All Land Rover Approved Accessories fitted by a Land Rover dealership within one month or 1,000 miles (which ever occurs first) of the handover of a new vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to 12 months unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot or cold temperatures, corrosion resistance, impact and air bag deployment, highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles, while many items such as roof carriers are simple to fit, some products require specialist tools and diagnostics equipment to ensure correct integration with the vehicle structure and electrical systems. Prices effective from December 2011 (2012 Model Year). Prices shown are not inclusive of fitting charges. For use in UK only.
