# Touring

Add a few accessories to your Caddy and make loads more versatile space to carry the bigger things in life – for work and pleasure

**The key to carrying**  
Add a roof-bar set to your Caddy and you're ready to add extra roof accessories as soon as you need them

**BEST SELLER**

**Roof-bar set**  
Adding roof bars to your van can boost your load capacity by 100kg. And if you use them with our roof-bar accessories, you can fine-tune your van to meet your needs.

**Angle brackets**  
Fitted to a roof-bar set, these brackets are the easy solution for ladder transport.

**Thule Pacific roof box**  
Add 320 or 370 litres of load space with the Thule Pacific roof box. You'll need the roof-bar set

**Rhino roof rack for the Caddy and Caddy Maxi**  
The Rhino is tough, with raised sidebars and lots of lashing possibilities for transporting bulky goods easily and safely. Maximum roof-rack load: 67kg. Warranty of one year only

**Load-bar set**  
These load bars are lightweight and stable – and easy to fix on your roof rails, where the anti-theft locks keep them safe. Maximum load: 100kg. Only for vehicles with factory roof rails. Cannot be used with the surfboard or kayak holder

**Front-window wind deflectors**  
Lets you lower the window to improve air circulation without letting the rain blow in. They'll also help keep the sunlight out of your eyes.

**Pull-out ski and snowboard holder**  
Pull out the extenders and suddenly it's much easier to load and unload your skis and snowboards. Holds six pairs of skis or four snowboards. You'll need the roof-bar set

**Kayak holder**  
Holds a kayak securely with minimum fuss – and there's no need for knots. You'll need the roof-bar set

**Surfboard holder**  
The surfboard holder has been designed to transport a surfboard and two masts. A set includes four mast holders (two per mast) and two tensioning straps. You'll need the roof-bar set

**Towbar bike rack and extension**  
Transport up to two bikes easily using lockable fastenings. An extension can be added for a third bike. Maximum load 50kg. Maximum load also depends on your towbar being able to support 50kg

**Roof-bar-mounted bicycle holder**  
One holder is pictured, but you can fit more than one on your roof bars (depending on bicycle size and weight). You'll need the roof-bar set

**Reversing-aid kit**  
Consists of four sensors, which can be painted to match the body colour of your vehicle. Can be used with the Caddy and Caddy Maxi detachable and fixed swan-neck towbars. Not suitable for vehicles with fixed flanged towbars

**Headrest coat hanger**  
Attaches easily to your headrest to keep your jacket safe and crease-free.

**BEST SELLER**

**Tailgate bicycle holder**  
Designed for vehicles with a tailgate. It is quick and easy to install, and can carry up to three bikes and help keep them safe with its Anti-Theft Protection.

# Towing

The Caddy is small but powerful, and with a towbar you can increase your workload whenever you need to

### Towbar: fixed swan neck

Adding a fixed towbar will increase your load capability.

You'll need 13-pin towing electrics

### 13-pin towing electrics

Matches the control elements of your Caddy or Caddy Maxi precisely.

### Towbar: detachable swan neck

A detachable towbar lets you increase your load capability without making the towbar a permanent feature on your van.

You'll need 13-pin towing electrics

**Secret towbar**  
You don't need a permanent towbar, which can make it harder to park. A detachable unit is only there when you need it

# Protection

Hard-working vans can take a beating, but a few accessories will help keep your pride and joy looking on top form

BEST SELLER

### Front and rear mudflaps

Help protect your vehicle from whatever the road throws up. Available in pairs, so you can add them to either the front or rear – or have them fitted all round.

### Headlight protectors

A set of protectors also comes with two sets of adhesive decals that convert your headlight beams for driving on the Continent.

For guidance on the legislation covering driving abroad, please refer to the AA website: [www.theaa.com/motoring\\_advice/overseas](http://www.theaa.com/motoring_advice/overseas)

### Rear-bumper cover

Help protect your rear bumper from daily wear and tear.

