

SIMPLY CLEVER

ŠKODA

ŠKODA OCTAVIA

WHATCAR?

**CAR OF
THE YEAR
2016**

Best family car

Effective: November 2016

Welcome to the Octavia

After eight years of success, the second generation of the Octavia has made way for the third generation.

Available in both Hatch and Estate, the Octavia is more spacious and luxurious than its predecessor and is full of clever technology to provide the most comfortable and dynamic driving experience yet. All this is packaged elegantly into the timeless angles and lines showcasing ŠKODA's distinct design language

Now raising the bar is the Octavia vRS. With high performance TSI and TDI engines, class leading space, fresh technology and aggressive styling, it's undoubtedly Octavia and unmistakably vRS.

Read on to learn how the Octavia can fit perfectly into your life, and the reasons it was awarded '**Best family car**' by **What Car?** magazine for the third year running.

Model shown is not UK specification.

Design

With strong lines and sharp angles, the Octavia's design promises to remain timeless and elegant in years to come. Whilst the broad fascia brings a strong road presence, the streamlined side profile hides the cavernous space within.

Proudly wearing ŠKODA's black and chrome logo, the interplay of light and darkness continues throughout the exterior of the car. The strong, dynamic shoulder line is complimented by a flourish at the base of the

window line, creating the shape of an aeroplane tail fin on the Hatch, which hints towards the advanced technology found inside.

The vRS has been designed with performance in mind and differentiates itself from rest of the Octavia range. The rear spoiler, front and rear diffusers and twin stainless steel exhaust pipes, along with striking Bi-Xenon head lights with LED daytime running lights, all hint at the performance capability of the vRS.

Precise and dynamic

EXTERIOR

- BI-XENON HEADLIGHTS
- CORNERING FOG LIGHTS
- ADAPTIVE FRONT LIGHT SYSTEM
- PRECISE AND ELEGANT

Clear halogen headlights and broad fog lights can be upgraded to **Bi-Xenon headlights** with **AFS** (adaptive front light system), cornering fog lights and LED daytime running lights. Bi-Xenon headlights are standard on SE Sport and vRS, and optional on SE, GreenLine, SE L and Scout.

Telescopic front headlight washers. Standard on SE Sport, Scout, SE L and vRS, these washers optimise your front lights' range by keeping the front panels clean of dirt and debris.

Bi-Xenon headlights. The optimal illumination of the Bi-Xenon headlights is enhanced by the AFS which changes the light setting depending of the car's speed and weather conditions.

LED rear lights. The two rear bands of light creating the distinctly ŠKODA "C" shape can be enhanced with LED's. LED rear lights are standard on SE Sport and vRS and optional on SE, Scout, GreenLine and SE L.

Ice scraper. All Octavias come with an ice scraper in the lockable fuel filler cap.

Models shown are not UK specification.

Uncompromising comfort

Steering wheels. Height and reach adjustable, high quality leather steering wheels are standard across the Octavia range, with controls for the radio and telephone standard on SE Sport, Scout, SE L and vRS. For further personalisation an optional 3 spoke Supersport steering wheel is available, and for DSG transmission, paddles can also be ordered as an option.

Air conditioning. Depending on trim, your Octavia will either be equipped with manual air conditioning or dual-zone air conditioning with humidity control. Dual-zone allows the driver and front seat passenger to set different temperatures for optimal comfort whilst the humidity sensor directs the airflow as required to keep the windscreen fog free.

INTERIOR

- HIGH QUALITY SEATING
- AIR CONDITIONING
- LEATHER STEERING WHEELS
- INNOVATIVE STORAGE

The average Briton spends **3 years** of their life in their car[†]. Don't compromise on comfort. The Octavia's high quality interior and ergonomic design will let you focus on the drive and enjoy the journey.

For maximum comfort on long journeys, both **front and rear armrests** are available*. The adjustable front armrest is combined with a **handy storage box**, whilst the rear armrest features **adjustable cup holders** and also **load-through access into the boot**.

