITH STUNNING DESIGN, EXQUISITE DETAILS AND EFFORTLESS VERSATILITY, THIS COMPELLING VEHICLE REDEFINES THE MEANING OF DESIRABILITY.”

Professor Gerry McGovern.
Land Rover Design Director and Chief Creative Officer.

A WORLD OF LAND ROVER	28
-----------------------	----

INTRODUCTION

ALL-NEW DISCOVERY FIRST EDITION. FOLLOWING A PROUD HISTORY.

Ever since it first took to the streets, mud tracks and deserts in 1989, Discovery has blazed its own trail. From Alaska to Zambia, it has become synonymous with capability and versatility, whether off-road or in the city. All-New Discovery First Edition takes those characteristics, together with several innovations pioneered by Land Rover, to uncharted territories.

THE CONCEPT OF ALL-NEW DISCOVERY FIRST EDITION

All-New Discovery First Edition is a quantum leap forward in SUV Design. This prestigious vehicle is available in limited numbers, adding to its exclusivity and desirability. A radical and sharply focused approach to embodying Land Rover's vision of the most versatile and capable SUV. All-New Discovery First Edition combines the flexibility of a beautifully crafted full-size seven seat interior, bespoke First Edition design details, with dramatic proportions, clean modern lines and a dynamic silhouette.

So wherever you want to go, whoever and whatever you want to take, All-New Discovery First Edition is every vehicle you'll ever need.

SEVEN FULL-SIZE SEATS WITH INTELLIGENT SEAT FOLD

All-New Discovery First Edition features three rows of seats with Intelligent Seat Fold allowing you to configure the second and third row seating using switches located in the loadspace or on the main Touchscreen. Furthermore, using technology pioneered by Land Rover, you can remotely configure the seats when you're not in your vehicle, via an app on your smartphone. See page 12 for details.

UNCOMPROMISED LOADSPACE CAPACITY

With over 2,000 litres of loadspace, including underfloor stowage, ideal for wet or dirty gear, and the flexibility of seven seats, All-New Discovery First Edition is every vehicle you'll ever need.

COMMAND DRIVING POSITION

For a clearer view of the road ahead, All-New Discovery First Edition has been designed with the legendary Land Rover Command Driving Position.

ACTIVITY KEY

A first for Land Rover and standard with your First Edition, the Activity Key lets you live life to the full. Housed in a robust and fully waterproof wristband, it allows you to pursue a range of activities from sailing to skydiving, safe in the knowledge that your vehicle is always protected.

POWERED INNER TAILGATE

The first of its kind and standard on First Edition, this hands-free system provides a seating and loading platform and can also be used as a load retention barrier for when the tailgate is open.

UNRIVALLED TOWING*

Over the years, Discovery has earned many accolades around the world for its towing capabilities, which is why so many would naturally expect this vehicle to live up to the most demanding expectations. It doesn't disappoint. All-New Discovery First Edition takes it to a new level, delivering an impressive towing capacity of up to 3,500kg, ensuring it measures up to the vehicle's proud DNA. See page 14 and 25 for details.

SUPREME CAPABILITY

The vehicle's lineage and DNA are without question. With driving technologies such as Terrain Response 2 and All Terrain Progress Control (ATPC) as standard, its all-terrain capability ensures All-New Discovery First Edition is always ready to get out there and tackle whatever comes over the horizon, no matter where that happens to be. See page 13 for details.

GENEROUS LEGROOM WITH STADIUM SEATING

Every passenger enjoys optimum comfort and unparalleled views. Those in the second row have 954mm legroom whilst, in the third row, 851mm is available.

INTUITIVE CONNECTIVITY

All-New Discovery First Edition features the very latest suite of technologies, including InControl Touch Pro as standard, a raft of USB ports and the latest in infotainment to keep you and your passengers connected and entertained.

CLEVER STOWAGE

From the fold down stowage behind the climate controls, to the upper and lower glove box and a comprehensive space below the centre console cupholders, All-New Discovery First Edition has stowage in places you simply would not expect.

ALL-NEW DISCOVERY FIRST EDITION – THE FACTS

Form, function and exemplary levels of finesse are brought together to help create one of Land Rover's most compelling vehicles to date. With electronic air suspension, its inherent strength and off-road capabilities are matched only by its bold contemporary looks and alluring touches of luxury. Inside, astute use of space coupled with high quality design and use of premium materials enhance the vehicle's bold horizontal and vertical lines.

The versatility of the cabin is highlighted by the easily configurable seven seat layout as standard and plentiful stowage, with clever use of space and refined comfort.

*A choice of detachable or electrically deployable Tow bars are available as a retailer fit option. For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your nearest Land Rover Retailer.
Vehicle shown is First Edition in Farallon Black.

