Air cleaner for dusty regions with saturation indicator.	£90.00	£108.00	£90.00	£108.00
Auxiliary heater (coolant) with programmable parking function, radio remote control and second battery.	£90.00	£648.00	£540.00	£648.00
A water-based supplementary heater operating as an auxiliary heater. It is controlled via either the radio remote control, providing	2340.00	2040.00	1340.00	1040.00
on or off functionality, or via the operating and display unit in the roof with functions for the switch-on time, the day of the week				
and the desired temperature. Heat is quided into the vehicle via the heating or air conditioning vents. The heat output depends on the				
coolant temperature – the full heat output is only available when the engine is at operating temperature.				
Auxiliary heater (coolant) with programmable parking function and second battery. A water-based supplementary heater	£460.00	£552.00	£460.00	£552.00
	1400.00	1332.00	1400.00	1332.00
operating as an auxiliary heater. Controlled via the operating and display unit in the roof, it has functions for the switch-on time,				
the day of the week and the desired temperature. Heat is guided into the vehicle via the heating or air conditioning vents.				
The heat output depends on the coolant temperature – the full heat output is only available when the engine is at operating temperature.	6750.00	6000.00	-	-
Climatronic 3-zone air conditioning with 2nd evaporator, auxiliary heater, air conditioned headliner and additional passenger control.	£750.00	£900.00	•	•
Dust and pollen filter.	•	•	•	•
Fresh air intake system with activated charcoal canister.	£15.00	£18.00	£15.00	£18.00
Programmable parking heater (air) with auxiliary heater (coolant) and second battery. This option provides an auxiliary heater	£1,445.00	£1,734.00	£1,445.00	£1,734.00
combined with a supplementary air heater. The combination of two heaters enables the vehicle air to be fully heated when parked and				
supports the engine to heat the vehicle in cold conditions when driving. The supplementary air heater is controlled via the operating				
and display unit in the roof which has settings for the switch-on time, the day of the week and the desired temperature.				
Heat is guided into the vehicle via separate vents in the 'B' pillars.				
Programmable parking heater (air) with radio remote control and second battery. This supplementary air heater is able to fully heat	£1,654.00	£1,984.80	£1,654.00	£1,984.80
the air in the vehicle with the ignition switched off. It is controlled via either the radio remote control, providing on or off functionality,				
or via the operating and display unit in the roof which has settings for the switch-on time, the day of the week and the desired temperature.				
Heat is guided into the vehicle via separate vents in the vehicle's 'B' pillars.				
Programmable parking heater (air) with radio remote control, auxiliary heater (coolant) and second battery. Provides an auxiliary heater	£1,654.00	£1,984.80	£1,645.00	£1,974.00
combined with a supplementary air heater. The two heaters heat the vehicle when parked and support the engine to heat the vehicle				
when cold. The supplementary heater is controlled via the remote control or the operating unit in the roof which has settings for the				
switch-on time, day and temperature – includes second battery.				
Programmable parking heater (air) with second battery. This supplementary air heater is able to fully heat the air in the vehicle	£1,420.00	£1,704.00	£1,420.00	£1,704.00
with the ignition switched off. It is controlled via the operating and display unit in the roof which has settings for the switch-on time,				
the day of the week and the desired temperature. Heat is guided into the vehicle via separate vents in the 'B' pillars.
