# The Transporter 6.1

## Latest edition of an icon.

The award-winning Volkswagen Transporter has led the way for over 70 years, continually setting the benchmark in its class and selling over nearly twelve million units worldwide. Awards include 'Best Company Car'<sup>1</sup> and 'Best Commercial Vehicle'<sup>2</sup>. Now the icon returns, upgraded and digitised, with a sharp new look, increased functionality and wealth of driver assistance systems, launching a new chapter in its story. Welcome to the Transporter 6.1.

**Model variants.** The Transporter 6.1 is available as a panel van or a kombi crew van, with Startline and Highline trim levels, and short and long wheelbase options, offering solutions for a vast range of tasks. Depending on the model, different roof heights are available.

**Proven quality.** As you'd expect, the Transporter 6.1 is durable, versatile and built to last, with a highly stable body, quality materials and time-honoured workmanship.

**New on-board electronics.** Electromechanical power steering replaces hydraulic steering, providing the basis for a series of innovative driver assistance systems, making it safer to drive and easier to use than ever before.

**State-of-the-art driver assistance systems.** Front Assist with City Emergency Braking, Driver Alert, Brake Assist and Crosswind Assist<sup>4</sup> are fitted as standard. Optionally available are Park Assist<sup>3,4</sup>, Active Lane Assist<sup>3,4,5</sup>, Side Protection<sup>3,4</sup>, and Trailer Assist<sup>4</sup>. A rear view camera<sup>3</sup> is also available as an option for the first time in conjunction with rear wing doors.

**Best use of space.** The Transporter 6.1 panel van load space is up to 2,975mm<sup>6,7</sup> long, with up to 1,940mm<sup>7,8</sup> high loading area, plenty of cab space and the ability to separately lock the cargo compartment and cab.

**Optimum off-road mobility.** The Transporter 6.1 is available to order with 4MOTION all-wheel drive<sup>3,9</sup>, dual clutch gearbox DSG<sup>3,9</sup>, Hill Descent Assist<sup>3,4,10</sup>, Hill Hold Assist and mechanical differential lock drive<sup>3,10</sup> provide impressive off-road mobility.

**Customised for almost all requirements.** Our recognised converters and industry-specific conversion manufacturers can customise your Transporter 6.1 panel van to your specific needs.

<sup>1</sup> Source: 'AUTO BILD', category: 'How to Cars', Issue 4, 7/2018. <sup>2</sup> Source: 'Trans aktuell' 14/2018, 'FERNFAHRER' 09/2018 and 'Istauto omnibus' 08/2018. <sup>3</sup> Optional at extra cost. Please contact your authorised Volkswagen Van Centre for details of the standard equipment and optional extras available. <sup>4</sup> Within the system's thresholds. <sup>5</sup> The driver must be prepared to override the assistance system at any time and is responsible to drive the vehicle with caution. <sup>6</sup> On long wheelbase models. <sup>7</sup> Please note that these are approximate values and the dimensions may differ due to manufacturing tolerances. <sup>8</sup> For high roof models. <sup>9</sup> Not available for all engines. <sup>10</sup> Only available in conjunction with 4MOTION all-wheel drive.

## Raising the benchmark.

**Optimised, ergonomic driver workplace.** A fully adjustable steering wheel, driver's seat with 4-way lumbar support, durable and robust new upholstery, newly designed dashboard and excellent all-round visibility transform the driving experience.

**Perfectly networked.** Tailored to the requirements of the digital world, the Transporter 6.1 panel van features the latest radio and navigation systems<sup>1</sup> with touch-screens up to 8 inches and full online connectivity, thanks to an integrated eSIM card, opening up an array of web-based functions, services and eCall link to emergency services.

**Upgrade of standard equipment.** In addition to many other new standard features, all vehicles now have a radio system with integrated eSIM and App-Connect and USB Type C interface and LED interior lighting.

**Robust, contemporary interior.** Dash panel, door, side and seat trim panels are available in stylish Dark Anthracite.

<sup>1</sup> Optional at extra cost. Please contact your authorised Volkswagen Van Centre for details of the standard equipment and optional extras available. Image shown is for illustrative purposes only. Vehicles shown are not UK specification.

# Latest driver assistance systems.

New electromechanical power steering paves the way for a whole range of advanced driver assistance systems, making driving easier and safer than ever before.

## Park Assist.<sup>1,2,3</sup> **NEW**

Park Assist aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the pedals, whilst keeping a good lookout.

## Side protection.<sup>1,2,4</sup> **NEW**

As part of Park Assist, Side protection monitors the vehicle's sides and alerts you with visual and audible warnings if you're getting too close to other vehicles, pillars, walls or pedestrians.