DESIGN

EXTERIOR

The vehicle's exterior design is a revolutionary re-imagining of Discovery for the next generation. All-New Discovery First Edition is beautifully proportioned for a full-size SUV, with sleek, wrap-around headlights and tail lights combining with short front and rear overhangs to reduce visual length.

A fast windscreen angle, rising belt line and elegant, smoothly contoured shape, result in a streamlined and dynamic form which combines aerodynamic efficiency with class-leading interior space. The body-coloured C-pillar, stepped roof and asymmetric element on the rear number plate panel all refer to the rich lineage of previous Discovery design.

Clean flush elements, a dynamic rising waistline and wrap-around lights convey a strong sense of modernity. Cleverly designed LED lights are standard on All-New Discovery First Edition and have been developed to wrap-around the side of the vehicle to enable the indicators to be more visible to improve safety.

Sophisticated and urbane, All-New Discovery First Edition epitomises the most compelling contemporary British design and is available in three premium metallic exterior colours: Namib Orange, Silicon Silver and Farallon Black. Please see page 21 for available exterior colours.

Vehicle shown is First Edition in Namib Orange.

FIRST EDITION EXTERIOR DESIGN DETAILS

This beautifully realised vehicle enjoys a host of striking features. Distinctive 22" alloy wheels are fitted as standard. With Namib Orange vehicles, Gloss Black wheels feature as standard. The three premium metallic exterior colours available are complemented by the Black grille, fender vents and bonnet and tailgate script.

Bespoke First Edition badging is discreetly positioned on the B-pillar when you open the driver or passenger door and is exclusive to this vehicle. It adds a distinct and unique touch that reminds you of its originality whenever you step in and out of your All-New Discovery First Edition. With Namib Orange exterior paint, the addition of a Black contrast roof adds further emphasis to All-New Discovery First Edition's undoubted design credentials.

INTERIOR

The highly desirable interior is a re-imagining of the classic Discovery design elements with the striking use of strong horizontal and vertical lines connecting through the main fascia beam. The use of materials such as premium Windsor leather and a bespoke Cartography metal finisher, coupled with focussed craftsmanship and precision, create an air of cultured modern living.

The 10" infotainment Touchscreen helps you connect to the outside world and puts a wealth of entertainment and information at your fingertips. The clever use of both seating design and stowage space helps deliver class-leading capability for you, your family and friends.

FIRST EDITION INTERIOR DESIGN DETAILS

An eye for the minutiae. The finest materials. These are the qualities that our designers have carefully considered to help shape All-New Discovery First Edition's interior. The interior is appointed in the most exquisite Windsor leather and is available in two striking colourways: Nimbus/Ebony interior with Nimbus Windsor leather seats with Ebony piping and stitching, Ebony/Ebony interior with Ebony Windsor leather seats with Nimbus piping and stitching. Either of which truly complements the contemporary interior space. To see the choice of interior colourways available please see page 22.

Throughout the cabin, there are several design touches that will delight the eye. For instance, the vertical finishers are of Brushed Aluminium which have been swept in three ways for a premium finish.

Exclusive to All-New Discovery First Edition, a Cartography Aluminium finisher has been fashioned to map the journey of Discovery, beautifully displayed on the doors and across the instrument mid-section. Born of the vehicle's undoubted spirit and lineage, this superbly crafted and unique feature covers many points across the UK where the vehicle was designed and built including Land Rover Design headquarters at Gaydon, world-class manufacturing facilities at Solihull and the capital of British design – London.

The centre console also features an etched bespoke 'First Edition' badge, adding the perfect finishing touch to the interior.

SEVEN FULL-SIZE SEATS

All-New Discovery First Edition's seven full-size seats truly exemplify comfort and versatility. Divided across three rows and readily deployable, no other vehicle in its class is so well appointed. For instance, the second row enjoys a 60:40 slide and power recline configuration, coupled with a load-through facility. Stadium seating ensures everyone can see the road ahead in the greatest comfort whilst the stepped roof allows for greater headroom in the second and third rows; such clever use of space ensures everyone travels first class. Added to which, there are a number of standard features including heated and cooled seats across the first and second row to add to your comfort and enjoyment.

REMOTE INTELLIGENT SEAT FOLD

On All-New Discovery First Edition, there's a choice of ways you can easily deploy the seats with our Remote Intelligent Seat Fold: from the Touchscreen, switches located in the loadspace or via our innovative app from your smartphone. When you're standing well away from the vehicle, in a shopping queue for example, the vehicle can be ready for your return so you can utilise the space according to the size or shape of what you want to carry. You can reconfigure the seats without any fuss simply by using this standard feature.