# Technology

Your Caddy is your office on wheels, and with these great gadgets you can make and take calls safely, as well as navigate and be entertained

**BEST SELLER**

## Bluetooth® Touch Phone kit

Control your phone by voice or the 2.8-inch colour touchscreen – and have your texts and emails read out for you. The Bluetooth® Touch Phone kit uses your vehicle's audio system, so you can also listen to any music stored on your mobile. The radio/music is automatically turned down when you use your phone. All functions can be selected by voice as well as the touchscreen. It's the safe way to stay connected while you're on the road.

You'll need a Quadlock or ISO lead. Check price list for details

## Blueconnect hands-free system

A voice-activated Bluetooth® phone system in your headliner lets you pair up to seven phones and store up to 32 names. Available in grey.

You'll need a Quadlock lead

## Nokia HF-310 portable Bluetooth® device

The Nokia HF-310 gives great speakerphone performance via Bluetooth®. It has an illuminated one-touch answer button, gives 30 hours of talk time, and is fitted via a suction-cup, sticky pad or clip.

**One box can do it all**  
This unit can navigate, take calls, play music, charge your iPod, and play your DVDs when you park up.

## Kenwood Multimedia system

One piece of kit for navigation, handling phone calls, music or radio, and watching a DVD when you stop. The 7" hi-res touch-screen controls maps, track listings or a DVD. The maps cover all of Europe, and you can opt for voice directions. The Kenwood connects with your phone using Bluetooth® and can handle SMS text messages. You can even charge your iPhone/iPod while you control it, from either the Kenwood or steering-wheel controls if you have them.

SMS texting depends on your model of phone. You'll need an extra lead to connect your iPod or iPhone

## iPod adaptor

The iPod adaptor quickly and easily connects an iPod or iPhone to your vehicle's radio or radio/navigation system. Your system controls the iPod or iPhone, outputs the audio – and charges your device at the same time.

## Media-in unit

Want to connect your iPod or a USB stick full of MP3 music files? The Media-in unit lets you charge your iPod and control your music from your vehicle's audio system.

You'll need a Quadlock lead. In Caddy and Caddy Maxi vans you'll also need to upgrade the radio to the RCD 310, RCD 510 or RNS 510

## Radio Navigation system RNS 510

The RNS 510 can be controlled by voice or the 6.5" touch-screen display. You get great sound – from CDs, an SD card, iPod via the aux-in socket, or music on the 30GB hard drive. And when you stop, you can watch a DVD.

## Radio Navigation system RNS 310

A 5" touch-screen shows your route in 3D perspective. This unit doubles as a radio and CD player, and there's an aux-in socket for your iPod. Put your maps on an SD card and you can play CDs while you navigate.

## Cage for single-DIN system

You'll need this if you replace the standard head unit with a single-DIN system.

# Interior styling

Working vans don't have to miss out on style. Leather seats add comfort and luxury as well as durability and ease of care

### Map pockets

Map pockets are standard on all leather packs for vehicles with more than three seats.

### Leather seats

Add a touch of luxury as well as durability and practicality to your vehicle with single-colour, smooth, high-quality leather with matching stitching and your choice of pillow-effect or flat cushioning.

### Leather seats Sport

Your choice of two-tone upholstery – with complementary colours in either the side 'fillet' panels or the mid-centre back and seat panels. With both designs, the stitching is in the contrasting colour. You choose between flat or pillow-effect cushioning.

**More than style**  
Leather isn't just about style – it's also durable, easy to keep clean and lifts the class, quality and comfort of your cabin to another level

# Safety & security

These extras will help keep you safer, give you peace of mind – and keep your load secure

### Safety kit

Gives you peace of mind in any roadside emergency. Includes a first aid kit, warning triangle on metal stand, and a lightweight fluorescent orange safety vest so you're easily seen.

### Solid rear-window guards

Increase the security in your rear load space by adding solid rear-window guards. Ideal for keeping your load away from prying eyes.

### Ratchet net

Secure heavy objects in accordance with DIN and EN standards. This nylon and steel net fixes to lashing eyes, and the load is tightened down using a cross-belt with ratchet. Net length can be adjusted using clamps on the belt. Net size: 900 x 500mm.

