

CITROËN C5

PASSION MEETS LOGIC. HERE IS A CAR THAT WILL STIMULATE YOUR HEART AS MUCH AS YOUR HEAD, YOUR BODY AS MUCH AS YOUR SOUL.

FROM THE PHYSICS TO THE PHYSICAL, IT RE-DEFINES EVERY DETAIL OF COMFORT, AESTHETICS, PERFORMANCE AND PROTECTION. IN ESSENCE, THE CITROËN C5 HAS BEEN CREATED TO MAKE OPPOSITES EXTREMELY ATTRACTIVE.

With a sophisticated combination of contemporary design and cutting-edge technology, the Citroën C5 marries your passion for driving with a logical need to feel protected – your passion for style, with the rational demands of the executive car.

What instantly strikes you is the muscular yet refined build. Long, wide and low with a very dynamic profile, it's clearly a car that means serious business. This is instantly confirmed the moment you move inside – a driver-focused cockpit, advanced features to protect you and the environment, and a driving experience designed around sure-footed exhilaration. It's all about total control – that gives your heart total freedom to roam.

CITROËN
C5
DYNAMIC
STYLING

ATHLETIC AESTHETICS. NOWHERE ARE OPPOSITES MORE ATTRACTIVE THAN ON THE CITROËN C5'S EXTERIOR STYLING.

FROM THE ELEGANT, ENERGETIC LINES OF THE SALOON TO THE FLOWING DYNAMISM OF THE TOURER, THE CITROËN C5 STRIKES A STUNNING BALANCE BETWEEN REFINED STYLE AND SPORTY EXUBERANCE. IT'S A CAR THAT'S BUILT TO TURN HEADS AS QUICKLY AS IT DOES CORNERS.

› THE SALOON: ART AND POWER

From any angle, the Citroën C5 saloon inspires awe and desire. With the muscular wheel arches and a concave rear window, its road presence is impossible to ignore. Viewed head-on, it is particularly imposing – with the trademark chrome chevrons and large air-intakes flanked by the incisive, signature boomerang headlamps. In profile it shows an even more sophisticated side – the sculpted body and extended roofline are indicative of the prestige and style of this thoroughbred executive saloon.

› THE TOURER: HIDDEN SPACE

The Citroën C5 Tourer pulls off an amazing feat of optical illusion – disguising its ample interior with a nimble-looking, silky silhouette that evokes performance from every angle. Reflecting the saloon's stylish design and dynamic presence, it balances long, sleek lines with the trademark high waist. And at the same time, it is immediately recognisable as one of Citroën's superb touring models, with its wide track and wheels flush to the body.

INVIGORATING LUXURY.

SOMETHING STRANGE HAPPENS WHEN YOU SIT INSIDE THE CITROËN C5 – YOU FEEL EXCITED AND RELAXED, ALL AT ONCE. THE MOODY LIGHTING, THE DAMPED GLOVE BOXES, THE LEATHER STEERING WHEEL AND THE TANGIBLE QUALITY OF MATERIALS AND FINISHES. IT'S A PLEASANTLY THRILLING SENSATION.

> SIT TIGHT

Nothing sums up this unique experience better than the Citroën C5's seats, which are ergonomically sculpted for maximum comfort in all driving conditions. And when you opt for a leather interior on VTR+ NAV and Exclusive models, you'll enjoy the added luxury of heated, electric front seats which can be effortlessly adjusted to your preferred position. The driver's seat even has a massage function – for a little high speed relaxation.

> FUTURISTIC INTERIOR

The Citroën C5 marries cutting-edge luxury with solid, unyielding quality. Its state-of-the-art cockpit is driver-focused with a host of exciting technology at your fingertips, while the stylishly lit dashboard displays all vital information. The centrepiece is a clean, uncluttered console with air conditioning seamlessly incorporated into the design – including dual-zone automatic air conditioning on VTR+ NAV and Exclusive models.

> TRAVEL IN SPACE

Not to be outdone for size, the Citroën C5 has one of the longest wheelbases in its segment. What's more, its generous dimensions deliver a roomy interior for exceptional passenger comfort and load-carrying. In essence, it's a spacious vehicle packed with many more little luxuries.