The powered seat folding mechanism uses an intelligent control system which ensures the seats, including the headrests, fold away seamlessly, safely and conveniently. The system understands when seats are occupied or have heavy items on them and, when folding, automatically adjusts their position to prevent a conflict.

DRIVING TECHNOLOGY

PERMANENT 4 WHEEL DRIVE SYSTEMS

All-New Discovery First Edition features an intelligent, permanent Land Rover 4 Wheel Drive (4WD) system to deliver unrivalled, all-weather and all-surface capability. The standard twin-speed transfer gearbox features an additional set of lower gears which can prove invaluable in challenging driving conditions. The heart of this system is the electronic centre differential that offers a 50:50 torque split between front and rear axles with the ability to pre-emptively lock the axles before slip commences.

TERRAIN RESPONSE 2

With over 65 years of all-terrain expertise, this vehicle has Land Rover capability at its heart. Innovative Terrain Response was first implemented on Discovery and now our unique, upgraded Terrain Response 2 system is introduced to All-New Discovery.

This enhanced system enables the driver to optimise the vehicle's engine, gearbox, centre differential and chassis systems to match the demands of the terrain, by selecting one of the easily identifiable driving modes, including Rock Crawl Mode. Terrain Response 2 monitors driving conditions, automatically selecting the most appropriate driving mode to achieve the best possible chassis and powertrain set up for the conditions.

Even when it is not in Auto Mode, the system also provides the driver with additional input, such as advising when to select low range or the off-road ride height. This system is standard on All-New Discovery First Edition.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art standard system that enables drivers to set and maintain a steady speed in challenging conditions.

Operating like a cruise control system, it functions at very low speeds between 1mph and 19mph, enabling the driver to maintain full concentration on steering and finding a path through obstacles.

Developed by Land Rover's industry-leading all-terrain specialists, the system works seamlessly alongside the Terrain Response 2 and 4 Wheel Drive (4WD) traction and braking systems.

Once ATPC is activated, the standard steering wheel +/- cruise control buttons are used to set the speed. Brake and accelerator pedals can still override the chosen settings, with gentle braking achieving a reduction in speed.

TOWING AIDS

All-New Discovery First Edition takes towing capability to a new level, with a capacity of up to 3,500kg and a suite of features available to help make towing effortless and assured.

An **electrically deployable tow bar** is available as an accessory which is deployed using a convenient button in the loadspace compartment, or via the Touchscreen. The addition of **Tow Hitch Assist** makes coupling a trailer to the vehicle much easier by helping you visualise the hitching process; it displays the predicted path of the vehicle tow ball towards the trailer tow bar on the Touchscreen.

Vehicles fitted with the electrically deployable tow bar also feature **Nose Load Measurement** and **Trailer Light Test** systems. Nose Load Measurement can be operated via the Touchscreen and allows you to quickly and easily measure the nose load of your trailer, whilst Trailer Light Test is an industry-first feature that enables you to test your trailer lights without leaving your vehicle. The automatic system is used to pulse the lights in a sequence, and is triggered via the Touchscreen or a button in the loadspace compartment.

CONNECTIVITY. ENTERTAINMENT. COMFORT

LAND ROVER INCONTROL

InControl is our suite of advanced technologies that links both you and your All-New Discovery First Edition to the wider world. All-New Discovery First Edition comes fitted with InControl Touch Pro and InControl Connect Pro as standard.

INCONTROL TOUCH PRO

InControl Touch Pro's next-generation hardware and software advances All-New Discovery First Edition's connectivity and entertainment to the very highest level.

Some key aspects include:

- 10" Touchscreen
- Meridian™ Surround Sound System 825W with 14 speakers plus subwoofer
- CD-DVD
- Voice Recognition
- InControl Touch Pro Navigation
- Digital Audio Broadcast (DAB) Radio

- **InControl Protect** consists of SOS Emergency Call, Land Rover Optimised Assistance and Remote Essentials smartphone app
- **InControl Connect Pro** consists of InControl Apps, Remote Premium and InControl Pro Services which include Wi-Fi Hotspot, Route Planner App, Share ETA, Live Services, Commute Mode, Arrival Mode and Arrival Mode Parking.

Vehicle shown is First Edition in Silicon Silver.

InControl features, options and their availability remain powertrain dependent – check with your Retailer for availability and full terms. Certain features require a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Mobile network connectivity cannot be guaranteed in all locations.

Get your life InControl at landrover.co.uk/incontrol

9 WAYS TO GET YOUR LIFE INCONTROL

InControl Touch Pro provides a wealth of information and entertainment. This intuitive InControl technology can help you find a parking space, stream your favourite music and even track a stolen vehicle, making life more rewarding, hassle-free and enjoyable. These features are standard on First Edition models.