Adjustable driver's seat. To allow you to get as comfortable as possible, your Octavia will have a height adjustable driver's seat. The different trim levels then have additional features (some standard, some optional) such as height adjustable passenger seat, lumbar support, electric adjustments and materials ranging from durable cloth through to sumptuous leather.

Class leading space

SPACE

- VAST LEG ROOM
- CLEVER STORAGE SOLUTIONS
- CLASS LEADING LUGGAGE SPACE

Within the Octavia's sleek design is hidden class leading **luggage space**. The Hatch boasts **590 litres*** of space, all easily accessible through the large Hatch boot opening. This phenomenal space becomes cavernous with the rear seats folded down, expanding to **1,580 litres***. The Estate offers **610 litres*** of space with seats up and **1,740 litres*** with seats down. To help secure your cargo in this vast boot, a number of **nets and fixings** are available.

Leg room. With a wheelbase 108mm longer than the previous generation, passenger space has been further maximised – a perfect environment for business associates or growing families!

Simply Clever optional features. Those with an active family are sure to appreciate the waste bin that slots in the door panel, or the double-sided boot floor, offering a carpeted side and a waterproof non-slip side.

Innovative storage solutions. As ŠKODA drivers have come to expect, the Octavia is full of Simply Clever storage areas and designs to offer you solutions that fit your life. For example, a safety vest holder is standard from SE L whilst the overhead sunglasses storage comes standard from SE.

Models shown are not UK specification.

* Volume is 20 litres less when a spare wheel is fitted.

Smart protection

SAFETY

- CREW PROTECTION ASSISTANT
- FATIGUE SENSOR
- 7 AIRBAGS
- PREFILLED BRAKING SYSTEM
- ESC
- FRONT ASSIST

The Octavia features **7 airbags** as standard, located at the front, front side, curtain and driver's knee area. Should you wish, you can also add rear side airbags with Crew protection assistant.

Front assist. Standard on SE L and optional on SE, SE Sport, Scout and vRS. This safety system works using a radar sensor located in the lower front grille which monitors the area in front of car and evaluates the distance, direction and speed of all nearby objects. Using predefined algorithms it is designed to decide whether these objects pose a potential risk of collision and alert the driver (with a tone and on the Maxi DOT initially and then a warning jolt of the brakes) if the distance to the object is insufficient. If the driver takes insufficient action to brake, the car will brake itself, all the way to a standstill if needed. This system can be turned off by the driver using the touchscreen display. The system works when activated if the vehicle is moving forwards at a speed of more than 3mph.

Models shown are not UK specification.

Automatic post collision braking system (MKB). In the event of a crash, the Automatic post collision braking system, standard on all Octavias, will be activated. This recognises when an impact has occurred and brakes the car to prevent it being uncontrollably propelled into oncoming traffic, reducing the risk of further crashes. The car will brake to 6mph and also activate the hazard and brake lights.

Please note that these diagrams are for illustrative purposes only. Real world driving situations may differ.

Crew protection assistant uses information from the car's braking and electronic systems to recognise when there is a high chance of a collision. If this is detected, the front seatbelts will tighten and the sunroof and windows will close (leaving a 55mm gap). Drivers who prefer to desensitise the Crew protection assistant can change these settings on their touchscreen display.

Fatigue sensor. Standard from SE is a Driver fatigue sensor. This monitors the movement of the driver through the steering wheel and if the driver begins to display signs of tiredness, the car will audibly alert the driver with a tone and show a break recommendation alert on the Maxi DOT.

ESC (Electronic stability control) is standard in the Octavia and delivers a number of systems to help maintain the car's stability in braking and emergency situations

Please note that all assistant systems are a driver's aid and do not replace human judgement. The driver must be in full control of the vehicle at all times and has full responsibility for the car.

DRIVING ASSISTANT SYSTEMS

- INTELLIGENT LIGHT ASSISTANT
- PARK ASSIST
- KESSY
- LANE ASSIST

Intelligent light assistant*. Using a camera mounted behind the rear view mirror, the Intelligent light assistant* is designed to monitor light levels and determine what level of lighting is required. The car then turns on the headlights or if required, the high beams. Should another vehicle's lights be spotted by the camera (either in front or moving in the opposite direction) or the light levels improve sufficiently, the car will automatically turn down the high beams. Intelligent light assist works when activated at speeds over 37mph, with the light switch in the AUTO position.