CITROËN
C5
SPACE, COMFORT
& STYLE

› PEACEFUL OASIS

Drive-comfort is at the heart of the Citroën C5 and it has numerous advanced soundproofing features to wrap you in your own haven of tranquillity. With triple door seals, reinforced roof lining and an acoustic windscreen, the Citroën C5's insulating innovations exceed all expectations for an executive saloon. On Exclusive models, you even enjoy acoustic laminated side windows for total isolation from the outside world.

Please note: Drawer flap behind the gear lever is no longer present.

CITROËN
C5
DRIVING
DYNAMICS

CONTROLLED POWER. YOUR HEART WANTS TO PUMP. YOUR HEAD WANTS TO CONTROL. SO THE CITROËN C5 PAYS EQUAL HOMAGE TO BOTH.

PREPARE YOURSELF FOR A PERFORMANCE WHERE STIRRING POWER IS KEPT IN CHECK BY PRECISE STEERING. A GRIPPING DRIVE IS MADE EVEN BETTER BY HIGH LEVELS OF COMFORT AND SAFETY.

> SUSPEND DISBELIEF

You always expect an outstanding ride from Citroën, and the C5 delivers this with a choice of two sophisticated suspensions. The core system is a highly engineered front double wishbone and multi-link rear suspension – it's a set-up that's been specially tuned to complement the Citroën C5's dynamic looks with an equally dynamic drive, without compromising comfort.

> ACTIVE DRIVE COMFORT

Of course, if you really want to experience something unique, you can opt for the Hydractive 3+ suspension, our most advanced system to date. This advanced technology offers a whole new standard of luxurious driving, or at a touch of the 'sport mode' button, the ultimate in driving excitement. Hydractive 3+ also has Citroën's trademark self-levelling feature that guarantees a constant ride height regardless of load or number of passengers – particularly useful for the Tourer. The ingenuity does not end there. The suspension constantly monitors speed and road conditions, lowering the car at 70mph to optimise stability and fuel economy. So whatever you're looking for – supreme comfort, an exhilarating performance or unrivalled load-carrying ability – the Citroën C5 has some truly inspiring answers.

> FUELLING ENJOYMENT

You can see it's a driver's car the moment you lay eyes on it. But if you need any further proof of the Citroën C5's motoring credentials, look no further than the range-topping 3.0HDi V6, which delivers a potent 240hp. This high performance engine turns the Citroën C5 into one of the most exhilarating executive vehicles on the road. And the Citroën C5 offers as much versatility as it does power, with a selection of two petrol and five diesel engines to match the level of pleasure and efficiency you're looking for. There's even a choice of automatic and manual gearboxes to put that final performance decision firmly in the palm of your hand.

ADVANCED SIMPLICITY.

EVERY SECOND, INNOVATIVE TECHNOLOGY IN THE CITROËN C5 IS MAKING A MILLION CALCULATIONS – WHERE YOU ARE, WHERE YOU’RE GOING, AND HOW IT CAN GET YOU THERE FASTER, SAFER AND MORE COMFORTABLY. ALL YOU HAVE TO DO IS SIT BACK AND ENJOY THE DRIVE – CONTROLLING THE MAJORITY OF IT FROM THE COMFORT OF YOUR STEERING WHEEL.

› STEERING INTELLIGENCE

At the heart of the Citroën C5’s technology revolution is the new fixed-centred controls steering wheel. Needless to say, it does so much more than turn the wheels – in fact it turns your car into a high tech tool, adjustable at the soft touch of a button. From activating the speed limiter and cruise control to changing songs or the central information display, you have everything you need for the drive, right at your fingertips.

› NAVIGATION INNOVATION

So much more than navigation, the optional NaviDrive system is a powerful hub of information, communication and even entertainment. It gives you GPS navigation, live traffic updates and a Bluetooth® system. NaviDrive also features a top of the range audio system with a 10GB hard disc with jukebox function so you can drive for days without having to push a button. It even has European mapping, which makes crossing borders as seamless as switching tracks. You’ll find the optional USB Box also on Exclusive models for complete connectivity.

The MyWay colour satellite navigation system standard on VTR+ NAV models, has SD card integrated European mapping which brings you live traffic information, voice guidance and graphics in 2D or aerial perspective. It also features a Bluetooth® system.