### Luggage net

Make sure your luggage and loose items stay in place while you drive. This net uses the load-lashing rings on the floor of your van.

Now available in the Caddy Maxi

### Load-separator grille and load-dividing grille

These accessories prevent forward and sideways movement of luggage. Available as just the separator grille or with the dividing grille as well.

### ALSO AVAILABLE

#### Anti-theft wheel bolts

A set of four bolts with a key and identification codes.

Not illustrated

#### Mesh rear-window guards

Make your rear load space more secure with mesh rear-window guards – without losing your view out of the rear window.

Not illustrated

#### Alarm system

This alarm comes in three parts for maximum security: an alarm module, alarm harness and load-area sensor.

Not illustrated

# Protection

We've designed these extras to protect the interior of your van – so you can relax, knowing it can cope with a life of hard knocks

**BEST SELLER**

### Waterproof seat covers

Protect your seats from wet and dirt with these removable waterproof seat covers.

Only available for driver and front-passenger seats. Not suitable for vehicles with side airbags

**BEST SELLER**

### Door sill trim plates

This black film with silver-coloured strips makes the entrance of your Caddy look even better and protects it against scratches. Easy to stick to the front and rear door sills. Two films in each kit.

### Front carpet mats Rear carpet mats

Protect the floor of your van with these carpet mats in anthracite or art grey.

Rear mats not illustrated. Art grey available on Caddy 2004 to May 2007 only

**BEST SELLER**

### Front rubber mats

Protect the floor of your van up front with these durable rubber mats. Fixings are included.

### Plylining kits

We offer a full range of high-quality plylining kits.

#### Key features

- Premium-grade plywood: 9mm for the floor and boxed wheel arches, 6mm for the sides
- Materials are sourced only from suppliers accredited by the Timber Trade Federation. For more information go to [www.ttf.co.uk](http://www.ttf.co.uk)
- Kits are machine cut for an accurate fit that's specific to your van
- The sealing on all joints stops any liquid or dust and dirt seeping through or collecting

Image for illustration purposes only

### Flexible bootliner

Versatile protection for your load area that you can take out and store easily as required.

Available on the Caddy window van and Caddy Maxi Life only

### Flexible loadliner

This practical loadliner is washable and has a non-slip, acid-resistant surface. The raised rim (about 50mm) helps to contain any spillages.

Available on the Caddy window van with kombi seats and Caddy Maxi Life

### Rigid loadliner

A robust loadliner with strong, high sides and cross corrugations for added strength. Available for the full load area and for vans with the kombi seat pack.

**Save on cleaning**  
With some loads, it's a lot cheaper to keep spills off your van in the first place than it is to clean up afterwards

# Touring

Whatever your Crafter has to carry, there's an accessory to make life easier – and protect your van and its paintwork from awkward loads

### Roof-bar set

Adding roof bars to your van can increase your load capacity by 300kg (660lb) for a standard roof, or 150kg (330lb) for a high roof. Each set comes with three roof bars.

Requires factory roof preparation

### High angle-bracket set

Transport long and awkward objects securely with high angle-brackets. You get a set of four, made of galvanised-steel. They attach easily and give you 180mm of vertical support.

You'll need roof bars or a roof rack

**Make the roof work**  
There's a lot of space on the top of your van, and a roof rack or bars will let you use it – and add even more roof accessories

### Front-window wind deflectors

Lets you lower the window to improve air circulation without letting the rain blow in. They'll also help keep the sunlight out of your eyes.

### Roof rack

The roof rack is powder coated to protect it against corrosion and weathering. It'll increase your load capacity by up to 262kg, depending on your van's wheelbase and height.

Requires factory roof preparation

### Single roof bar

Add to your roof-bar set (shown opposite) to help you transport long and bulky objects. Up to six roof bars can be fitted.

Requires factory roof preparation

### Roof access ladder

This handy ladder folds out and hooks on the roller at the back of your van or the luggage rack at the side. It comes with a fastener and tensioning strap so you can hang it on the side wall. Your sliding door isn't affected, even when the van is fully loaded.