PLANNING ROUTES

Before setting off, use the **Route Planner App** or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen.

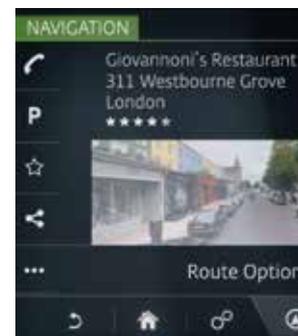

STAYING CONNECTED

Before you get into your vehicle, set your ideal cabin temperature with the **Remote Premium app** on smartphones and now the Apple Watch. On the road, the in-car **Wi-Fi Hotspot** provides a stable Internet connection and lets you connect up to eight devices.

STAYING FOCUSED

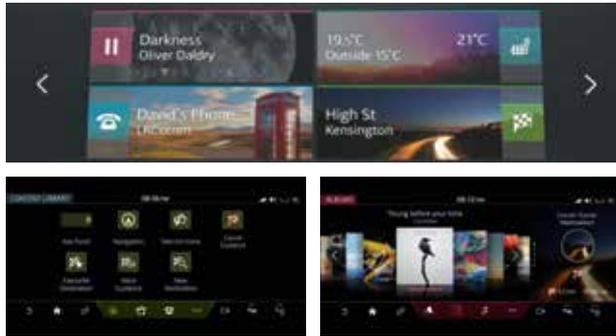

Our InControl Touch Pro **Voice Recognition** system understands normal spoken instructions. So you can concentrate on the road ahead without any distractions.

FINDING PARKING

When you near your destination, InControl Touch Pro **Navigation** will suggest nearby parking from a database including space availability. With just one click, the car park is added and your route is updated. **Arrival Mode Parking** shows a 360° street level image to help you identify your destination.

InControl features, options and their availability remain powertrain dependent – check with your Retailer for availability and full terms. Certain features require the fitment of InControl Connect Pro and a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Apple Watch® is a registered trademark of Apple Inc., registered in the US and other countries. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Android Store, please contact your nearest Land Rover Retailer for further information.

MOVING FASTER

InControl Touch Pro brings you more processing power, thanks to a quad core processor plus an integrated Ethernet network.

Customisable homescreens let you arrange the screen, as you like, with up to four personalised homescreens and over 60 shortcuts.

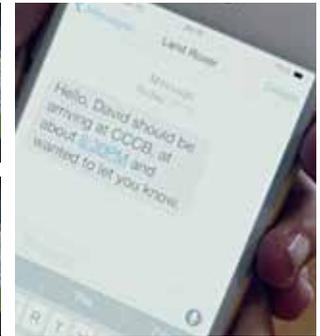

INTELLIGENT ROUTING

Commuter Mode allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest.

SHARING PROGRESS

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text or email, without any further action from you.

DOOR-TO-DOOR

Once you've parked, the Route Planner App will guide you to your destination – a true door-to-door experience which includes public transport options. The Remote Premium app also lets you check your vehicle to make sure you've locked and secured all doors and windows.

HELP IS ALWAYS AT HAND

With InControl Protect the emergency services will be automatically notified if you're in an accident, or you can call them manually via an in-car button. You can also summon a Land Rover Optimised Assistance operator should you need technical assistance.