Cutting edge entertainment, navigation and communication are all in the mix.

CITROËN C5 TECHNOLOGY & INNOVATION

› INTELLIGENT INSTINCT

Of course, it wouldn't be a Citroën C5 without state-of-the-art technology to enhance the overall experience of sitting behind the wheel. Your car is always looking and thinking one step ahead – exemplified by the revolutionary Lane Departure Warning System, available on VTR+ NAV and Exclusive models. This advanced safety system has a vibrating alert mounted in the driver's seat, keeping you informed of unintentional lane changes.

› CLEAR THINKING

To make your night drives even more pleasant, all Citroën C5 models are equipped with the static Adaptive Front-lighting System (AFS), which boosts lighting functionality to give you a clearer view of the road, wherever it takes you. On Exclusive models, you can opt for Xenon Dual-Function Directional headlamps. With dynamic AFS, it follows the car's steering, greatly enhancing visibility on corners and at junctions.

› CLEVER LITTLE EXTRAS

When the time comes to park, the availability of 'gap' measurement technology and front and rear parking assistance means you can manoeuvre easily into the tightest spaces. And if your arms are full of shopping, the automatic boot on Exclusive Tourer models can be opened with a touch of your remote.

CITROËN
C5
ENVIRONMENTAL

POWERFUL CONSIDERATION.

ENVIRONMENTAL CONCERN AND POWERFUL PERFORMANCE AREN'T USUALLY CRITERIA YOU'D GROUP TOGETHER. BUT IN THE CITROËN C5, WE'VE EVOLVED OUR TECHNOLOGY FOR GREENER, QUIETER ENGINES – WITH PLENTY OF EXHILARATING PERFORMANCE. IT'S JUST ONE MORE REASON YOU'LL FEEL GOOD DRIVING THE CITROËN C5.

› DRIVING PEACE OF MIND

A clean, efficient driving experience is at the heart of the Citroën brand. Our cars are designed to the highest environmental standards and fuel-efficiency is a major priority for our engineers. The Citroën C5 takes this even further, ensuring optimised CO₂ levels by cutting pollutant emissions with its electronically controlled high pressure direct injection diesel engines, as well as its multi-valve petrol engines.

› ENERGY SAVER® TYRES

With a reduction in rolling resistance of 20%, Michelin's Energy Saver® tyres, fitted on 1.6HDi 16V 110hp VTR+ NAV models, reduce the amount of energy needed to propel the car along the road which results in a reduction in the fuel consumption. This is achieved with no loss of grip or stability, with shorter stopping distances in wet conditions. The tyre's innovative architecture generates fuel savings of nearly 0.2litres per 100km (in combined cycle), resulting in a reduction in CO₂ emissions of nearly 9g/km and around one tonne less CO₂ over the entire life of a Citroën C5.

› FOOT-DOWN WITHOUT THE FOOTPRINT

The Citroën C5 offers you a choice of seven engines in all: petrol or diesel, ranging from 110hp to 240hp – and the diesel versions are equipped with our award-winning Diesel Particulate Filter System (DPFS) as standard. Excelling in environmental credentials, this DPFS significantly exceeds EU standards, contributing to hugely improved exhaust emissions and virtually eliminating diesel smoke for even more responsible motoring. Each engine has been carefully engineered to meet Euro IV emissions standards or even Euro V for the 2.0HDi 16V 140hp and 3.0HDi V6 240hp models.

PROTECTIVE FORCE.

PACKED WITH CUTTING-EDGE TECHNOLOGY, THE CITROËN C5 DOES EVERYTHING IT CAN TO PREVENT ACCIDENTS. OF COURSE IF ONE DOES HAPPEN, REST ASSURED YOU AND YOUR PASSENGERS ARE SURROUNDED BY ONE OF THE FINEST PROTECTIVE BODY-SHELLS ON THE ROAD.

› PROACTIVE SAFETY

Safety is not optional on the Citroën C5, with a lengthy standard of accident-avoiding technology putting you in control. It has an advanced braking system with Electronic Brakeforce Distribution (EBD), Emergency Braking Assistance (EBA), Anti-lock Braking System (ABS) and Electronic Stability Programme (ESP) so you can stay on guard in all conditions. And if you do find yourself in an unexpectedly hairy situation, you can rely on sophisticated added safety measures – such as traction control and hazard warning lights activated automatically when the ABS operates.

