**Recommended Retail Price List
and Technical Specification**

Effective August 2010

Škoda. Manufacturer of happy drivers.

Welcome to the new Škoda Fabia

Small, nimble, and a pleasure to drive, the Fabia delivers everything you need, and without having to break the bank. Why not take a minute to understand exactly how the Fabia can make you a happy driver?

The new Fabia; what is it?

The new Fabia is a small city car that offers you the space and versatility required for everyday life. With space for 5 people and still with enough room in the back for your luggage, the Fabia is the ideal small family car. It's as happy doing 30mph through town on the school run as it is doing 70mph on the motorway, so it can handle every type of journey you can throw at it. And of course, at its core is the traditional Škoda offer of value for money and that legendary "extra bit of car".

Boot space

The new Fabia continues to impress even in the boot where, with the seats up, the hatch offers 315 litres of space while the estate offers a whopping 505 litres. With the seats down, the hatch and estate have 1,180 litres and 1,485 litres of space respectively. So regardless of whether it's the weekly shop, the annual holiday, or a trip to the garden centre, the Fabia's boot won't be lacking the space you need.

Versatility across the range

Unlike many of its competitors, the Fabia is available in hatch and estate. With six different trim levels, five petrol engines, four diesel engines and even a DSG gearbox, there will be a Fabia in the range that suits you.

Music

In addition to the standard radio, every Fabia comes with a 3.5mm aux in socket. With the addition of a cable, this allows MP3 players to be connected to the car, meaning that you can listen to your MP3 player through the car radio. There is also an optional MDI (Multi Device Interface) cable. This enables you to connect a variety of music players through the purchase of additional cables (through retailer supplied accessories) from ipods to devices with USB or mini USB ports.

Driving Position

As we spend more and more time in our cars, being comfortable is essential. With this in mind, the Fabia has been designed with a high driving position, allowing greater visibility of the road ahead, more headroom, and not to mention making it easier for you to get in and out of. From entry level the Fabia also comes with an adjustable driver's seat and a height and reach adjustable steering wheel so you will find getting a comfortable and safe driving position easy.

Option packs

A set of option packs have been carefully put together for the Fabia SE to offer you the additional optional equipment that you want, at a price that you want. We've looked at our figures, and packaged together some of the most popular options in a 'Function' and 'Safety' packs that save you in excess of £300 over the cost of the options when purchased individually. Packs start from just £480. More details about what each pack consists of can be found on page 5.

The new Fabia has been refreshed for 2010, giving Fabia a more dynamic appearance. The main changes are at the front, a redesigned, wider front grille and newly designed headlights optically widen the car, strengthening the horizontal lines increasing its road presence. The sculpted bonnet and wraparound windscreen with black A pillars and 'floating' roof remain, making for a car that retains an air of style, elegance and contemporary design.

The modern exterior is matched by the updated interior. Newly designed stereos, steering wheels and upholsteries improve the feeling of style and quality of new Fabia - soft touch surfaces and ergonomically laid out controls make the car a joy to drive. With outstanding boot space, headroom and legroom, not to mention lots of room for luggage, drivers, passengers and luggage all travel in comfort.

The biggest change for new Fabia is under the bonnet. New, cleaner and more efficient petrol and diesel engines offer the driver a suitable engine for every situation. New TSI petrol engines offer a great blend of power and torque combined with low CO₂ and improved fuel economy, whilst the range of new 'Common rail' diesel engines all emit just 109g/km of CO₂, helping to reduce the impact on the environment.

So now the introduction to the new refreshed Fabia is over, why not take a look at the new Fabia in a little more detail?

Škoda really does manufacture happy drivers.

What does being a happy driver mean to you? Here at Škoda, our goal is to ensure that anyone who experiences a Škoda has a happy experience. Right from the design stage, through the buying experience, to the after sales service, we want our customers to be happy with their Škoda vehicle.

The happiness of our customers is central to all we do here at Škoda, and that's no empty claim - we've been in the top 10 of the JD Power customer satisfaction survey for the last 17 years! Don't take our word for it though, come into a showroom and experience this for yourself.