MERIDIAN™ SOUND SYSTEM

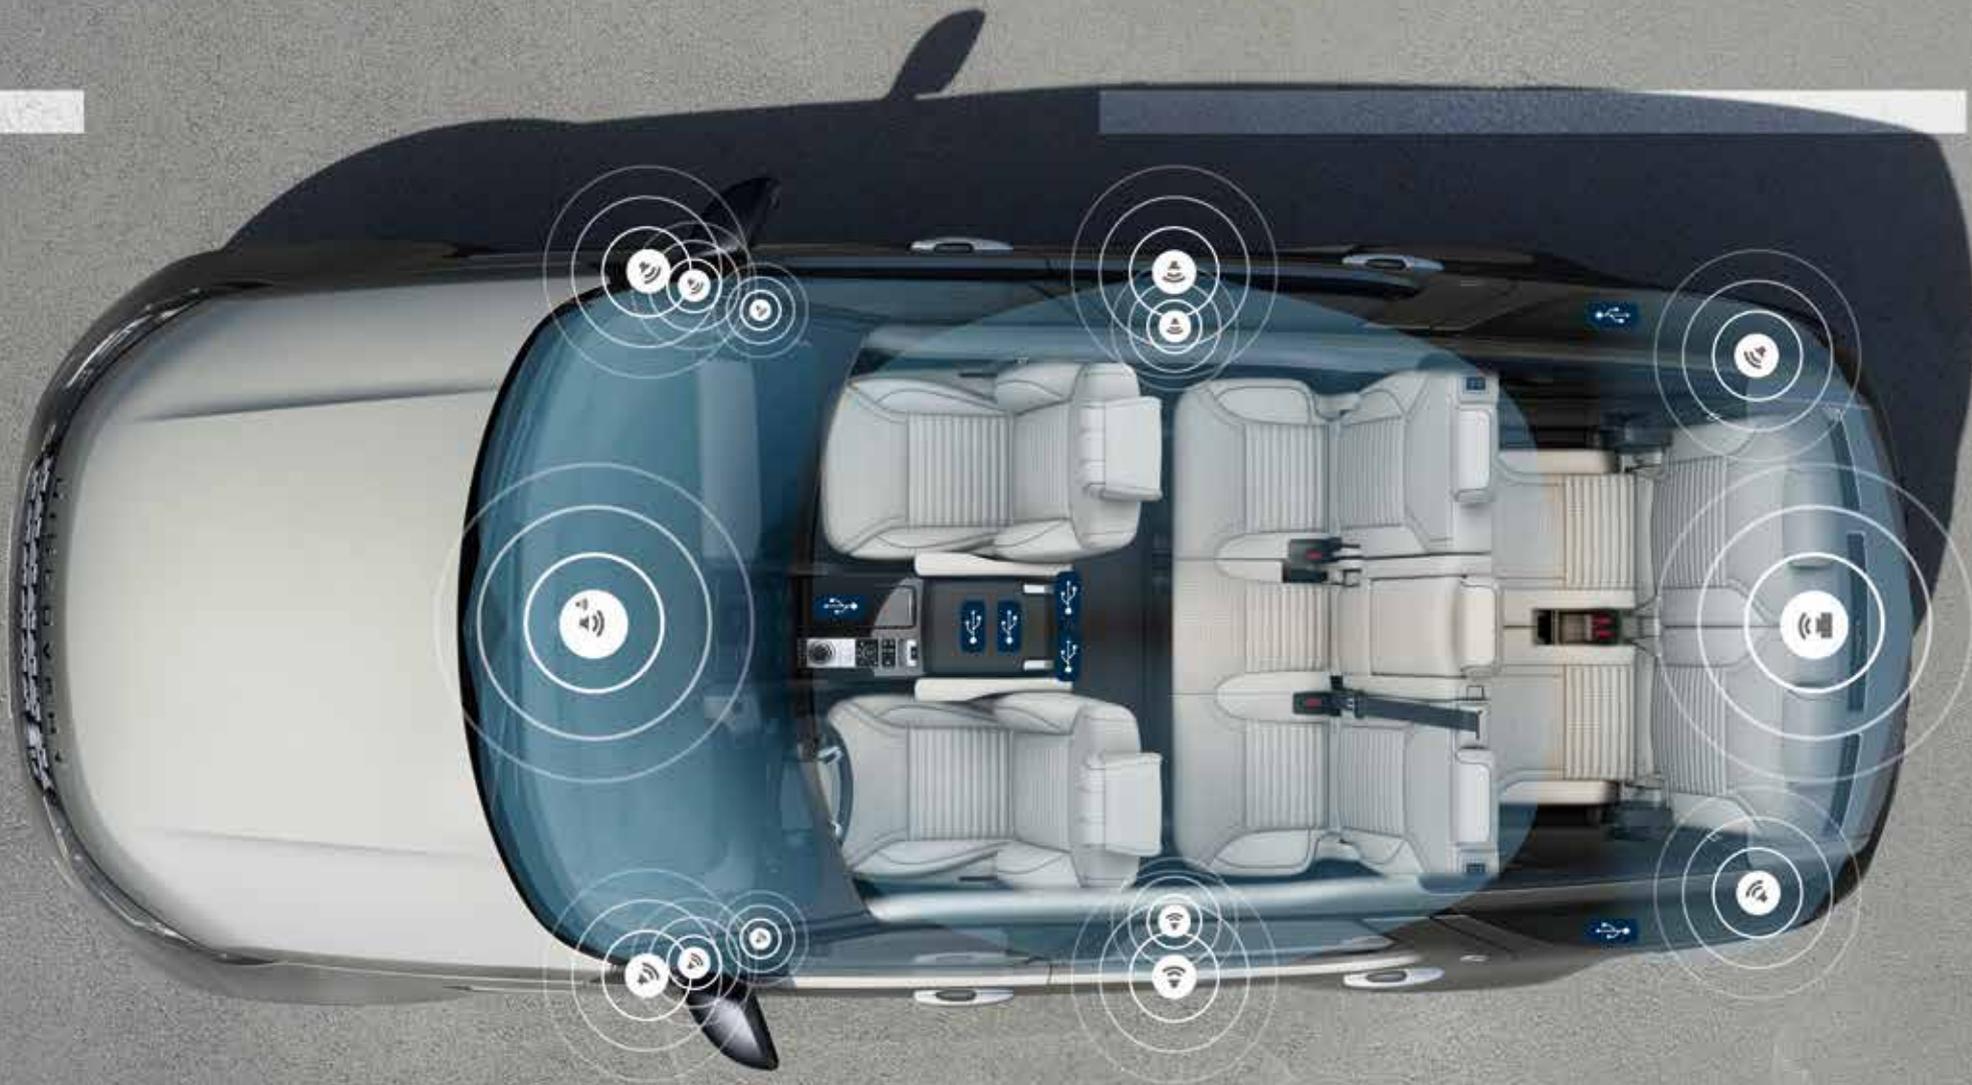

Land Rover has partnered with Meridian™, a world leader in high performance audio technologies and digital sound processing, to develop an advanced audio system for All-New Discovery First Edition.

Fitted as standard, the Meridian™ Digital Surround Sound System produces 825W through 14 speakers plus a dual channel subwoofer, delivering exceptional definition, crystal clear highs and full, deep bass notes through the careful arrangement of speakers.

Dynamic Volume Control technology has been integrated, to ensure that any unwanted noise detected in the cabin will be smoothly and automatically balanced out.

This system also includes Meridian Trifield™ technology which delivers the very best in world-class audio reproduction, bringing you closer to the original performance, regardless of your position of the vehicle; everyone will feel and hear pure musical enjoyment.

MERIDIAN DIGITAL SURROUND SOUND SYSTEM

 825 WATTS

 14 SPEAKERS

 SUBWOOFER

 USB CONNECTORS

Vehicle shown is First Edition in Silicon Silver.

ENGINE PERFORMANCE

All-New Discovery First Edition is available in Land Rover's latest generation 3.0 litre turbocharged Diesel engine.

DIESEL ENGINE

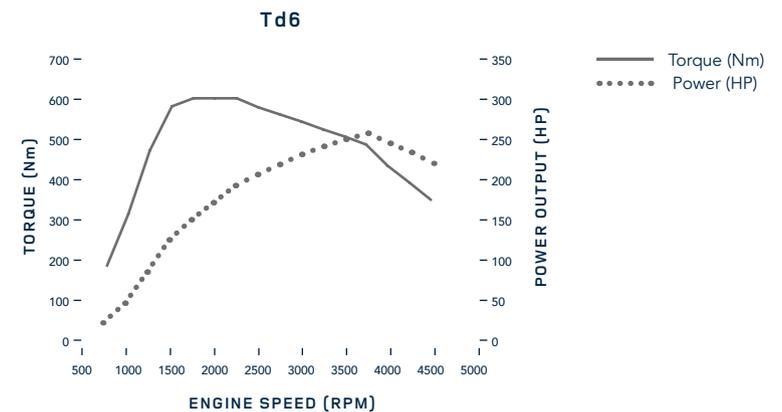

Td6 258HP