› ADAPT TO IMPACT

With a reinforced outer shell, the Citroën C5 has been designed for endurance as well as performance. The front end features upper and lower energy absorbers which provide cushioning on impact, while the cabin structure is also reinforced to create a strong passenger survival cell. In the Citroën C5, you and your passengers are obsessively protected from every direction – with up to nine airbags cushioning against front, side and head impact. In the passenger seat, there's optional airbag de-activation and importantly for the driver, not only does the steering column retract by 65mm, but thanks to the fixed-centred controls steering wheel, your airbag always deploys at the safest possible angle.

› STRENGTH AND POISE

Even when it's stopped, the Citroën C5 doesn't sleep. It's constantly on alert for dangerous situations, with anti-theft alarm and deadlocks fitted as standard. Automatic re-locking after 30 seconds gives you extra peace of mind, and with protective laminated side windows fitted on Exclusive models to guard against intruders, the Citroën C5 is reassuringly defended.

CITROËN C5 SAFETY

› HARNESSING PROTECTION

Even the most basic details – such as seat belts – have been thoroughly considered. The Citroën C5's front seat belts are height-adjustable and fitted with force-limiters. Isofix anchor points are also standard – with two on either side of the rear seat. All of which makes the Citroën C5 an exceptionally secure place for adults and children.

Euro NCAP for Adult Occupant Protection date assessed: Citroën C5 saloon December 2007.

CITROËN
C5
RANGE OVERVIEW

**YOUR HEART HAS SPOKEN.
NOW IT'S TIME FOR SOME
RATIONAL DECISION-MAKING.**

INTRODUCING THE CITROËN C5 SX. BRISTLING WITH FEATURES...

EVERY MODEL IN THE CITROËN C5 RANGE IS DESIGNED TO RAISE THE HAIRS ON THE BACK OF YOUR NECK – WHETHER DRIVING IT OR SIMPLY ADMIRING IT. THE SX HAS LEVELS OF COMFORT, SAFETY AND ADVANCED TECHNOLOGY YOU WOULDN'T EXPECT AS STANDARD ON AN EXECUTIVE CAR. AUTOMATIC AIR CONDITIONING, ESP, SEVEN AIRBAGS, CRUISE CONTROL WITH SPEED LIMITER, TRIP COMPUTER, FRONT AND REAR ELECTRIC WINDOWS, ALARM WITH DEADLOCKS AND RADIO/MP3 COMPATIBLE CD PLAYER... SALOON OR TOURER, YOU'RE ABOUT TO ENJOY A FEAST OF ENVIABLE FEATURES.

› CITROËN C5 SX SPECIFICATION INCLUDES:

- ABS with Electronic Brakeforce Distribution (EBD)
- Electronic Stability Programme (ESP) with traction control
- Emergency Braking Assistance (EBA)
- Intelligent Traction Control System
- Driver's and front passenger's airbag
- Front lateral, curtain and driver's knee airbags
- Two outer rear seats Isofix child seat anchorage points
- Anti-theft alarm (perimetric and volumetric)
- High-frequency multi-function flip remote control with folding ignition key and 'guide-me-home' function
- Cornering lights
- Body colour painted bumper skirts, door handles and door mirrors
- 16" steel wheels with 'Lapland' wheel covers (set of four)
- Multi-functional fixed-centred controls steering wheel
- Halogen headlamps
- Electrically adjustable and heated door mirrors
- Variable power assisted steering
- Automatic air conditioning with soft diffusion system
- Pollen filter
- Front and rear electric windows with 'one-touch' operation and anti-pinch
- Acoustic windscreen
- Cruise control with speed limiter
- RDS stereo radio/MP3 compatible CD player
- Leather steering wheel with decor inserts
- Multi-function on-board trip computer
- Height-adjustable driver's seat
- Roof bars (Tourer only)

All diesel engines are fitted with a Diesel Particulate Filter System.

WIDER VISION. QUICKER RESPONSES. HIGHER INTELLIGENCE. WE'VE EMPOWERED YOUR SENSES. NOW IT'S UP TO YOU TO TRUST YOUR INSTINCTS.

