ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

DESIGN

EXTERIOR

DESIGN

EXTERIOR

With its striking lines, muscular shoulders and tapered roof, Range Rover Evoque sets itself apart from its contemporaries. The Ember Special Edition* is designed to ignite the senses. Achieving the perfect balance between distinctive exterior design, a contoured cabin, capability and performance, the vehicle redefines modern city life.

One look is all it takes. With the arresting contrast of a Santorini Black body and Firenze Red roof, together with a judicious use of colour on the front and rear tow eye finishers, the vehicle truly stands out.

Featuring 20" 5 split-spoke 'Style 508' alloy wheels with Satin Black finish, Narvik Black finishers and dynamic body design, the vehicle has a powerful presence.

Darkened Xenon headlights with an LED signature feature as standard and complete the vehicles design cues. The Ember Special Edition can also be further enhanced with optional adaptive LED headlights that combine the individual look with enhanced light output for better visibility and safety at night.

* Only available as a Five-door.

EXTERIOR

DESIGN

INTERIOR

Whilst the outside world looks in, there's so much to enjoy as you look out. Heated Ebony seats with contrast Pimento stitching – specifically designed for this vehicle – are made of the finest Oxford leather and complemented by the unique carpet mats edged with Pimento piping.

The Ember Special Edition features premium materials throughout the interior, combining a luxurious yet dynamic

feel, with padded door inserts and trim finishings adding to the relaxed and contemporary cabin. Configurable Ambient Interior Lighting allows you to vary the colour and shade, changing the ambience of the cabin to suit your mood. Illuminated treadplates also feature as standard, providing a distinctive finishing touch.

The clean architectural shapes are enhanced by the new highly responsive 10" Touchscreen that forms the nucleus of the vehicle's infotainment system, InControl Touch Pro. This intuitive system offers full command of your journey from climate control to navigation, as well as a range of entertainment options.

DESIGN

INTERIOR

CONNECTIVITY. ENTERTAINMENT. COMFORT

LAND ROVER INCONTROL

InControl is our suite of advanced technologies that link both you and your Range Rover Evoque to the wider world. As standard the Ember Special Edition features InControl Touch Pro, Land Rover's premium infotainment system. InControl Touch Pro helps you maintain your important digital connections, and links you seamlessly and securely with your vehicle when you are elsewhere.

INCONTROL TOUCH PRO

INCONTROL TOUCH PRO

InControl Touch Pro's next-generation hardware and software advances Range Rover Evoque's connectivity and entertainment to the very best level. Some key aspects of InControl Touch Pro are:

- 10" Touchscreen
- InControl Protect consists of SOS Emergency Call, Land Rover Optimised Assistance and Remote Essentials smartphone app
- InControl Touch Pro Navigation
- Meridian Sound System 380W with 10 speakers plus subwoofer
- Digital Audio Broadcast (DAB) Radio.

INCONTROL CONNECT PRO

In addition to InControl Touch Pro, the Ember Special Edition is available with the optional InControl Connect Pro's services, technologies and applications to give you the very highest level in connectivity and convenience. Features include:

- InControl Apps
- Remote Premium is a multi-function app that allows you to monitor and interact with your vehicle remotely, making life easier and more connected
- InControl Pro Services include Wi-Fi Hotspot, Route Planner Companion App, Share ETA, Live services, Commute Mode, Arrival Mode and Arrival Mode Parking.

OPTIONAL

- Meridian Digital Surround Sound System 825W with 16 speakers plus subwoofer.

INCONTROL SECURE

Optional InControl Secure provides stolen vehicle tracking by detecting any unauthorised movement of your vehicle.

10 WAYS TO GET YOUR LIFE INCONTROL

Find a parking space, stream your favourite music and even track a stolen vehicle. Find out how InControl will make your life easier.

PLANNING ROUTES

Before setting off, use the **Route Planner App** or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen.

INTELLIGENT ROUTING

Commuter Mode allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest.

DOOR-TO-DOOR

Once you've parked, the **Route Planner App** will guide you to your destination – a true door-to-door experience which includes public transport options. The **Remote Premium** app also lets you check your vehicle to make sure you've locked and secured all doors and windows.

STAYING CONNECTED

Before you get into your vehicle, set your ideal cabin temperature with the **Remote Premium** app on smartphones and now the Apple Watch. On the road, the in-car **Wi-Fi Hotspot** provides a stable Internet connection and lets you connect up to eight devices.

SHARING PROGRESS

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, **Share ETA** can then send automatic updates via text or email, without any further action from you.

STAYING FOCUSED

Our all-new InControl Touch Pro **Voice Recognition** system understands normal spoken instructions. So you can concentrate on the road ahead without any distractions.

MOVING FASTER

InControl Touch Pro brings you more processing power, thanks to a quad core processor plus an integrated Ethernet network. Customisable homescreens let you arrange the screen, as you like, with up to four personalised homescreens and over 60 shortcuts.

FINDING PARKING

When you near your destination, **InControl Touch Pro Navigation** will suggest nearby parking from a database including space availability. With just one click, the car park is added and your route is updated. **Arrival Mode Parking** shows a 360° street level image to help you identify your destination.

HELP IS ALWAYS AT HAND

With **InControl Protect** the emergency services will be automatically notified if you're in an accident, or you can call them manually via an in-car button. You can also summon a Land Rover Optimised Assistance operator should you need technical assistance.