All-New Discovery First Edition features Land Rover's latest generation 3.0 litre Turbocharged Diesel engine. Its high-efficiency design utilises a single turbocharger and ceramic ball bearing technology to reduce friction for smooth, more immediate delivery of power at all engine speeds.

The engine uses an eight-nozzle low-flow injector designed for more precise injection

and improved fuel atomisation. Delivering substantial maximum torque of 600Nm, the Td6 is capable of refined and smooth responsive performance.

The intake system with twin intercoolers ensures charge cooling. The engine also features the latest tandem solenoid intelligent Stop/Start system to reduce fuel consumption.

SPECIFICATIONS

CHOOSE YOUR COLOUR

All-New Discovery First Edition is available in three striking exterior paint colours, each one incorporating the latest in pigment technologies. All three available colours are premium metallic paints, which enhance both the colour and the intensity of the sparkle, or sleek metallic finish to give your vehicle even more presence.

Farallon Black (premium metallic)

Namib Orange (premium metallic)

Standard Contrast Roof Colour
Black

Silicon Silver (premium metallic)

WHEELS

All-New Discovery First Edition has distinctive 22" alloy wheels in either Gloss Black finish on Namib Orange, or Silver finish on Silicon Silver and Farallon Black vehicles fitted as standard.

22" 5 SPLIT-SPOKE
'STYLE 5011'
031GE
with Silicon Silver and Farallon Black paint.

22" 5 SPLIT-SPOKE
'STYLE 5011'
WITH GLOSS BLACK FINISH
031GF
with Namib Orange paint.