> DETECTION PACKS 1 & 2

With the Citroën C5's front and rear parking sensors, the audible warning increases in frequency the nearer you get to an obstacle – even sounding from the left or right speaker depending on which side the obstacle is. Meanwhile, the multi-function screen shows six detection zones to warn you of obstacles you wouldn't ordinarily be aware of. Detection packs also include the parking space 'gap' measurement system – which scans the necessary spaces before telling you whether the parking manoeuvre is possible, difficult or inadvisable.

> XENON DUAL-FUNCTION DIRECTIONAL HEADLAMPS

On Exclusive models, Xenon Dual-Function Directional headlamps with cornering lights are also available. Linked to the steering wheel, they follow the curve of the road – lighting an additional 15-degree angle on bends so you have even greater light intensity in the direction you turn.

> NAVIDRIVE PACK AND CONCERT PACK

The NaviDrive Pack available on Exclusive models is the control hub of the Citroën C5 – and a masterpiece in sophisticated technology. The 30GB hard drive contains 20GB for European mapping, so even as you cross borders you can pinpoint your position exactly. The NaviDrive Pack also provides live traffic updates in the UK and a Bluetooth® system. And with the ability to upload hundreds of hours of music onto the 10GB hard drive, you set the soundtrack at the touch of a button – no need to change CDs.

› LEATHER PACK

The elegant Leather Pack, available on both VTR+ NAV and Exclusive models, is the epitome of luxury. Sumptuous electric and heated leather seats provide all passengers with the highest level of comfort. And the driver's seat even has a massage function.

› LANE DEPARTURE WARNING SYSTEM (LDWS)

Available on Exclusive models, the innovative Lane Departure Warning System is an added safety option to keep you alert on those long motorway journeys. Sensors let you know every un-signalled lane change through vibrating devices in the left and right of your seat, depending on which way you drift.

OPTION SUMMARY.

FROM THE LUXURY TO THE VISIONARY. FROM PEACE OF MIND TO SOUL-STIRRING SOUND. THIS IS SO MUCH MORE THAN A TO B... THIS IS THE CITROËN C5. ADDED LUXURIES.

PERSONALISE YOUR CITROËN C5 TO SUIT YOU. WHETHER YOU NEED EXTRA CHILD SAFETY FEATURES, IN-CAR ENTERTAINMENT OR A HANDS-FREE PHONE KIT, CITROËN ACCESSORIES ARE DESIGNED TO MAKE YOUR JOURNEY SAFER AND MORE ENJOYABLE.

› REVERSE PARKING SENSOR KIT

Parking becomes stress-free with Citroën's reverse parking sensor kit, which is subtly integrated into the rear bumper. Enjoy driving your new Citroën C5 with added peace of mind.

› ROOF BARS, ROOF BOXES, SKI & SNOWBOARD CARRIERS AND BICYCLE CARRIERS

Citroën roof boxes (A+B) are available in 340, 370 or 430 litre capacities and enable you and your family to have a more relaxing journey with increased comfort on day trips and holidays with all your clutter hidden away on the roof.

Citroën traversing roofbars (C) are designed to match the sleek lines of your new Citroën C5 and are also available as additions to Citroën C5 factory fitted roofbars on Tourer models (D). They can be used with Citroën bicycle carriers, ski/snowboard carriers and roof boxes for quick and easy transport and storage solutions.

During those winter months, transport your skis and snowboards easily and safely with Citroën Ski and Snowboard Carriers (E+F). Quick to install and lockable to protect against theft, they enable you to carry up to 6 pairs of skis.

Perfect for a weekend get-away, Citroën bicycle carriers (G) with aluminium or steel frames are a secure and hassle-free way of transporting your bike. Please contact your local Dealer for information about additional fixings that may be required.

Visit www.accessories.citroen.co.uk to view our range of Citroën C5 accessories.

> MP3 ADAPTOR

Enjoy music from your own MP3 player and control your song selection through the dashboard stereo thanks to this clever little MP3 adaptor.

MP3 player not included.

> MANUAL RETRACTABLE TOWBAR

Citroën towbars have been developed to ensure the highest standards of safety and strength. Created with your new Citroën C5 in mind, these accessories match your Citroën's style perfectly.