Please note that these diagrams are for illustrative purposes only. Real world driving situations may differ.

The oncoming vehicle is outside the area monitored by the Intelligent light assistant.

The oncoming vehicle is now in the area monitored by the Intelligent light assistant, but still far away enough that the high beams need not be dipped.

The oncoming vehicle is now so close that its driver could be dazzled, so the Intelligent light assistant automatically switches to low beam.

The oncoming vehicle has left the area monitored by the Intelligent light assistant for more than a second, so the car switches to high beam again.

Keyless Entry and Start System (KESSY) can be added to the Octavia to allow the driver to lock and unlock the car and start and stop the engine without having to insert or even handle the key. As long as the key is within 1.5m of the sensor, the system will work and a number of clever features ensure you can check the lock, prevent you from locking the key inside and stop unwanted access.

Models shown are not UK specification.

* Standard on SE L, optional on SE, GreenLine, Scout and vRS.

Please note that all assistant systems are a driver's aid and do not replace human judgement. The driver must be in full control of the vehicle at all times and has full responsibility for the car.

Intelligent assistance

Driving mode selection. Standard from SE**, Driving mode selection allows the driver to adapt the car's behaviour to their preference or needs. Four driving modes are available; normal, sport, eco and individual (allowing the driver to configure their own settings). The car will then adapt the engine torque, accelerator sensitivity, power steering, headlight control (where AFS is fitted), DSG transmission, and air conditioning to suit the profile selected.

Lane assist*. The Lane assist is designed to use the camera behind the rear view mirror to recognise lane markings and help keep the driver within the lane, preventing drifting and potential collisions. Should the driver wish to move out of the lane, the system will recognise the indicator and movement and allow the corrections to be overridden. The system can be deactivated partially or fully using the touchscreen display. The system works when activated at speeds of no more than 40mph, when the lane markings are clearly visible, the lane is at least 2.5m in width and the driver's hands are on the steering wheel.

Performance mode selection. The Driving mode selection has been enhanced for vRS with the introduction of a Performance Sound Generator. When the vRS mode button is selected this will also change the car's sound generator levels. It spreads vibrations directly through the vehicle body and windscreen. The frequency and volume is dependent on the mode selected, rotation speed, car speed and accelerator position.

Park assist. For those wishing to make both parallel parking and bay parking easier than ever, Park assist is optional on all trims excluding S. With a press of a button, the system will begin searching for a parking space in a line of cars or other obstacles. When a suitable space is found (the car's length plus between 50-150cm is all the space needed), the car will steer itself into the space whilst the driver controls the pedals. This system will now also steer the car out of a line of cars from its parking space and with two presses of the same button, the car will search for and manoeuvre into a bay parking space.

Models shown are not UK specification.

* Standard on Scout and vRS, optional on SE, GreenLine and SE L. ** Not available on SE 1.4TSI.

INFOTAINMENT

- CAPACITIVE TOUCH SCREENS
- SOUND SYSTEMS
- SMARTGATE
- WIRELESS CHARGING
- BLUETOOTH®+
- SMARTLINK

The all-new infotainment systems on the Octavia mean that the car stereo, navigation system and trip computer are no longer standalone devices, but are wrapped up in one system giving the driver access to the vehicle setup, drive assistant systems and comfort functions through a single device. Proximity sensors recognise when a hand is moving toward the touchscreen and bring up the function buttons ready to be used, whilst intuitive swiping and pinching movements allow the user to scroll menus and zoom into maps easily.

Bolero

Bolero is standard on S, SE and GreenLine.

Amundsen

Amundsen is standard on SE Sport, SE L, Scout and vRS.

Columbus

Columbus is optional on all trims excluding S.

The optional Columbus satellite navigation system comes with a Colour Maxi DOT trip computer and integrated Wi-Fi. By tethering a phone to the Octavia a Wi-Fi hotspot is created, so passengers can connect and browse the internet wirelessly on their individual devices. Premium WLAN is also available as an option, which allows you to insert a data SIM card into the SIM card slot provided and create a high-speed LTE internet hotspot within the car.

