PRODUCED UNDER LICENSE

H

HERITAGE

The famous Citroën HY has boasted the lowest load floor in its class since its launch in 1947: just 35 cm! Finally, a person could stand up in the van, making it ideal for everything from food trucks to camper vans.

FROM CITROËN JUMPER TO THE NEW TYPE H

Type H combines the unmistakable Citroën style with the comfort and reliability of the new Jumper commercial vehicle range. Type H is available in all configurations and with all the options of the Citroën Jumper range. TYPE H is a unique product where the vintage look boasts state-of-the-art performance. Made under licence by Citroën in a limited and numbered series, TYPE H is a handcrafted product, 100% made in Italy. You can order the new TYPE H based on Citroën Jumper, directly from Caselani srl, from Citroën dealers and branches or through specialised fitters for the FOOD TRUCK, campervan and breakdown van versions.

TRANSPORT OF GOODS AND PERSONS

PANEL VAN

The iconic charm of the original Citroën HY lives on in a complete line of vans to choose from according to your loading needs (4 different deck lengths and 3 different roof heights).

FOOD TRUCK AND MOBYLESHOP

OLD STYLE FOOD TRUCK

The TYPE H Food Truck old style retains the base of the Citroën Jumper vehicle to which a side opening is fitted. The compactness of the Panelvan combined with the practicality of a 90° opening window make it a product that is in great demand in the field of food trucks and mobileshop machines.

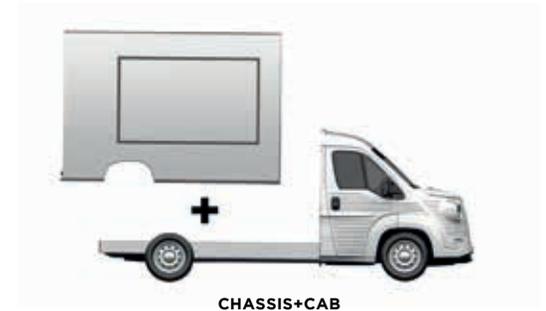

Side openings available in three versions:
single (with or without flap) or double.

Dimensions (in cm):
- flap: L 260 x H 35 /door L 260 x H 65
- single door: W 260 x H 100 or 280 x 100
- double opening: L 110 x H 100 each

MODERN STYLE FOOD TRUCK

The original Citroën HY was very popular in the food truck world. The tradition continues today with the new TYPE H, which combines the appeal of the original HY with the high performance and reliability of a new vehicle. All modern style food trucks (or equivalent shop equipment) are mounted on chassis or low loaders.

TYPE H REFRIGERATED TRUCK

CHASSIS TYPE H

Chassis

Chassis Low Floor

TYPE H TOW TRUCK

The new TYPE H Tow Truck is the perfect vehicle for transporting vintage and non-vintage vehicles. Our TYPE H chassis can be fitted out as tow trucks by any bodybuilder.

TYPE H CAMPERVAN

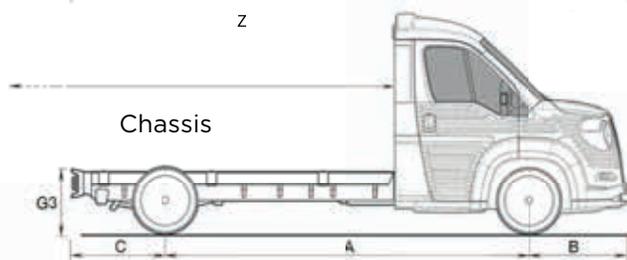

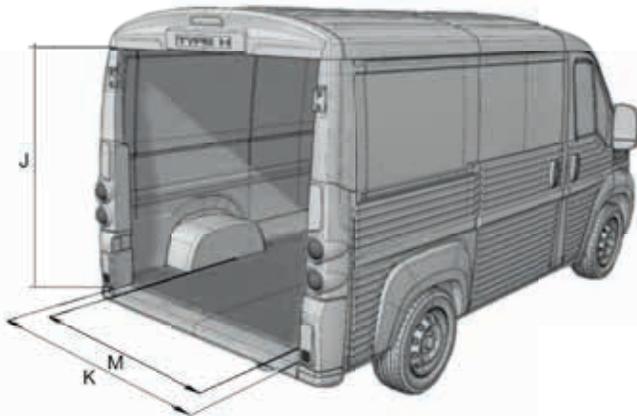

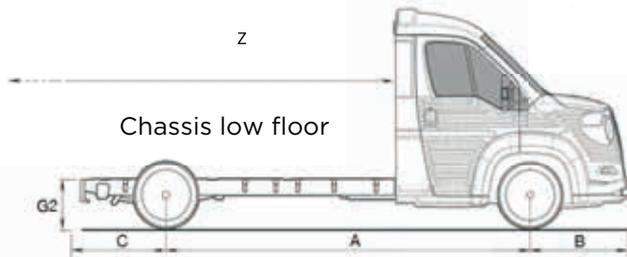

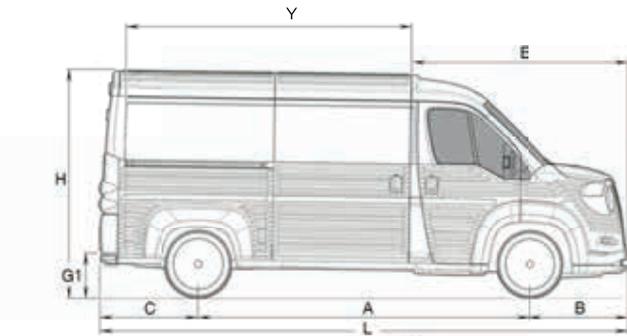

We can renew the look of your vehicle and give it a unique, vintage style.

DESIGN

A PROJECT BY FABRIZIO CASELANI AND DAVID OBENDORFER

The project, the brainchild of manufacturer Fabrizio Caselani in collaboration with designer with designer David Obendorfer, is a tribute to Flaminio Bertoni and his Citroën HY, It is a tribute to Flaminio Bertoni and his Citroën HY, re-proposing the legendary van in a modern key on a Citroën Jumper base. Looking at the styling, there was never any intention to copy the shapes of the original model, on the contrary, the intention was to capture the spirit of this icon by reinterpreting it in a nostalgic way.

The TYPE H van, presented to mark the 70th anniversary of the HY van, is a fusion of direct evocation of its predecessors with modern solutions, combined with the reliability and technological content of the Citroën Jumper range.