INTERIOR COLOUR COMBINATIONS

The cabin in All-New Discovery First Edition embodies the finest of contemporary living. Bold horizontal and vertical lines and superb levels of comfort create a space in which you and your family and friends will want to spend time. Two unique interior colourways have been designed to complement the exterior paint palette.

Nimbus / Ebony with Ebony stitching and piping
(Available with Farallon Black)

Ebony / Ebony with Nimbus stitching and piping
(Available with Farallon Black, Silicon Silver and Namib Orange)

STANDARD AND OPTIONAL FEATURES

Exterior – Standard Features

- Narvik Black grille with Narvik Black surround
- Narvik Black fender vents, mirror caps and Discovery script (bonnet and tailgate)
- Body-coloured door handles
- Black contrast roof (with Namib Orange exterior paint)
- Electric sunroof (tilt/slide front glass with fixed rear glass pano (including power blinds)
- Infrared reflective, heated windscreen
- Privacy glass
- Auto-dimming, power fold, heated door mirrors with approach lights
- Unique First Edition badge on B-pillar
- Premium metallic paint
- Front fog lights
- LED headlights with LED signature and signature hi-line tail lights
- Automatic headlights with Auto High Beam Assist (AHBA)

- 22" 5 split-spoke 'Style 5011' alloy wheels (with Silicon Silver and Farallon Black exterior paint)
- 22" 5 split-spoke 'Style 5011' with Gloss Black finish alloy wheels (with Namib Orange exterior paint)
- Tyre Pressure Monitoring System (TPMS) and locking wheel nuts
- Twin-speed transfer box (high/low range) and electronic air suspension
- Terrain Response 2
- All Terrain Progress Control (ATPC)
- Powered gesture tailgate
- Full-size spare wheel.

Interior – Standard Features

- Third row seats with Intelligent Seat Fold
- Windsor leather seats with 16-way electric front seats with winged headrests and drivers seat memory
- Heated and cooled front and rear seats
- Front passenger seat ISOFIX
- Electrically reclining rear seats and powered third row seats
- Cartography finisher and bespoke centre console First Edition badge
- Extended leather, includes application to door top rolls, door grab handle, console mid-roll and centre arm-rest lid
- Premium carpet mats
- Heated steering wheel
- Four-zone Climate Control
- Configurable Ambient Interior Lighting
- Auto-dimming interior rear view mirror
- Twin front cupholders with cover, upper secondary glove box, in-facia storage, front centre console cooler compartment and third row side lidded stowage

- Autonomous Emergency Braking (AEB)
- Driver Condition Monitor
- Blind Spot Monitor and Reverse Traffic Detection
- Traffic Sign Recognition and Intelligent Speed Limiter
- Lane Keep Assist
- Park Assist
- 360° Parking Aid
- Surround Camera System
- Keyless Entry
- Activity Key
- Intrusion sensor
- Powered inner tailgate
- Meridian™ Digital Surround Sound System 825W with 14 speakers plus subwoofer
- DAB radio
- Rear Seat Entertainment
- InControl Touch Pro Navigation, InControl Protect, InControl Remote Premium, InControl Pro Services and InControl Apps.

LAND ROVER APPROVED ACCESSORIES

All-New Discovery First Edition is so capable and adaptable it can get straight to work across a huge variety of vastly differing conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their All-New Discovery First Edition to their specific needs with a range of stylish, practical accessories that are tough, versatile and bring an opportunity for personalisation.

Importantly, these accessories can be added by your Land Rover Retailer at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

ACCESSORIES

Luggage Carrier*
VPLRR0159

Flexible rack system to facilitate roof carrying. Offers up to a 74kg load carrying capacity. Maximum payload 61kg**.

Wireless Phone Charging Cupholder†
VPLRV0118

The wireless phone charging cupholder has been designed to allow visibility of the phone whilst charging, utilising the cupholder space in the centre console. The holder will accommodate varying phone sizes securely in place. The charger displays an LED light to indicate when charging, and turns off when complete.

VPLRT0172 – Towing System – Electrically Deployable Tow Bar
VPLRT0192 – Electrically Deployable Tow Bar Module, Switch & Harness Kit

The electrically deployable tow bar is stowed discreetly behind the rear bumper when not in use, providing a clean attractive finish. It is designed to deploy/stow in 12 seconds and is operated by a switch in the rear loadspace. Returns to original position if any obstructions encountered during deploying/stowing. Towing electrics available separately (also hidden until deployed). Approved for up to 3,500kg trailer load. Requires tow eye cover, tow bar module and switch & harness kit.

iPhone® Connect and Charge Dock
VPLRV0119

The iPhone connect and charge dock has been designed to allow visibility of the phone whilst charging, utilising the cupholder space in the central console. When connected the iPhone media is accessible and has the ability to be controlled via the integrated infotainment system. The iPhone USB charger can be easily disconnected if the USB connection is required for other use. For use with iPhone 5, 5c, 5s, 6 and 6s.