Sound system. For those who love their music, the standard 8 speaker sound system on the Octavia can be upgraded to a Canton sound system* which adds a central speaker to the dash and a subwoofer in the boot. Canton also adds a digital equaliser and sound level controls allowing spacial optimisation for all or individual occupants and vehicle noise cancellation. Canton sound system optional across the Octavia range.

Device connectivity.

All Octavias come with an SD card slot, USB and AUX-IN socket, to allow multiple ways of playing music or audio through your car's speakers. With many players, the USB will allow you to control the device through the car's touchscreen system and also to charge.

SmartLink[†] delivers an elegant connection between car and smartphone using MirrorLink™, Apple CarPlay and Android Auto interfaces. Whether you want to select and listen to music on your smartphone or receive turn-by-turn directions via a navigation app, all of this is mirrored on the central display.

SmartGate[†] is a system that uses Wi-Fi connection to send selected vehicle data to a connected device. Special mobile apps are available which allow you to analyse driving data and performance to find out more about your driving style. Examples of data available include vehicle speed, engine revs and g-meter. The SmartGate applications are available free of charge from app stores.

† High-speed LTE internet is activated by inserting a SIM card into the slot in the glovebox, or connecting a smartphone via the rSAP profile. Passengers can then connect to the Superb's Wi-Fi hotspot and browse the internet wirelessly on their individual devices. An external data source is required to enable the Wi-Fi hotspot services. Only available for mobile phone or SIM card contracts which include a data option with the use of LTE, if LTE usage is required. Usage will only be available within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the mobile phone or SIM card contract). Due to potentially high data volumes, a contract including an unlimited or high usage data plan is strongly recommended.

□ Where law permits.

Power transmission

Clutch Hydraulically-activated single-plate dry clutch with diaphragm spring, asbestos-free coating.

Manual transmission Fully synchronised five or six speed manual transmission.

6 spd DSG transmission - two coaxial wet multiple-disc clutch, electro-hydraulically operated.

7 spd DSG transmission - two coaxial dry multiple-disc clutch, electro-hydraulically operated.

Please note: With all manual gear boxes the clutch needs to be depressed to start the engine.

Number of gears

5 speed manual: 1.6 TDI 110PS

6 speed manual: 1.0 TSI 115PS, 1.4 TSI 150PS, 2.0 TSI 220PS, 1.6 TDI 110PS GreenLine III, 2.0 TDI 150PS, 2.0 TDI 184PS

6 speed DSG: 2.0 TSI 220PS, 2.0 TDI 150PS, 2.0 TDI 184PS

7 speed DSG: 1.0 TSI 115PS, 1.4 TSI 150PS, 1.6 TDI 110PS

Chassis

Front axle MacPherson suspension with lower triangular links and torsion stabiliser.

Rear axle

2 wheel drive: Compound link crank-axle.

4 wheel drive: Multi-element axle with one longitudinal and three transverse links, with torsion stabiliser (4x4).

Suspension Telescopic shock absorbers with coil springs, in the rear outside the springs.

Braking system

Hydraulic dual circuit brake system with diagonal interconnection, vacuum assisted dual rate brake booster.

Front brakes Disc brakes, with hollow discs, internal cooling and single-piston floating calliper.

Rear brakes Disc brakes with full discs and single-piston floating callipers.

Handbrake Mechanical handbrake operating on rear wheels.

Steering Direct rack and pinion steering with electromechanical power steering.

Turning circle of wheels (m) 10.4

Tank

Fuel tank content (litres) 50 / 55 (4x4)

Fuel Lead-free petrol with RON 95 or Lead-free petrol with RON 91[†]. Diesel CZ 49. No biodiesel.

Body type

Five-door, five-seat, double-space steel bodywork, fully galvanized body.

[†]Using low-octane fuel may affect engine performance.

We measure the maximum power output figures of our engines in PS or Pferdestärke (horse strength in German), which is the metric equivalent of bhp. To convert from metric to imperial horsepower, divide the PS figure by 1.0139.