> MUDFLAPS

Protect your paintwork against splashing water, mud or stones with made to measure mudflaps. Designed to complement your new Citroën C5's style, they will help keep your Citroën immaculate. Mudflaps will also improve your road safety during poor weather.

CITROËN ENVIRONMENTAL COMMITMENT

› INTRODUCING A MORE ECOLOGICAL CAR

The Citroën C-Cactus concept, a car designed on ecological principles. It includes a significant proportion of recycled or recyclable materials and, like the plant it is named after, it is low on liquid consumption. At the same time, Citroën C-Cactus is designed to be no more expensive than a mid-range family car. This can be attributed to the use of new materials and to a rational design process using a smaller number of parts. Citroën C-Cactus is an essential vehicle reflecting a new vision of the car, many of its thoughts and themes will appear in modern Citroën vehicles to come.

› AIRDREAM - A BENCHMARK

When it comes to the environment we wanted to show our genuine commitment as well as our profound expertise, so we have devised a benchmarking scheme with the signature 'Airdream' reserved exclusively for the cleanest vehicles in our range. To qualify for the Airdream signature, vehicles must meet three standards:

1. a) CO₂ emissions of 120g/km or less
- b) fitted with DPFS with CO₂ below 158g/km.
2. Manufacturing quality of ISO14001.
3. 95% of recoverable materials.

GREEN EFFICIENCY. CITROËN HAS BEEN PIONEERING CLEANER, MORE FUEL-EFFICIENT MOTORING, SUCH AS THE COMMON RAIL HDi ENGINES NOW FITTED IN ALL NEW CITROËN DIESELS, LONG BEFORE ALL THE HYPE...

CITROËN HAS ALWAYS BEEN AT THE FOREFRONT OF GREENER TECHNOLOGY AND THE CITROËN C5 IS NO EXCEPTION. TODAY, WE HAVE ONE OF THE UK'S WIDEST RANGES OF LOW EMISSION VEHICLES – THREE OF WHICH ARE IN THE TOP FOUR FOR LOW CO₂ AND FUEL-EFFICIENCY. WE ALSO PRODUCE THE UK'S MOST ECONOMICAL LIGHT COMMERCIAL VEHICLE, THE CITROËN NEMO VAN.

On the technology side, we've been equipping more of our vehicles with more environmentally friendly breakthroughs, such as our Electronic Gearbox System (EGS), which boasts impressively greener credentials, with less pollution and up to 5% more economy than a conventional manual gearbox system. In addition,

Citroën has expanded the use of the exceptionally efficient, self-regenerating Diesel Particulate Filter System (DPFS) in our models.

Cleaner, greener driving without taking away from the drive – that's what you can continue to expect from the Citroën C5.

All Citroën vehicles are designed to be 85% recyclable.

Citroën was a winner at the 2009 WhatCar? Green Awards. Citroën Grand C4 Picasso 1.6HDi SX won Best MPV.

› ESSENTIAL CARE. CITROËNS ARE RENOWNED FOR THEIR RELIABILITY – AND THE CITROËN C5 IS NO EXCEPTION.

WITH THE ADDED REASSURANCE OF A WARRANTY, ROUTINE SERVICING AND MAINTENANCE, AS WELL AS 24-HOUR ROADSIDE ASSISTANCE, YOU ARE PROTECTED AT EVERY TURN.

› CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

› CITROËN ADVANTAGE

Enjoy your Citroën for years to come with Citroën Advantage. This extended warranty gives you long-term cover if you're planning to keep your new Citroën for more than three years, or anticipate your mileage to be more than 60,000 miles over this time.

To find out more, contact your Citroën Dealer or call the Customer Contact Centre on 0844 463 3500.

› CITROËN ASSISTANCE

For all models except Citroën C6: In response to a free telephone call, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. Citroën C6: Citroën Assistance covers all incidents and for a period of 3 years.

Full details are available on request from Citroën UK via cuk_contactcentre@citroen.com

› CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens.

To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

* 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided extended warranty, only on cars sourced from Citroën UK Limited. Note: dealer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

DRIVE YOUR WAY. GET BEHIND THE WHEEL OF YOUR NEW CITROËN C5, WITH CITROËN'S RANGE OF FINANCE AND CAR INSURANCE PRODUCTS.