YOUR VEHICLE CAN BE TRACKED IF STOLEN

With **InControl Secure**, if your vehicle is broken into, a silent alarm is triggered alerting the relevant authorities. Your vehicle can then be tracked until it is recovered.

InControl features, options and their availability may vary, please check with your Retailer for availability and full terms. Certain features require a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Apple Watch is a registered trademark of Apple Inc., registered in the US and other countries. InControl apps will need to be downloaded from the Apple/Android Store, please contact your nearest Land Rover Retailer for further information.

CONNECTIVITY. ENTERTAINMENT. COMFORT

MERIDIAN™ SOUND SYSTEMS

Land Rover has partnered with Meridian, a world leader in high performance audio technologies and digital sound processing to develop advanced audio systems for Range Rover Evoque.

Dynamic Volume Control technology has also been integrated to ensure that any unwanted noise detected in the cabin will be smoothly and automatically balanced out.

The 380W Meridian Sound System with 10 speakers and a dual channel subwoofer, features as standard and delivers exceptional definition, crystal clear highs and full, deep bass through the careful arrangement of speakers.

Range Rover Evoque Ember Special Edition also offers an optional upgrade, the Meridian Digital Surround Sound System, which produces 825W through 16 speakers and a dual channel subwoofer.

This system also includes Meridian Trifield technology. This technology delivers the very best in world-class audio reproduction, bringing you closer to the original performance regardless of your position in the vehicle; everyone will feel and hear pure musical enjoyment.

Meridian is a registered trademark of Meridian Audio Ltd.
Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.

ENGINES AND DRIVING TECHNOLOGIES

ENGINE

The Ember Special Edition is made available with the Diesel TD4 180hp engine. The TD4 180hp is one of our new breed of Ingenium engines: with advanced technology and all-aluminium construction, this engine delivers impressive fuel consumption and CO₂ emissions. Typically, 20kg lighter than equivalent previous generation engines, Ingenium is intrinsically more efficient.

9-SPEED AUTOMATIC TRANSMISSION

The lightweight, compact 9-speed Automatic Transmission provides optimum fuel economy and CO₂ emissions as well as greater control in low-grip conditions. The transmission is specifically designed for transverse applications, and is one of the most efficient and technically advanced ever used in a production vehicle. Its smaller step ratio gives it improved response during acceleration, improved shift quality, drive and refinement, so you enjoy a smoother, more involving drive.

DRIVING TECHNOLOGIES

Land Rover has always been synonymous with capability and this vehicle is no exception. It features the following technologies as standard:

Terrain Response that adapts the engine, transmission, differentials and chassis systems allowing the driver to maximise driveability, traction and comfort.

Hill Descent Control maintains a constant speed to ensure you go down hills safely whilst **Gradient Release Control** is utilised to prevent you accelerating too quickly on a steep incline.

All Terrain Progress Control is a feature that enables you to set and maintain a steady speed even on the most challenging of terrains. It also helps maximise traction, enabling you to pull away on wet grass, ice or other tricky low friction surfaces.

WORLD OF LAND ROVER

LAND ROVER EXPERIENCE

Ever since its inception, Land Rover has been ready for anything. Its legendary capability has seen it tackle the most demanding of terrains, in the most difficult conditions. Its versatile interior has become synonymous with comfort and greater loadspace. And its 'can do' attitude has made it the most welcome of vehicles across the globe.

You can be part of the Land Rover story at one of our Land Rover Experience Centres. You can see how each and every one of these iconic vehicles is built. You can take one out onto off-road tracks where your driving skills will be put to the test. Or you can go even further on one of our Adventure Travel holidays to such countries as Tanzania, Iceland or Morocco.

Adventure awaits.

For more information, visit
landrover.co.uk/experiences

LAND ROVER ONELIFE

Onelife, the award-winning Land Rover magazine, is published twice a year and reaches customers in 40 countries. Each issue is filled with the latest Land Rover news and vehicles, insights into the technology and design that shape each vehicle, inspirational journeys and opinions from international experts.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control. Please speak to your nearest Land Rover Retailer to find out more.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service.

Distinctive, capable and versatile, all Land Rover vehicles deliver low total cost of ownership through strong Residual Values, competitive service, maintenance and repair costs, and impressive fuel economy and CO₂ emissions.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

For more information, visit
landrover.co.uk/fleet-and-business

WORLD OF LAND ROVER

LAND ROVER COLLECTION

The vehicle is just the beginning. The latest Land Rover Collection is now available for you to discover.

A meticulous attention to detail doesn't stop with our vehicles. You'll find the same level of craftsmanship in all of our clothing, travel items and premium gift ideas. So whether you're shopping for yourself or a loved one, you know the quality is assured.

The Land Rover Collection includes ladies and gents clothing, an extensive range of small leather goods such as wallets, portfolios, iPad and iPhone cases along with briefcases and weekender bags. A range of cufflinks and ladies silk scarves add a luxury feel to the collection. There's a kids collection too, with colourful fun clothing, caps and replica model vehicles for them to enjoy.

Please contact your nearest Land Rover Retailer for more information or visit landrover.co.uk/shop

ROADSIDE ASSISTANCE

Land Rover Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Approved Service Centre or visit landrover.co.uk/ownership

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Retailer within one month or 1,000 miles /1,600 kilometres (whichever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. Some of the accessories featured are not available on all models. Please consult your nearest Land Rover Retailer for more information.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.
