

LADA model range

To be the best in our land

What does that mean to 'live half-life'? How does that feel to 'love with half-heart'?
'Must' keeps you on the ground, 'dream' keeps you flying.
The decision which life to choose is not about compromise. When I turn the ignition on,
I have only one question to ask - was it me who chose the car or was it the car which
chose me to be its driver?

VESTA

Always easy to recognize, striking and complete design of LADA Vesta makes any heart beat stronger. Energy-intensive suspension for keen steerability in the narrow city streets, and for rapid and comfortable driving on any road.

Spacious interior, reliable zinc-coated body, large trunk and other useful options - each components of LADA Vesta is part of unique combination of comfort and practicality.

Anywhere feels like at home

Good fit size and respectable look, gracious and tough. LADA XRAY is designed to combine lots of capabilities. Keen steerability is ensured with a rigid sub-frame on which the front suspension and a steering unit are mounted.

Keen steerability is ensured with a rigid sub-frame on which the front suspension and a steering unit are mounted. Energy-intensive suspension for confident driving on any roads.

XRAY

LADA XRAY Cross is an urban crossover suitable for driving outside asphalt roads and giving the feeling of comfort anywhere.

Excellent off-road performance is the most important feature of this crossover which is achieved by well-engineered design of the automobile. Just one figure - the road clearance has been increased up to 215 mm. We are glad to welcome LADA XRAY - a car able to discover new roads and directions.

Freedom of choice

What am I planning to do - go to work or just go out? What do I want more - travelling or going to the country house? What do I choose - to fit any parking space or to carry a lot, really a lot of stuff? For various needs - various solutions, but the answer is one - LADA Granta.

GRANTA

Granta has been created in the best LADA brand traditions: to be comfortable for everyone under any load, in any climatic and road conditions.

- Better aerodynamic performance.
- Comfortable seats with advanced lateral support.
- Exterior trunk opening button.

- Better noise insulation.
- ERA Glonass installed on all versions.
- Updated AMT settings of LADA XRAY Cross make starting and driving in traffic jams easier with shorter gear shifting time.

True freedom of movement

Iconic off-roadster popular across all of the continents Classic design and fully refurbished suspension - new LADA 4x4 gives the same feeling of confidence either in the city or in the off-road conditions.

4x4

Cross-country capacity and compactness - these qualities of LADA 4x4 are much-in-demand in cities. That is why LADA 4x4 Urban was introduced - an off-roadster with expressly 'urban-style' exterior.

Integrated design of body-color plastic bumpers makes the new appearance of LADA 4x4.