### Roof ladder roller

This light running roller makes it easy to load bulky cargo onto the roof of your van. Place furniture or ladders on the roller then simply push forward. The roller feeds the load onto the roof without scratching the paint or damaging your roof bars or rack.

You'll need roof bars or a roof rack

### Ladder-holder set

The four angle-brackets mount easily on either side of the ladders. The rung clamp fixes the ladders to the rail, then two tensioning belts lock the ladders in place to keep them safe and quiet.

You'll need roof bars or a roof rack

# Towing

What do you do when there isn't enough room inside and your load won't go on the roof? Fit a towbar and you'll always be able to pull it along behind you

**BEST SELLER**

### Towbar – fixed

Adding a fixed towbar will increase the load capacity of your Crafter. The towball is available in two sizes and is sold separately.

You'll need 13-pin towing electrics and a towball

### Towbar – four-bolt flange

Towbar for Crafter Chassis Cab CR46 and CR50.

Can't be used with a factory full-width step

### 13-pin towing electrics

Matches the control elements of your Crafter precisely.

# Protection

Hard-working vans can take a beating. These accessories help keep your pride and joy looking good

**BEST SELLER**

### Front and rear mudflaps

Help protect your vehicle from whatever the road throws up. Available in pairs, so you can add them to only the front or rear – or fit them all round.

### Headlight protectors

Each pair comes with two sets of adhesive decals that convert your headlight beams for driving on the Continent.

For guidance on the legislation covering driving abroad, please refer to the AA website: [www.theaa.com/motoring\\_advice/overseas](http://www.theaa.com/motoring_advice/overseas)

### Dirt damage

Mud flaps don't just keep your van clean, they also shield your paintwork from the stones and abrasive dirt that can kick up from your wheels

# Technology

Your Crafter is your office on wheels, and with these great high-tech gadgets you can make and take calls safely, and navigate and be entertained, too

### Blueconnect hands-free system

Get a voice-activated Bluetooth® phone system in your headliner so your phone automatically connects up in your van. Seven phones can be paired. You'll need a Quadlock lead

### AUX-in adaptor

This adaptor will connect your MP3 player to your radio/navigation system. Works with the RCD 2001 radio, RCD 4001 radio, RNS 4001 navigation system, and RNS 5001 navigation system.

**BEST SELLER**

### Bluetooth® Touch Phone kit

Control your phone by voice or the 2.8-inch colour touchscreen – and have your texts and emails read out for you. This kit uses your vehicle's audio system, so you can also listen to music stored on your mobile. The radio/music is automatically turned down when you use your phone. All functions can be selected by voice as well as the screen. It's the safe way to stay connected while you're on the road. You'll need a Quadlock or ISO lead. Check price list for details

# Interior styling

The Crafter may be best suited to hard, heavy work – but you can still add a touch of luxury

### Leather seats

Single-colour leather with a smooth and high-quality finish. Matching stitching, and your choice of pillow-effect or flat cushioning.

### Leather seats Sport

Your choice of two-tone upholstery, with either the side 'fillet' panels or the mid-centre back and seat panels in complementary colours. Both designs are stitched in the contrasting colour. You can also choose between flat or pillow-effect cushioning.

**More than style**  
Leather isn't just about style – it's also durable, easy to keep clean and lifts the class, quality and comfort of your cabin to another level

# Safety & security

You'll add even more load-lugging capability to your Crafter with Volkswagen's preferred partner **Sortimo**

### Sortimo lashing strap with clamp lock

These Sortimo tie-down belts come with integrated lashing eyes that lock into the load-lashing rails or the single lashing point. The clamp lock is then used to secure the load.

### Sortimo lashing strap with ratchet

These Sortimo tie-down belts come with integrated lashing eyes that lock into the load-lashing rails or the single lashing point. The ratchet is then used to secure the load.

### Sortimo square-mount pack

Designed to fix a pallet or similar load to reduce the risk of cargo moving around the load area. Easily secured to the floor or side load-lashing rails. Two mounts per pack.