OTR (Recommended On The Road)

Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £55), and apply to the United Kingdom only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock. The VED bands are shown in the table on page 31.

¹ First year vehicle licence rates for petrol and diesel cars purchased on or after 1st April 2016. First year rate or 'showroom tax' applies to new car purchases only.

² Rate reverts to the Government's applicable Standard VED rate in subsequent years.

Edition:UK 1st April 2016. VAT is calculated at 20%. Please confirm figures with your ŠKODA Retailer.

Company car tax is based on your cars carbon dioxide emissions. The higher the car's emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes.

To help you work out your tax liability please refer to page 34.

P11D (Expenses and Benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind) The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2016/2017.

Depending on your chosen wheel size, different efficiency figures for CO2 emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14).

CO2 values for standard alloy wheels are listed above and can also be found from page 14 onwards, listed with the pricing.

Please note that any change to alloy wheels could result in different efficiency figures, and as a result, the VED band that your Octavia falls into may increase, along with BiK tax. These tables are reference guides to assist you in finding the correct CO2, fuel consumption, BiK and VED values based on wheel sizes and chosen engine. Please see page 29 for further details on VED and OTR.

Official fuel consumption for the Octavia range in mpg (litres/100km)^o:

urban	33.6 (8.4)	-	72.4 (3.9);
extra urban	51.4 (5.5)	-	88.3 (3.2);
combined	43.5 (6.5)	-	80.7 (3.5).
CO2 range	147	-	90g/km

^o Standard EU Test figures are for comparative purposes and may not reflect real driving results. Fuel consumption and CO2 figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the ŠKODA website at skoda.co.uk and at dft.gov.uk/vca

Owning a ŠKODA

We make sure it’s easy, fun, and stress-free.

Network capability

You can enjoy our award-winning customer service through our network of around 150 Authorised Repairers.

As a ŠKODA customer, you will be looked after by your retailer from the moment you walk through the door and throughout the life of your ŠKODA. Your new Octavia will be serviced and maintained by specially trained ŠKODA technicians. And when you need a spare part, you’ll be happy to know that most are held in stock, or can be ordered within 24 hours.

The ŠKODA Customer Promise is a commitment from our retailers to offer:

- > Care and consideration for you and your car
- > A flexible and convenient service
- > Expertise and attention to detail
- > A clear explanation of our work

Roadside Assistance

A three year, European-wide, unlimited mileage ŠKODA Assistance policy comes free of charge with every new ŠKODA.*

There's a team of specially trained Technicians who carry the right diagnostic equipment and parts to get you back on the road as quickly as possible in the unfortunate event of a breakdown.

* Provided in partnership with the AA. Exclusions and terms and conditions apply. For details please speak to your local ŠKODA retailer.

** Exclusions and terms and conditions apply. For details see back page or speak to your local ŠKODA retailer.

Calculating your tax liability

To find out how much tax you will pay, simply take the P11D value, then multiply this figure by the BIK percentage. Then simply multiply this figure by 20% or 40% depending on the level of income tax that you pay.

Please note if your employer provides you with free fuel, this is treated as an additional taxable benefit.

For more information on company car taxation please visit the HM revenue and customs website hmrc.gov.uk

BIK calculation example - Octavia Hatch S 1.6 TDI 110PS

P11D value	£18,945
Company Car BIK tax based on CO ₂ emissions level	19%
Taxable BIK (for 2016/2017 tax year)	19% of £18,945

Annual company car tax (2016/17)

20% Income Tax	20% of £3,599.55	£719.91
40% Income Tax	40% of £3,599.55	£1,439.82

Monthly company car tax (2016/17)

20% Income Tax	£719.91 divide by 12 months	£59.99
40% Income Tax	£1,439.82 divide by 12 months	£119.99

Warranty

When you buy your new ŠKODA through our authorised retailer network, it is automatically covered by a three year, 60,000 mile manufacturer's warranty.**

There's no mileage limit on the warranty in the first two years and for additional peace of mind there's a 12 year body protection warranty.

You can even extend your warranty to four or five years, see the option page for prices and back page for further details.