HERE YOU CAN FIND EVERYTHING YOU NEED FOR AN ENJOYABLE MOTORING EXPERIENCE. LET YOUR JOURNEY BEGIN...

CITROËN FINANCIAL SERVICES PURCHASE PLAN

Own your vehicle with this flexible package designed to fit your budget.

CITROËN FINANCIAL SERVICES ELECT 3

A new Citroën car every two or three years with monthly payments structured to suit your budget.

CITROËN FINANCIAL SERVICES PERSONAL LEASE

Enjoy the convenience of a new car without the stress and hassle of ownership.

> TO FIND OUT MORE ABOUT CITROËN PRODUCTS AND SERVICES, GO TO WWW.CITROEN.CO.UK OR CONTACT YOUR CITROËN DEALER.

... AND FOR BUSINESS USERS

CITROËN CONTRACT MOTORING HIRE PURCHASE

A tried and tested finance package that allows you to own your vehicle.

CITROËN CONTRACT MOTORING BUSINESS LEASE

An alternative to vehicle ownership that allows you to control your business cash flow and gain tax efficiencies.

CITROËN CONTRACT MOTORING LEASE PURCHASE

Own a vehicle with a finance solution that offers ultimate flexibility to complement your business cash flow.

CITROËN CONTRACT MOTORING CONTRACT HIRE

A non-ownership finance solution that keeps costs fixed and risks low.

> FOR MORE INFORMATION ON CITROËN FLEET AND BUSINESS SALES, PLEASE CALL CITROËN FLEET CONNECT ON 08457 940 940 OR LOOK US UP AT WWW.CITROEN.CO.UK/FLEET

CITROËN INSURANCE***

THE ONLY MOTOR INSURANCE DESIGNED SPECIFICALLY FOR CITROËN DRIVERS, WITH COVER DESIGNED AROUND YOUR PARTICULAR NEEDS.

CITROËN INSURANCE INSTANT COVER

To help you drive away your new car without delay, we offer Instant Cover insurance, providing you with 7 days comprehensive car insurance, for free!

CITROËN INSURANCE MOTOR INSURANCE

Simply put, Citroën Insurance offers real benefits, quality support and the usual high standards you can expect from a big name brand.

CALL US TODAY ON 0870 024 2725 AND DISCOVER MOTOR INSURANCE DESIGNED EXCLUSIVELY FOR CITROËN DRIVERS.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays. Max call charge from a BT landline is 8p per minute. Calls from other networks may vary. Citroën Insurance is underwritten by UK Insurance Ltd. Conditions apply.

...AND EVEN MORE!

Whether you want protection against unforeseen circumstances that may affect your ability to make your monthly payment, or financial protection against a 'total loss' insurance claim, we will have a product to suit your needs. And you have the confidence of knowing it's all backed up by the brand you know and love, Citroën!

*** Citroën Insurance is arranged by Banque PSA Finance and underwritten by UK Insurance Limited. Conditions apply. Full details available on request. Credit subject to status and to over 18s only. A guarantee may be required. Written quotations available on request from Citroën Financial Services, Quadrant House, Princess Way, Redhill, Surrey RH1 1QA. Citroën Financial Services is a trading name of Banque PSA Finance. Telephone calls may be recorded or monitored for training or quality purposes.

› FIXED-CENTRED CONTROLS STEERING WHEEL

A Citroën innovation that makes for safer driving in every way. Whilst the rim of the steering wheel turns normally, the centre hub remains static which means that all the audio, information and driving controls operated from here stay in exactly the same place. It also means that the driver's airbag can be specially sculpted to deploy more favourably than the round ones necessary in cars with conventional steering wheels.

› DOUBLE WISHBONE FRONT SUSPENSION

Usually deployed on performance and sports cars, this double arm set up on each of the front wheels allows the engineers much more control over the wheel's camber as it rises and falls whilst in motion. It means that driving dynamics are improved dramatically, especially under load in cornering and accelerating.