## Rear Traffic Alert.<sup>1,2</sup> **NEW**

As part of Active Lane Assist, Rear Traffic Alert helps by emitting an audible warning when reversing out of a parking space if another vehicle is approaching. If the driver fails to respond, the system intervenes and applies braking to help avoid a collision.

## Adaptive Cruise Control (ACC).<sup>1,2</sup>

Standard on Highline and optional on Startline. Adaptive Cruise Control uses a front radar to measure the distance (up to 120 metres) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance. ACC also includes the Front Assist with City Emergency Braking System. This detects critical distances, warns of hazardous situations and when necessary, a speed of up to 18mph triggers emergency braking.

## Traffic Sign Recognition.<sup>1,2</sup> **NEW**

Detects road signs and informs the driver. Only in combination with the Discover Media navigation system.

## Crosswind Assist.<sup>2</sup> **NEW**

As part of the standard Electronic Stabilisation Programme (ESP), Crosswind Assist applies adaptive braking intervention when the vehicle encounters a strong crosswind.

## Active Lane Assist.<sup>1,3,5</sup> **NEW**

Active Lane Assist countersteers the vehicle if the driver unintentionally drifts from a lane. The system also emits audible and visual warnings via the multi-function display to alert the driver of danger.

## Hill Descent Assist.<sup>1,2,6</sup>

Allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary.

## Trailer Assist.<sup>1,2,3</sup> **NEW**

Trailer Assist automatically manoeuvres the vehicle and trailer, during parallel and reverse parking in combination with tow bar preparation or removable and lockable tow bar.

## Tyre pressure monitoring system.<sup>1,2</sup>

Displays the current pressure for every tyre and warns of deviations from the set pressure.

<sup>1</sup> Optional at extra cost. Please contact your authorised Volkswagen Van Centre for details of the standard equipment and optional extras available. <sup>2</sup> Within the limits of the system. <sup>3</sup> Only in combination with a tailgate. <sup>4</sup> No direct detection of lateral obstacles by sensors. Obstacles are 'estimated' by the system when they are detected by the front/rear sensors as the vehicle passes. <sup>5</sup> The driver must be prepared to override the assistance system at any time and is responsible to drive the vehicle with caution. <sup>6</sup> Only available in conjunction with 4MOTION all-wheel drive. <sup>7</sup> Not available for all engines. <sup>8</sup> Only available in conjunction with a trailer hitch or with the preparation for the trailer hitch.

# Optimum off-road capability.

The Transporter 6.1 panel van is extremely versatile. Thanks to 4MOTION all-wheel drive<sup>1,7</sup>, it offers impressive off-road capability with a wading depth of 300mm and climbing capability of up to 37°, ensuring it can handle a wide variety of tasks.

## 4MOTION all-wheel drive.<sup>1,7</sup>

The optional 4MOTION all-wheel drive automatically adjusts the power transmission to the respective driving situation via an electronically controlled multi-plate clutch on the rear axle.

## Mechanical differential lock.<sup>1,6</sup>

The mechanical differential lock is optionally available for the rear axle, providing additional support to the 4MOTION all-wheel drive<sup>1,7</sup>, making it easier to pull away in difficult off-road conditions and making the Transporter 6.1 one of the most effective all-terrain vehicles in its class.

## Trailer stabilisation.<sup>2,8</sup>

Automatically intervenes if the trailer starts to swing, applying brakes where necessary to ensure the trailer is stabilised.

## Tow bar.<sup>1</sup>

Tow bar preparation is available, or if you require greater flexibility a removable option is available.

## Up to 2.5T trailer weight.

The Transporter 6.1 panel van comfortably tows up to 2.5T trailer weight in conjunction with the 6 and 7-speed gearboxes.