Warranty cover from new			
First 2 years	First 3 years	4-5 years	Up to 12 years
Unlimited mileage	3 years or 60,000 miles, whichever is sooner	Optional Extended Warranty	Body Protection Warranty

Further information

You can find lots of additional information about owning a ŠKODA on our website at skoda.co.uk. Our retailers are always happy to help with any questions, backed up by our dedicated Customer Service Centre. We look forward to hearing from you soon.

Call: 03330 037 504

Email: customerservices@skoda.co.uk

Open 8.30am - 5.30pm

Customer services

Talk to us on 03330 037 504

No matter what the query, our dedicated call centre is always ready to listen. No matter how big or small the request, speak to one of our customer care advisors to see if they can help. The call centre is open from 8.30am-5.30pm. If you're calling out of hours, then a message can be left and we'll contact you.

Peace of mind with a ŠKODA warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty*. In addition, you'll also get a further warranty on new vehicles supplied through the appointed dealer network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner.

Your Octavia also benefits from a 3 year paint warranty and 12 year body protection warranty.

A network that’s here to help

With 17 years in the top 10 of JD Power’s customer satisfaction survey, our network of approximately 150 authorised repairers know how to treat a customer. You can be sure that as a ŠKODA customer, your retailer will look after you from the moment you walk through the door, throughout the life of your ŠKODA. Your Octavia will be serviced and maintained by specially trained ŠKODA technicians. And when you need a spare part you'll be happy to know that most are held in stock, or can be ordered within 24 hours. So if top class customer satisfaction is what you're after, the ŠKODA network will be there for you.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from ŠKODA. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

If your ŠKODA's in trouble, rely on ŠKODA Assistance

Completely free of charge, every new ŠKODA is covered by ŠKODA Assistance. This cover lasts for 3 years, with no mileage limit. So if you ever break down, you can use the freephone number to call out someone who really knows about ŠKODA cars to help. This service is even available in Europe, so you don't need additional breakdown cover when you're driving on the continent.

Financing your ŠKODA

We all know that times are hard, so ŠKODA Financial Services specialises in providing funding solutions for ŠKODA drivers. Regardless of whether you're a private or business user, you can choose from a range of funding options.

Finance products available are:

- Solutions Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all ŠKODA Financial Services products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local ŠKODA retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

An offer of finance depends on certain conditions. Finance subject to status. Available to 18s and over. Terms and conditions apply. ŠKODA Financial Services. * Exclusions and terms and conditions apply. For details see Warranty section on this page or speak to your local ŠKODA retailer.

◊ Subject to payment of the option to purchase fee. An offer of finance depends on certain conditions. Finance subject to status. Available to 18's and over in the UK only. Terms and conditions apply. ŠKODA Financial Services. ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"). Registered in England and Wales No. 2835230. Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Financial and consumer credit services are provided by VWFS UK. Motor Insurance from ŠKODA Financial Services is sold and administered by Ageas Retail Limited, registered in England and Wales No. 1324965. Registered office: Ageas House, Hampshire Corporate Park, Templars Way, Eastleigh, Hampshire SO53 3YA. Ageas Retail Limited is authorised and regulated by the Financial Conduct Authority (FCA), registration number 312468. Volkswagen Financial Services (UK) and Ageas Retail Limited are not part of the same corporate group.

** The entitlement plan includes one oil service and one oil and inspection service. Monthly payments are spread over 18 months. All cars must be set to time and distance servicing. Terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services.

Warranty

Exclusions and limitations

Wear and tear components will only be considered under the terms of the warranty for the first of six months or 6,500 miles, whichever is soonest. These include, but are not limited to brake linings and disc pads, clutch release bearings, clutch pressure plates and centre plates, tyres, wiper blades, seat and backrest covers, floor coverings, spark plugs, batteries for key fobs and alarms, light bulbs and shock absorbers.

Mechanical adjustments including but not limited to adjustments to doors, flaps, boot lids, bonnets and sunroof, brake adjustment, clutch adjustment, v belt adjustment, ignition adjustment, headlight adjustment, steering geometry adjustments and wheel balancing are excluded.