### Sortimo lashing eye

The lashing eye can be used as shown, slotted and locked into a load-lashing rail, or with a single lashing point.

### Sortimo load-securing net

The length of the luggage net can be adjusted using the clamp locks, and the load is secured using the ratchet. You can fix to load-lashing rails using four lashing eyes (as shown) or the rings provided as standard.

### Sortimo single-lashing-point pack

The fitting point attaches to the cargo bars so you can attach lashing straps securely. Two fitting points per pack.

You'll need cargo bars

### Sortimo aluminium cargo bars

Keep your cargo secure with these (horizontal) cargo bars. Available for vans with a standard roof, high roof and crossbars. Two bars per pack.

You'll need load-lashing rails in the floor, roof and side of your van

### Sortimo load-lashing rails for roof pack

These (vertical) rails attach to the crossbeams in the roof of your van. Used with the floor rails, they'll let you place a cargo bar in almost any position. One rail per pack.

### Reversing-aid kit

Includes four sensors that can be painted to match your van's paintwork.

Not suitable for vehicles with fixed flanged towbars

### Safety kit

Gives you peace of mind in any roadside emergency. Includes a first aid kit, warning triangle on metal stand, and a lightweight fluorescent orange safety vest so you stay seen.

### ALSO AVAILABLE

#### Front parking-aid kit

With sensors that can be painted to match your van's paintwork.

**Sensors make sense**  
Safety is essential when you're reversing your van – and these sensors also help you get into those tricky spaces

# Protection

Maintain the resale value of your van by looking after the interior and keeping it protected

**Save on cleaning**  
With some loads, it's a lot cheaper to keep spills off your van in the first place than it is to clean up afterwards

**BEST SELLER**

**BEST SELLER**

### Waterproof seat covers

Protect your seats from wet and dirt with these removable waterproof seat covers.

### Full load rigid loadliner

This anti-slip loadliner makes the floor of your vehicle safer and protects it from damage and dirt.

Not suitable for vehicles with plylining

### Front carpet mats

High-grade carpet mats styled to fit the Crafter. Available for the left side, centre and right side.

**BEST SELLER**

### Front rubber mats

Protect the floor of your van up front with these durable rubber mats. Fixings are included.

# Van care & merchandise

All you need to keep your vehicle pristine – and extras for a proud Volkswagen driver, from a camper van memory stick to a cuddly toy

### Van-care products

Leather treatment kit, interior trim cleaner, insect remover and glass cleaner, alloy-wheel cleaner, wash and wax shampoo, new van balm and wax, screenwash and de-icer.

### Autoglym LifeShine

A series of treatments is applied by your Volkswagen Van Centre: paintwork gets a protective coating to enhance the shine and maximise resistance to the elements; a durable waterproof coating is applied to upholstery and carpets to seal out moisture and resist staining; the outside of the side and rear windows gets an easy-to-clean coating so water runs off easily. And you get a complimentary care kit (above).

Comes with a comprehensive lifetime warranty subject to reasonable ongoing care

### Valet pack

Chamois, sponge, insect sponge and demist pad.

# Six more good reasons to buy a Volkswagen...

## 1 Dedicated Van Centre network

Our network is spread throughout the UK and forms the backbone of everything we do for you. Week in, week out, our Van Centres provide vital technical support and practical back-up for everything relating to Volkswagen vans. This vast reservoir of know-how and array of technical ability are always on hand whenever you need them.

We're constantly improving and extending our range of services and improving opening hours to meet your needs. After all, you want your vehicle serviced at the most convenient time, and we understand that downtime equals lost income.

## 2 Volkswagen Roadside Assistance

Every new Volkswagen comes with a comprehensive, unlimited-mileage recovery and assistance package that's available across the UK and Europe for a full three years – and it operates 24 hours a day, 365 days a year. Fully trained technicians will diagnose and repair most problems at the roadside, using Volkswagen equipment and parts. For more information, ask your nearest Van Centre for a Volkswagen Roadside Assistance handbook.