Škoda. Manufacturer of happy drivers.

OTR (Recommended On The Road)

* Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £55), and apply to the United Kingdom only.

VED (Vehicle Excise Duty)

** All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current Škoda UK stock. The VED bands are shown in the table opposite.

¹ First year vehicle licence rates for petrol and diesel cars purchased on or after 1st April 2010. First year rate or 'showroom tax' applies to new car purchases only.

² Rate reverts to the Government's applicable Standard VED rate in subsequent years.

Please confirm figures with your Škoda retailer. Edition: UK April 2010. VAT is calculated at 17.5%. For fuel consumption data, please refer to page 18.

Band	CO ₂ (g/km)	First 12 Months ¹	Standard VED ²
A	Up to 100	£0	£0

** All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current Škoda UK stock. The VED bands are shown in the table opposite.

¹ First year vehicle licence rates for petrol and diesel cars purchased on or after 1st April 2010. First year rate or 'showroom tax' applies to new car purchases only.

² Rate reverts to the Government's applicable Standard VED rate in subsequent years.

Please confirm figures with your Škoda retailer. Edition: UK April 2010. VAT is calculated at 17.5%. For fuel consumption data, please refer to page 18.

Band	CO ₂ (g/km)	First 12 Months ¹	Standard VED ²
A	Up to 100	£0	£0
B	101 - 110	£0	£20
C	111 - 120	£0	£30
D	121 - 130	£0	£90

Power transmission

Clutch The clutch assembly comprises of a single dry clutch disc with membrane spring, asbestos free.

Manual transmission Five-speed manual transmission, fully synchronised with direct gearshift.

Automatic transmission 7 speed DSG
Two coaxial dry multiple disc clutch,
electro - hydraulically operated.

Chassis

Front axle/rear axle McPherson suspension with lower triangular links and torsion stabiliser.

Suspension Coil springs, telescopic shock absorbers, rear springs located outside the shock absorber.

Braking system Hydraulic dual-diagonal circuit braking system vacuum assisted.

Front brakes Ventilated disc brakes in sliding calliper design with piston.

Rear brakes Drum brakes with two self-adjusting brake shoes.

vRS brakes Disc brakes front and rear.

Handbrake Mechanical handbrake operating on rear wheels.

Steering Maintenance free rack and pinion steering with power assist.

Turning circle (m) 10

CO ₂ emissions g/km*	89	109	109	109

* Fuel consumption and CO₂ emissions according to EU Directive 99/94. □ Where law permits.

Tank

Fuel tank content 45 litres

Fuel Unleaded petrol RON 95 or unleaded petrol RON 91[†]/ Diesel.

Body type Five-door, five-seat, double-space steel bodywork, fully zinc-coated.

Official fuel consumption for the Fabia range in mpg (litres/100km):

urban 36.7 (7.7) - 68.9 (4.1);
extra urban 54.3 (5.2) - 94.2 (3.0);
combined 45.6 (6.2) - 83.1 (3.4).

CO₂ Range 89 - 148 g/km

[†] Using low-octane fuel may affect engine performance.

All bhp figures are metric and are worked out using a conversion rate of 1.36 of KW figures - these metric bhp figures are otherwise known as PS

Measurements and Weights

Škoda Fabia Hatchback

Exterior dimensions (mm)	Standard	vRS
Length (mm)	4,000	4,029
Width (mm)	1,642	1,642
Height (mm)	1,498 [†]	1,492 [†]
Wheelbase (mm)	2,451	2,454
Track front (mm)	1,433	1,423
Track rear (mm)	1,426	1,415
Clearance (mm)	134	129

Interior dimensions (mm)	
Headroom front/rear (mm)	989/994
Front legroom (mm) (max/min)	1,075/858
Rear legroom (mm) (max/min)	864/621
Width of front/rear seats (mm)	1,380/1,384

Boot capacity (litres)	300
Boot capacity with rear seats folded (litres)	1,163
Boot capacity without spare wheel (litres)	315
Boot capacity with rear seats folded and no spare wheel (litres)	1,180

Figures are for vehicle carrying average load and three passengers.