Damage (including but not limited to the following) is excluded:

- > Damage caused by your failure to take all reasonable steps to prevent mechanical damage from occurring.
- > Damage or defects caused by not having the vehicle serviced in accordance with the manufacturer's guidelines.
- > Damage or defects caused by improper use of the vehicle, neglect or use of the vehicle for motor sports activities.
- > Damage caused by an accident.
- > Damage to paintwork or chrome caused by external influences, such as climatic, chemical or industrial pollution.
- > Damage resulting from the use of non-original replacement parts.

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, loss of personal effects or income are not recoverable under the terms of the warranty.

Service intervals

When you order your Octavia, you can choose whether your car is on a fixed or a flexible service regime. Your retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: Service every 10,000 miles or one year (whichever comes first). This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum **and/or**
- > Mainly short journeys, drive mostly in towns or cities **and/or**
- > High vehicle loading/towing and frequent hill climbs **and/or**
- > Heavy accelerating and braking, using high revs

Flexible regime: Sensors in the engine detect when a service is needed. You will be informed of this by a service light which will show at any point between 9,000 and 20,000 miles, up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

The vehicle service regime does affect the entitlement service plan** if you choose to purchase this.

ŠKODA Solutions Personal Contract Plan. Your journey, your choice.

ŠKODA Financial Services like to do things a little differently, that's why for many years we've specialised in providing simple and convenient funding options for ŠKODA drivers. It's what we know.

ŠKODA's Solutions Personal Contract Plan is all about you; a flexible, fixed-rate plan designed around you and your budget, putting you firmly in the Octavia driving seat.

Solutions Personal Contract Plan is different because you defer a proportion of the car's value until the end of the agreement, giving you lower monthly repayments.

Solutions Personal Contract Plan is totally flexible. You get to choose the size of your deposit (from as little as one monthly payment), and a repayment period which suits you and at the end of the term you have 3 options to choose from.

DEPOSIT

As little as one repayment

BALANCE

A flexible repayment period (18-48 months)

OPTIONAL FINAL PAYMENT

3 choices at the end of the agreement

1  Part-exchange the car for a new ŠKODA on a new Solutions Personal Contract Plan.

2  Pay the optional final payment so that you own the car.*

3  Circumstances changed? Return the car to us (fees may be payable).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA retailer for your personalised quotation today

Free Insurance for 3 years.

No one likes to think about their ŠKODA being damaged in an accident. But if it was you'd no doubt want it repaired to ŠKODA standards, by a ŠKODA trained technician using only ŠKODA genuine parts. That's why we came up with Insurance - ŠKODA's free accident and repair cover.

Insurance works alongside your existing comprehensive motor insurance policy, no matter who you are insured with, to help get you back on the road as smoothly as possible. Better still, it's free for three years and is available on both new and older models.

Your free Insurance cover includes:

- > Guaranteed use of a ŠKODA approved repairer, ŠKODA trained technicians and the use of genuine ŠKODA parts and paints
- > A dedicated Claims Manager who will look after your entire claim from start to finish
- > Help to recover any uninsured losses with our Legal Expenses Cover
- > An online claims tracker so you can keep up to date with the status of any claim

To benefit from Insurance you'll need to activate your free cover which takes less than a minute.

We hope you don't ever have to use your policy but it's nice to know it's there - just in case.

Remember to call us first, Insurance will help deal with the rest

Your car is **guaranteed** to be repaired by a ŠKODA approved repairer. Only **genuine ŠKODA parts will be used.**

For more information and to take out cover today visit skoda-insurance.co.uk

ŠKODA Insurance^o. Have a safe trip.

We want you to start enjoying your new car from day one and thanks to ŠKODA five day insurance you can. To activate simply call 0330 303 6920, provide us with a few details, and we'll send a cover note to your retailer. They will then tax your car and you can drive it away. Telephone lines are open Monday to Friday 8am - 8pm and Saturday 9am - 4pm. For details of our full range of insurance products visit insurewithskoda.co.uk.

But remember, our annual cover could make that peace of mind last the whole year. For details of our full range of insurance products please visit insurewithskoda.co.uk or for a quote call us free on 0330 303 6921.

Welcome to your ŠKODA retailer