Wheel Mounted Cycle Carrier*
VPLFR0091

Lockable bike carrier designed for holding a single bike, up to 20kg.

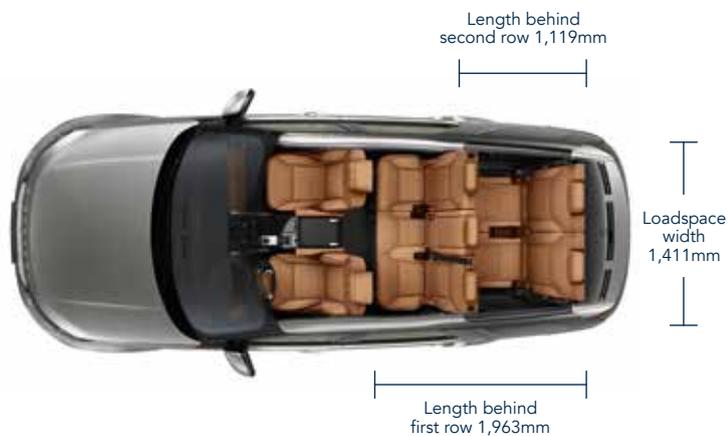

Fixed Side Steps†
VPLRP0269

The side step aids entry and exit to the vehicle and improve access to the roof. Design features include bright stainless steel edge trim and a rubber tread mat.

*Roof rails and cross bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted **Maximum payload equals the load capacity of the roof mounted accessory †Fits phones up to 73mm wide such as iPhone 6 with Qi enabled case. The wireless phone charging cupholder does not provide a connection to InControl Apps ‡Fitting of side steps or side tubes may affect the off-road capability of the vehicle.
iPhone is a registered trademark of Apple Inc., registered in the US and other countries.
Vehicles shown are not representative of All-New Discovery First Edition interior and exterior finisher colours and details. Accessories and information are accurate.

A WORLD OF LAND ROVER

LAND ROVER EXPERIENCE

Ever since its inception, Land Rover has been ready for anything. Its legendary capability has seen it tackle the most demanding of terrains, in the most difficult conditions. Its versatile interior has become synonymous with comfort and greater loadspace. And its 'can do' attitude has made it the most welcome of vehicles across the globe.

You can be part of the Land Rover story at one of our Land Rover Experience Centres. You can see how each and every one of these iconic vehicles is built. You can take one out onto off-road tracks where your driving skills will be put to the test. Or you can go even further on one of our Adventure Travel holidays to such countries as Tanzania, Iceland or Morocco.

Adventure awaits.

For more information, visit
landrover.co.uk/experiences

LAND ROVER ONELIFE

As a Land Rover owner, you can look forward to receiving a complimentary copy of Onelife magazine for three years. This award-winning Land Rover magazine is published twice a year and reaches customers in 40 countries. Each issue is filled with the latest Land Rover news and vehicles, insights into the technology and design that shape each vehicle, inspirational journeys and opinions from international experts.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control. Please speak to your nearest Land Rover Retailer to find out more.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service.

Distinctive, capable and versatile, all Land Rover vehicles deliver low total cost of ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy and CO₂ emissions.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

For more information, visit
landrover.co.uk/fleet-and-business

LAND ROVER COLLECTION

The vehicle is just the beginning. The latest Land Rover Collection is now available for you to discover.

A meticulous attention to detail doesn't stop with our vehicles. You'll find the same level of craftsmanship in all of our clothing, travel items and premium gift ideas. So whether you're shopping for yourself or a loved one, you know the quality is assured.

The Land Rover Collection includes ladies and gents clothing, an extensive range of small leather goods such as wallets, portfolios, iPad and iPhone cases along with briefcases and weekender bags. A range of cufflinks and ladies silk scarves add a luxury feel to the collection. There's a kids collection too, with colourful fun clothing, caps and replica model vehicles for them to enjoy.

View the collection online at shop.landrover.co.uk or contact your nearest Land Rover Retailer for more information.

ROADSIDE ASSISTANCE

Land Rover Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Approved Service Centre or visit landrover.co.uk/ownership

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Retailer within one month or 1,000 miles (whichever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. Some of the accessories featured are not available on all models. Please consult your nearest Land Rover Retailer for more information.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. Please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Please check availability of colours and current specifications with your Land Rover Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

Castrol EDGE Professional exclusively recommended by Land Rover.