[†] Figures for unloaded vehicle

Technical glossary

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

Elements of the ABS System :-

- **Dual Rate Vacuum Brake Boosters:** increases brake effort under emergency braking conditions.
- **EBC:** Electronic brake control. The engine brake torque control regulates the power supply by intervening with the engine management system.

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multifunction touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

DPF: diesel particulate filter is part of the exhaust system responsible for cleaning the engine exhaust gases before they enter the atmosphere. The DPF catches soot particles emitted in the exhaust gas and it works in conjunction with the catalytic converter, which reduces the amount of harmful gases entering the atmosphere. The DPF must periodically be emptied of the soot particles, a process known as regeneration. This involves elevated exhaust system temperatures. A driving style is required during regeneration, where a constant vehicle speed above 37 mph must be maintained. This does not always suit customers who make frequent short journeys or experience stop/start driving or drive within inner-city or urban areas.

CR: the completely new range of diesel engines are built on a system of common-rail fuel injection. The diesel engines have a high-pressure common rail direct injection fuel system and four-valve technology. As a result, the new engines are much quieter, more refined in their operation and consume less fuel, compared to the Pump Duse engines and significantly reduce emissions.

ESP: electronic stability programme is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESP constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESP reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

Elements of ESP system:-

- **ASR:** anti-slip regulation traction control ensures the Fabia's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.
- **EDL:** the electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.
- **HBA:** Hydraulic brake assistant increases the optimal build-up of brake power. It ensures complete use of the brake system potential, thus shortening the braking distance.
- **HHC:** Hill hold control allows for a safe hill start by holding the brake for a small amount of time, reducing the risk of unintentional reversing or roll back.
- **TPM:** Draws the drivers attention to any pressure loss in any of the tyres. Early warning can prevent damage from occurring as a result of an under inflated tyre or a defect that radically changes the cars behaviour and driveability.

Customer services

Talk to us on 08457 745 745

No matter what the query, our dedicated call centre is always ready to listen. No matter how big or small the request, speak to one of customer care advisors to see if they can help. The call centre is open from 8.30am-5.30pm. If you're calling out of hours, then a message can be left and you'll be contacted back.

Peace of mind with a Škoda warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty. In addition, you'll also get a further warranty on new vehicles supplied through the appointed dealer network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner.

Your Fabia also benefits from a 3 year paint warranty and 12 year body protection warranty.

A network that's here to help

With 17 years in the top 10 of JD Power's customer satisfaction survey, our network of approximately 125 sales retailers know how to treat a customer. You can be sure that as a Škoda customer, your retailer will look after you from the moment you walk through the door, throughout the life of your Škoda. Your Fabia will be serviced and maintained to the highest standards by specially trained Škoda technicians. And when you need a spare part you'll be happy to know that most are held in stock, or can be ordered within 24 hours. So if top class customer satisfaction is what you're after, the Škoda network will be there for you.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from Škoda. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

If your Škoda's in trouble, rely on Škoda Assistance

Completely free of charge, every new Škoda is covered by Škoda Assistance, provided by the RAC through a dedicated team. This cover lasts for 3 years, with no mileage limit. So if you ever break down, you can use the freephone number to call out someone who really knows about Škoda cars to help. This service is even available in Europe, so you don't need additional breakdown cover when you're driving on the continent.

Financing your Škoda

We all know that times are hard, so Škoda Finance specialises in providing funding solutions for Škoda drivers. Regardless of whether you're a private or business user, you can choose from a range of funding options

Finance products available are:

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Škoda Finance products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local Škoda retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. Škoda Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be ordered by phoning our call centre, or by going on-line at www.skoda.co.uk.

Škoda Insurance

We want you to start enjoying your new car from day one and thanks to Škoda Insurance complimentary seven day cover, you can. Call free on 0800 316 7895 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Visit www.insurewithskoda.co.uk for details of the full range of insurance products available. Here you can also get a quote for your annual car insurance and buy it online too. All of our insurance products are designed to make your experience of owning your Škoda as happy as possible.

Škoda Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Škoda Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.