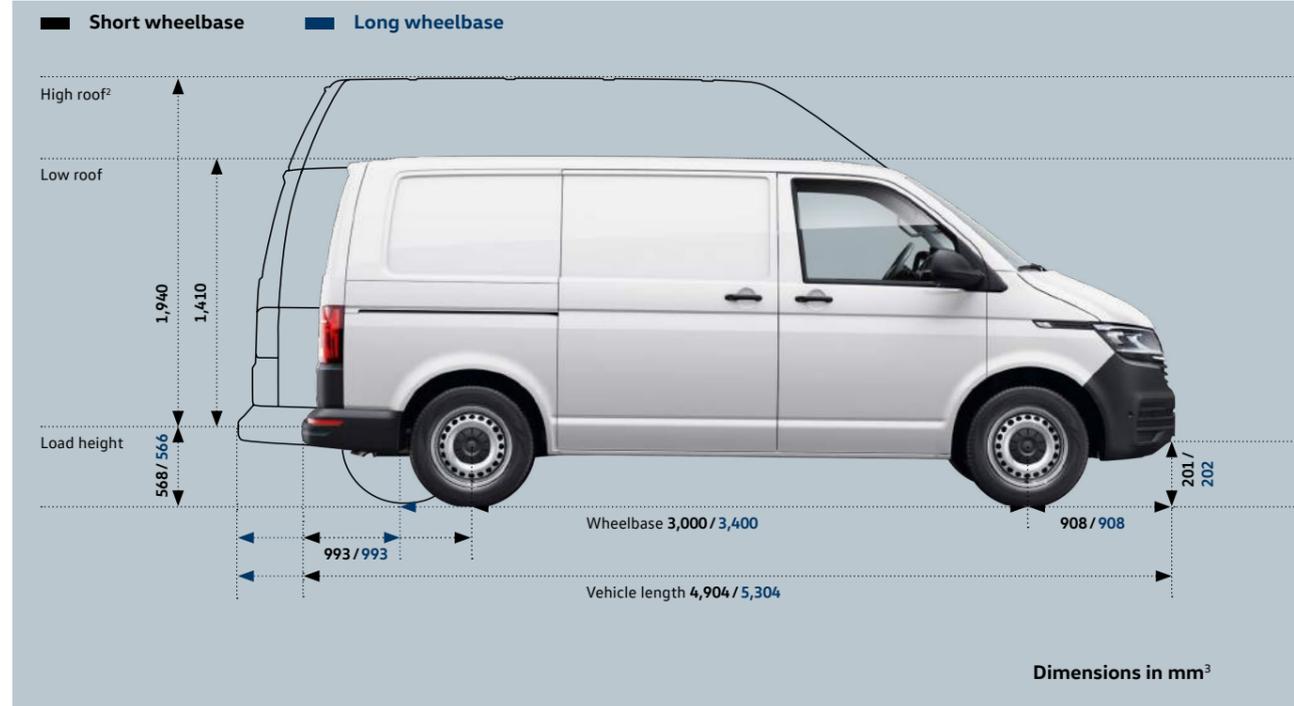

Image shown is for illustrative purposes only. Vehicles shown are not UK specification.

**Standard equipment (highlights)**

- Composition Colour DAB+ radio system with 6.5 inch touch-screen and four speakers, SD card slot, Bluetooth® hands-free and 2 USB interfaces (type C) in dashboard **NEW**
- Volkswagen App-Connect **NEW**
- Crosswind Assist<sup>1</sup> **NEW**
- Electric windows in the cab
- Electrically heated and adjustable door mirrors
- Electromechanical speed-sensitive power steering, height and longitudinally adjustable steering column **NEW**
- Electronic Stability Control<sup>1</sup> with Brake Assist, ABS, ASR, EDS and Hill Start Assist
- Lashing rings for load restraint system, reinforced (ISO 27956)
- Leather multi-function steering wheel **NEW**
- LED interior lighting with two reading lights in the roof console **NEW**
- Rear wing doors without window apertures
- Remote central locking with interior locking and two remote folding keys
- Robust rubber floor in the cab

# Transporter 6.1 panel van Startline

**Front Assist with City Emergency Braking System.** The standard Front Assist area monitoring system with City Emergency Braking System detects critical distances, warns of hazardous situations and when necessary, triggers emergency braking.

