New smooth proportions provide the ŠKODA Fabia with an impressive appearance. The new car is 8 mm shorter, 90 mm wider and 31 mm lower (Fabia Combi: 10 mm longer, 90 mm wider and 31 mm lower). In addition, the new model features an all-new interior concept with attractive colour combinations and lots of scope for customisation.

Exterior

Love at first sight – with a car, it is the design that awakens emotions. Both as a hatchback and an estate, the car's third generation impresses with sporty proportions combined with a design language that is significantly sharper, more dynamic and full of emotion. For the first time, a ŠKODA vehicle incorporates design elements of the VisionC design study. With its sporty proportions, the ŠKODA Fabia is modern, crisp and fresh.

Interior

Interior

The new ŠKODA Fabia is more practical and cleverer than ever before, both as a hatchback and as an estate. The new model offers space for five occupants and their luggage, but thanks to its compact outer dimensions, it is still extremely agile and nimble, making the Fabia the ideal car for urban traffic. Its boot is the largest in the small car segment. In addition, the third-generation Fabia comes with 19 'Simply Clever' features, up to ten of them new.

03

- » The new ŠKODA Fabia offers lots of room for occupants and their luggage
- » The Fabia's practicality and usability is underscored by its numerous storage compartments

03

- » The new ŠKODA Fabia Combi is a real champion in terms of practicality and offers a wide variety of opportunities for use and the largest boot capacity (530 litres) in its class
- » The interior is slightly longer and wider than before and, at the same time, front-seat occupants now have more headroom

Driving Experience

Driving Experience

The new ŠKODA Fabia is the most agile, environmentally friendly, economical and lightest Fabia ever. The third-generation sets new standards in terms of fuel consumption, emissions and weight, and is kind to both the environment and the wallet. Fuel consumption and CO₂ emissions have been reduced by up to 17 per cent compared to its predecessor. The all-new range of engines complies with EU6 emission standards. The lightest new Fabia weighs just 980 kg, thanks to cutting-edge MQB technology with modern engines, electro-mechanical steering and electronics.

Design Shots

Design Shots

The new ŠKODA Fabia impresses with a new appearance. The new design makes the small car much sportier, distinctive and emotionally rich, and impresses with balanced proportions, crystalline shapes and crisp lines. The Fabia is a young and fresh small car, a vehicle with character – passionate, modern and with lots of scope for customisation.