› MULTI-LINK REAR SUSPENSION

Differs from the front suspension set up (described above) in that there are multiple links to the wheel instead of two. Each of these links has a specific load role (lateral, camber, twist etc.) and can be adjusted infinitely by the engineers to achieve the best combination of ride comfort and driving dynamics.

› HYDRACTIVE 3+ SUSPENSION

An outstanding Citroën invention built on the company's renowned hydropneumatic sphere platform, Hydractive 3+ suspension offers the ultimate in driver control and passenger comfort. To begin with, the car maintains a constant ride height at all times regardless of load (either weight or force) which ensures excellent driver control. In addition, electronic sensors read the road and driving style hundreds of times a second and adapt the hydraulic damping accordingly, maintaining perfect poise. The driver is also able to select two different suspension modes designed for varying degrees of comfort or sporty driving. The system is maintenance free for five years or 200,000km.

› MYWAY COLOUR SATELLITE NAVIGATION

MyWay is completely integrated into the vehicle which avoids the risk of theft. The design has been created for ease of use and with steering wheel controls, navigating from your phone to the satellite navigation couldn't be any easier.

MyWay allows you to define routes, stops and places of interest with the added benefit of vocal instruction. MyWay also provides live traffic updates of any congestion spots or delays.

A GPS integrated aerial is built into the vehicle, to maximise the reception of satellite information; therefore permitting an accurate location of the car.

› BLUETOOTH® SYSTEM WITH USB BOX

Integrated Bluetooth® hands-free phone function with dashboard-integrated USB socket and jack to plug in a portable MP3 player. Menu navigation and music selection via steering-mounted and dashboard radio controls, with song titles displayed on the radio screen.

› LANE DEPARTURE WARNING SYSTEM (LDWS)

When Citroën C5 is travelling at speeds in excess of 50mph infrared sensors at the front of the car detect the white lines on the road. If the car starts to cross a white line without the indicator being on the driver is alerted by the vibration device built into his seat.

› ADAPTIVE FRONT-LIGHTING SYSTEM (AFS)

Designed specifically to aid safety when driving in the dark, Citroën C5's static AFS provides an extra light at the front when turning a corner at low speeds. Also, see Xenon dual-function Directional Headlamps with cornering lights for dynamic afs.

› PHILIPS HI-FI SYSTEM

The Philips Hi-Fi system has just some of the following features: Dolby surround sound, made to measure acoustics, spatial sounds specially developed and configured for the passenger compartment, 1 subwoofer, high digital signal processor, digital amplifier and 8 Philips speakers.

› XENON DUAL-FUNCTION DIRECTIONAL HEADLAMPS WITH CORNERING LIGHTS

A dynamic AFS with lamps that respond to the steering, adjusting the direction of the beam in the direction of the turn by up to 15 degrees. These headlamps contain a directional twin xenon elliptical module for use in the dipped and full-beam positions, and a complex surface "long-range" halogen unit for full-beam only. This combined assembly delivers an extremely high level of forward visibility.

› HIGH-PRESSURE DIRECT INJECTION DIESEL ENGINE

Our HDi diesel engines operate with the fuel under extremely high pressure, enabling microscopically precise injection control. With this level of management it's possible to inject at different times during the same engine stroke allowing total control over the combustion process. This has allowed our engineers to reduce carbon monoxide emissions by 40%, unburned hydrocarbons by 50% and engine particulates by 60%. Fuel consumption is 20% lower than a prechamber diesel engine, resulting in an equivalent reduction in CO₂ emissions and thanks to the torque available at low engine speed it could be argued that driveability is now better than in petrol engined cars.

› DIESEL PARTICULATE FILTER SYSTEM (DPFS)

Our unique DPFS collects exhaust particulates (soot) that would have been bound for the air around us and burns them off at 550 degrees C. This means that 'black smoke' is eliminated completely. And because the filter is constantly burning the particulates it is self-cleaning and requires no maintenance.

› ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the car to continue being steered and therefore controlled during this braking incident. The Citroën C5's ABS system is further enhanced with EBA and EBD (see below).

› ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the ABS principles accordingly.

› EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

› ELECTRONIC STABILITY PROGRAMME (ESP)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESP's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

› ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On the Citroën C5, Isofix is installed on the two outer rear seats and the front passenger seat (on SX two outer rear seats only).