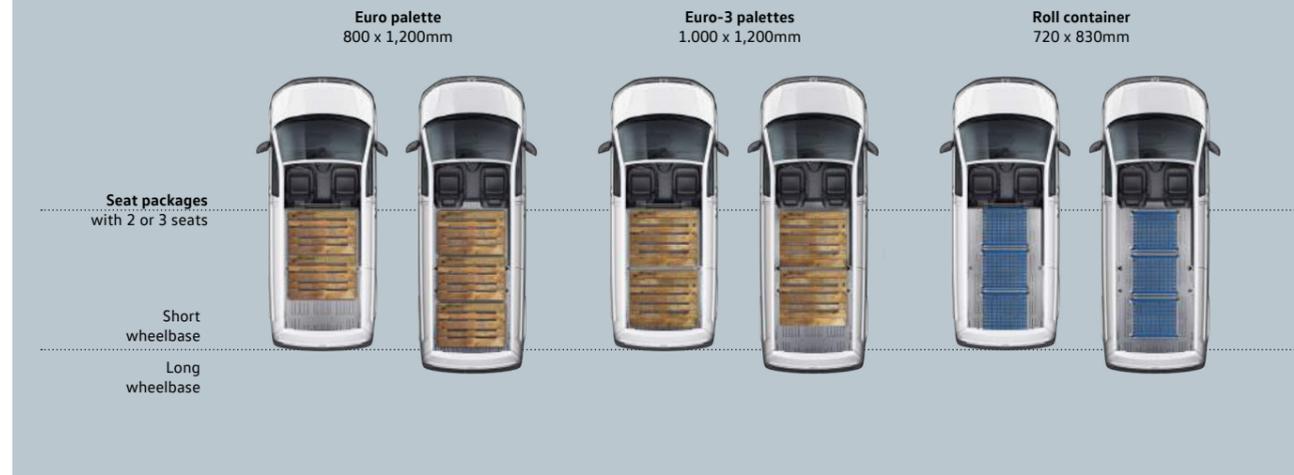

**Hill Start Assist.** Fitted as standard, the convenient Hill Start Assist helps to prevent your vehicle from rolling back when pulling away on an incline. The hold operates for approximately two seconds.

**LED interior lighting.** **NEW** The energy-saving LED technology ensures good illumination in the cab and load compartment.

**Side trim panel.** Medium-height side trim panel made of hardboard in load compartment.

<sup>1</sup> Within the system's thresholds.    <sup>2</sup> High roof only available with rear wing doors.    <sup>3</sup> Please note that these are approximate values and the dimensions may differ due to manufacturing tolerances. Images shown are for illustrative purposes only. Vehicles shown are not UK specification.

**Loading capacity in the Transporter 6.1 panel van**

**Standard equipment (highlights)**

- Adaptive Cruise Control (ACC) with speed limiter **NEW**
- Anti-theft alarm system with interior monitoring in cab, backup horn and towing protection
- Automatic headlights
- Automatic windscreen wipers with rain sensor
- Body-coloured door mirror housings, door handles and bumpers
- 'Bricks' cloth upholstery in Titanium Black **NEW**
- Climatic air conditioning system
- Electrically heated, adjustable and foldable door mirrors **NEW**
- Front fog lights with cornering function
- Heated front windscreen
- Parking sensors, front and rear **NEW**

# Transporter 6.1 panel van Highline

**Adaptive Cruise Control (ACC) with speed limiter.** Standard on Highline, Adaptive Cruise Control (ACC) uses a front radar to measure the distance (up to 120m) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance.

**Stylish alloy wheels.** 16 inch 'Clayton' alloy wheels or 17 inch 'Devonport' alloy wheels depending on engine and GVW combination.

**Lights & Vision pack.** Automatic headlight activation with daytime running lights, leaving home and manual coming home function.

**Up to 4.4m<sup>2</sup> Load space.** With the long wheelbase, the load compartment length is 1,950mm<sup>3</sup> and provides space for up to three Euro pallets.