## 3 We can help with vehicle finance

Volkswagen Commercial Vehicle Finance offers a dedicated

service to meet the needs of both the business user and private motorist. Your local Van Centre can help you choose the right type of finance package to meet your specific requirements. Please ask for details.<sup>1</sup>

## 4 Volkswagen servicing

The LongLife Service regime is so called because there are no set intervals between services.

### Service intervals for your diesel engine

The intervals between services will vary depending on how you drive your vehicle and the conditions of use. There are, however, maximum time and distance parameters set, and if the service light hasn't already come on it will do so when either the maximum mileage or time limit has been reached.

The maximum mileage/time parameters vary by model. For more detailed information on LongLife Service regimes and their suitability for your requirements, please contact your local Van Centre.

If you'd like a more traditional service regime, your vehicle can be adapted by your authorised Volkswagen Van Centre or Van Service Centre to the Time/Distance regime. This can be done when you buy the vehicle or when an inspection service is carried out.

On the Time/Distance regime, an oil change is required every 10,000 miles for Caddys and new Transporters, and every 12,500 miles for Crafters.<sup>2</sup>

### High quality parts

When you fit replacement parts to your vehicle, you need to know they'll stand the test of time. Volkswagen Original Parts<sup>®</sup> are constructed to the highest standards, are cheaper than you may think and are widely available from the Volkswagen Group's massive national distribution centre.

## 5 Vehicle insurance gets you covered

We want you to start enjoying your new van from day one – and you can, thanks to the complimentary seven-day cover from Volkswagen Commercial Vehicle Insurance.

Call free on 0800 316 7896 (lines open Monday to Friday 8am-9pm, Saturday 9am-5pm), provide a few details, and a cover note will be sent to your Van Centre. They will tax your vehicle and you can drive it away.

## 6 Warranties for peace of mind

It's great to know that if the worst happens (and that's pretty rare), it'll get sorted without a fuss.<sup>3</sup>

### Three-year warranty

All Volkswagen Crafter vans come with a three-year unlimited-mileage warranty, which protects your vehicle against the failure of most mechanical and electrical components due to manufacturing defects.

This 36 months consists of a two-year manufacturer's warranty with unlimited mileage plus a further one-year unlimited mileage Van Centre warranty.

All other Volkswagen Commercial Vehicles come with a three-year / 100,000 miles warranty. This consists of a two-year manufacturer's warranty with unlimited mileage plus a further one-year/100,000 miles (whichever is soonest) Van Centre warranty. Should the mileage exceed 100,000 within the first two years, the

manufacturer's two-year warranty will still be valid. If you want additional cover for subsequent years or higher mileage, you can buy it from an authorised Volkswagen Van Centre or Van Service Centre. However, you would have to buy this additional warranty before your van reaches 100,000 miles.

### Accessories warranty

At Volkswagen Commercial Vehicles, we take just as much pride in our accessories range as we do in our vehicles. They are developed and tested to ensure they're fit for purpose and meet the standards you would expect of a Volkswagen accessory. As a result, we're pleased to offer a two-year warranty on all our accessories.<sup>4</sup>

In addition, if you order your accessories at the same time as you order your new vehicle, we will increase this to a three-year warranty in line with your vehicle warranty.

# ...and two more ways you can drive one

## 1 Used vans that are Volkswagen assured

An increasing number of Volkswagen Van Centres are able to offer total peace of mind when you purchase a used van. You can rest easy, confident that every Volkswagen Assured Used Commercial Vehicle has been subjected to a comprehensive range of specialist checks to make them as safe a choice as a new Volkswagen van.

## 2 Volkswagen Van Rental

Many Volkswagen Van Centres offer a cost-effective van rental service. It comes with the assurance that every van is late model, low-mileage and presented in a high-quality condition that reflects your business operation. Long-term business rental is also available. For more information on Volkswagen Van Rental, call 0844 558 1588.

## Bringing it all together

The network of Van Centres is the backbone of everything Volkswagen does for its customers. All staff are specially trained, which means you can benefit from know-how built up over 60 years of experience. The network covers the whole country, and offers a wide range of products and services.