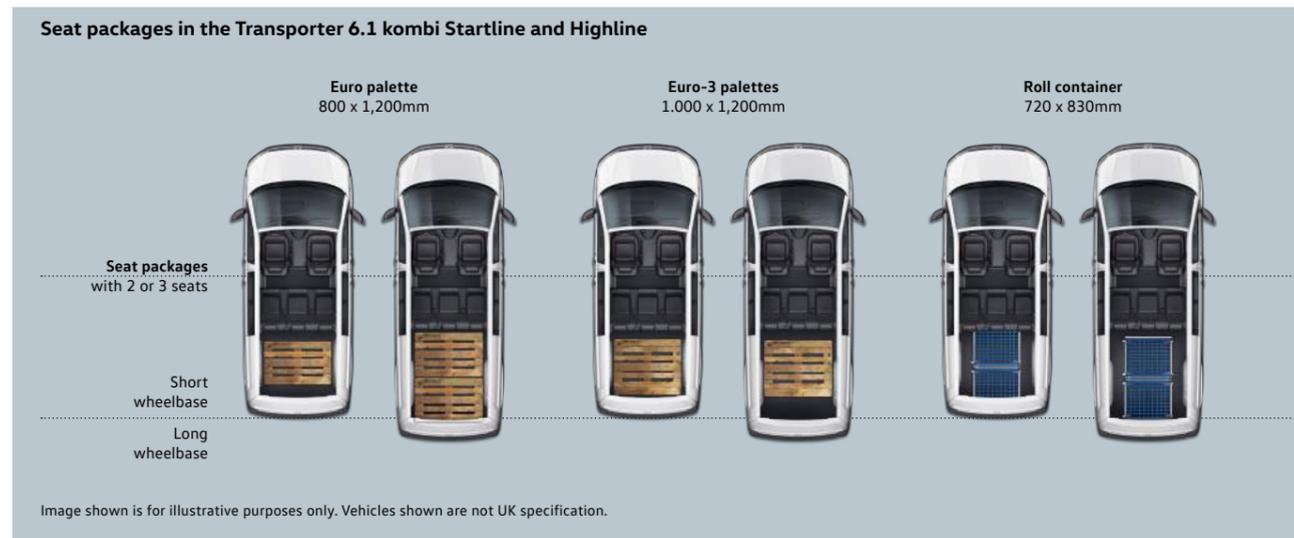

Image shown is for illustrative purposes only. Vehicles shown are not UK specification.

**Standard equipment (highlights)**

- Composition Colour DAB+ radio system with 6.5 inch touch-screen and four speakers, SD card slot, Bluetooth® hands-free and 2 USB interfaces (type C) in dashboard **NEW**
- Volkswagen App-Connect **NEW**
- Crosswind Assist<sup>1</sup> **NEW**
- Electric windows in the cab
- Electrically heated and adjustable door mirrors
- Electromechanical speed-sensitive power steering, height and longitudinally adjustable steering column **NEW**
- Electronic Stability Control<sup>1</sup> with Brake Assist, ABS, ASR, EDS and Hill Start Assist
- Leather multi-function steering wheel **NEW**
- LED interior lighting with two reading lights in the roof console **NEW**
- Remote central locking with interior locking and two remote folding keys
- Tailgate with window aperture
- 16 inch steel wheels

# Transporter 6.1 kombi Startline

**Floor covering.** Robust rubber floor in the passenger/load compartment with load edge protection.

**Front Assist with City Emergency Braking System.** The standard Front Assist area monitoring system with City Emergency Braking System detects critical distances, warns of hazardous situations and when necessary, triggers emergency braking.

**Side trim panel.** Full height side lining in passenger/cargo compartment.

<sup>1</sup> Within the system's thresholds. <sup>2</sup> Please note that these are approximate values and the dimensions may differ due to manufacturing tolerances. <sup>3</sup> Measured at vehicle floor level. <sup>4</sup> On the sliding door side, or with two sliding doors on both sides. Images shown are for illustrative purposes only. Vehicles shown are not UK specification.

**Standard equipment (highlights)**

- Adaptive Cruise Control (ACC) with speed limiter **NEW**
- Anti-theft alarm system with interior monitoring in cab, backup horn and towing protection
- Automatic headlights
- Automatic windscreen wipers with rain sensor
- Body-coloured door mirror housings, door handles and bumpers
- 'Bricks' cloth upholstery in Titanium Black **NEW**
- Climatic air conditioning system
- Electrically heated, adjustable and foldable door mirrors **NEW**
- Front fog lights with cornering function
- Heated front windscreen
- ISOFIX and top tether child seat anchorage for the outer seats of the 3-seater bench
- Parking sensors, front and rear **NEW**

# Transporter 6.1 kombi Highline

**Adaptive Cruise Control (ACC) with speed limiter.** Standard on Highline, Adaptive Cruise Control (ACC) uses a front radar to measure the distance (up to 120m) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance.

**Stylish alloy wheels.** 16 inch 'Clayton' alloy wheels or 17 inch 'Devonport' alloy wheels depending on engine and GVW combination.

**Lights & Vision pack.** Automatic headlight activation with daytime running lights, leaving home and manual coming home function.

**Up to 4.4m<sup>2</sup> Load space.** With the long wheelbase, the load compartment length is 1,950mm<sup>3,4</sup> and provides space for up to two Euro pallets.

**Registration as commercial vehicle.** The Transporter 6.1 kombi is a van with five to six seats.

# Upgrade your Transporter 6.1 with the discounted Business Pack.

**The Startline panel van and kombi Business Pack includes:**

- Anti-theft alarm with interior monitoring in cab, backup horn and towing protection
- Climatic air conditioning system
- Rear parking sensors

Please note: Screen technology does not allow exact reproduction of the paint and upholstery colours. Some of the vehicles shown are European specification and may be fitted with optional equipment or accessories that are available at extra cost, or do not reflect current specification. All data and specifications are in accordance with information available at the time of publication and are subject to change without notice. Vehicles not currently in UK stock and customer order vehicles may take a number of weeks for delivery. Certain combinations of vehicle specifications and factory-fitted options are not compatible and therefore all orders received are subject to confirmation. Models, factory fitted-options and paint and upholstery options are subject to availability. Please check details and availability with an authorised Volkswagen Van Centre at the time of ordering.
