NISSAN ALL NEW NP300 NAVARA

[Introduction](#) | [Exterior design](#) | [Versatility](#) | [Interior design](#) | [Technology and Performance](#) | [Accessories](#) | [Technical Specifications](#) | [Price List](#)

[Print](#) | [Close](#)

Tough, agile and stylish, the all new NP300 NAVARA is the latest in a long line of Nissan pick-ups – we produced our first in 1935. Along the way we pioneered the King Cab in 1977, the innovative C-channel tie-down system in 2005, and now the first use on a one-tonne pick-up of 5 link rear suspension, forward emergency braking and around view monitor. Our proud legacy, shared among **14 MILLION PICK-UP OWNERS** blazing trails in **180 COUNTRIES** continues today. As long as there's adventure on the horizon, Nissan will lead the way.

TOUGH AND SMART.

INTRODUCING THE ALL NEW NISSAN NP300 NAVARA. We've always built strong, dependable pick-ups and we've consistently innovated to deliver what you want. The 2.3L dCi engine, in 190PS twin turbo or 160PS single turbo forms and linked to a 2WD or 4WD transmission, delivers the rugged performance and best-in-class fuel economy you demand from a Nissan pick-up. With fuel economy of up to 44.9mpg it takes you on and off road without missing a beat - and with a standard 5 year/100,000 mile warranty, that's a promise you can trust. Experience the versatility and efficiency of the next generation Nissan pick-up - tough as always, smarter than ever.

*Image for illustration purposes only. Please consult the technical specification for full line-up details.

THE PICK-UP YOU CAN TRUST, RIGHT DOWN TO ITS CORE.

The all new NP300 NAVARA has a fully boxed ladder chassis rather than the three-sided channel-section frame found on some other pick-ups. There's also new 5 link rear suspension, unique in the pick-up segment. This gives a better ride and more agile handling, without compromising load-carrying ability.

ANGLE OF APPROACH*
30.4°

WADING DEPTH
600 mm

*Figures are for NP300 NAVARA Double Cab. Figures may vary according to grade and cab type. Please consult the technical specification for full line-up details.

*Minimum ground clearance

ANGLE OF DEPARTURE*
25.6°

GROUND CLEARANCE*
223mm

FULLY BOXED. FULLY CAPABLE.

Pull up to 3,500kgs, carry over 1-tonne payload and experience enhanced performance on all terrains. The all new NP300 NAVARA's fully boxed ladder frame is made with rugged high-tensile strength steel for improved structural rigidity and more torsional stiffness.

Hill Start Assist

Part-time four wheel drive*

Electronic Limited Slip Differential (eLSD)

Rear differential lock*

Hill Descent Control*

CLIMB, CRAWL AND POWER YOUR WAY THROUGH.

Whether it's in the depths of the countryside or the concrete jungle, the all new NP300 NAVARA is always in its element. There are three driving modes – 4WD High for light off-roading, 4WD Low for serious off-road driving in sand, snow or deep mud, or 2WD for when you're on tarmac. With features such as Hill Start Assist and Hill Descent Control, it's the pick-up that's ready for anything, giving great traction even in 2WD mode thanks to its electronic Limited Slip Differential (eLSD).

*Not available on all grades. Please consult the technical specification for full line-up details.
**Image for illustration purposes only. Please consult the technical specification for full line-up details.

Hill Start Assist and Hill Descent Control*. Tackling hilly terrain? Now you can do it with more confidence and control. Hill Start Assist can prevent you from rolling backwards on an incline when you are pulling away. Hill Descent Control helps you maintain a steady and constant speed, so that you can descend a steep gradient safely.

DEVOURS ROADS.

Outside, it's a pick-up, inside, the all new NP300 NAVARA is more like a premium crossover. Check out the ergonomic design of the dashboard and the high quality trim materials used. Relax in the NASA-designed seats, with the dual-zone Automatic Climate Control set just so. Take advantage of the Around View Monitor, making manoeuvring in tight spaces even easier. This pick-up is not only a workhorse - its your every use, everyday machine.

2.3-litre dCi engine

Generating more horsepower and torque and with fuel efficiency improvements over the outgoing model of 24%, the new 2.3-litre 190PS twin-turbo diesel engine with either a 6-speed manual or 7-speed automatic transmission delivers fantastic acceleration and performance. The 160PS single-turbo version offers leading fuel economy of up to 44.9mpg.

ENGINE DISPLACEMENT	2,298 CC
FUEL TYPE	DIESEL
FUEL ECONOMY	UP TO 44.9 mpg
EMISSIONS (CO₂)	FROM 167 g/km
POWER	160 PS (120 kW) 190 PS (140 kW)
TORQUE	403 NM @ 1500 rpm 450 NM @ 1500 rpm
MAXIMUM TOWING	3,500 kg
MAXIMUM PAYLOAD	1,136 kg

PULLING POWER.

Of course the boat can come along, because heavy duty towing is engineered right into the all new NP300 NAVARA, with a towing capacity of 3,500kg on all 4WD models. Heavy-duty components such as the brakes, transmission and cooling system, plus plenty of power and low end torque mean you're ready to pull some serious weight.

LOAD UP OUR MOST VERSATILE PICK-UP BED EVER.

The all new NP300 NAVARA is engineered to handle tough jobs, carrying heavy payloads of over 1 tonne. A lighter tailgate makes loading and unloading simple. Securing your cargo is easy, too, thanks to Nissan's revolutionary C-channel tie-down system*. Moveable cleats can be locked in special tracks on the sides and front of the pick-up bed, so you can safely secure any load, of any shape or size.

*Optional on VISIA, standard from ACENTA.
Please consult the technical specification for full line-up details.

[Print](#) | [Close](#)

The King Cab has rear doors that are hinged from the rear and no B pillar, giving passengers easy access to the two rear seats. These seats can also flip up out of the way to reveal a large open space. This, combined with the larger door opening, means that bulkier items can be transported inside the cabin.

Large storage pockets located in the driver and passenger doors offer ample, easy-to-access storage.

The high-capacity glovebox is ideal for your documents and files, even the bulkier ones.

STORE IT. HIDE IT. LOCK IT. LOVE IT.

A thoughtfully designed, flexible interior featuring lots of clever storage space is handy for work and play. There's a spot for your stuff underneath the rear passenger seats, in the door pockets, in the large glovebox and in the large centre console too. Thirsty? You'll find cup-holders next to the front seats and designed into the front and rear door pockets.

The centre console includes large cupholders and a deep covered storage bin for items you want close at hand but out of sight.

Storage bins conveniently located under the rear seats are perfect for items you want to keep concealed.

RIDE FIRST CLASS EVERY DAY.

In the all new NP300 NAVARA, you'll find fantastic levels of comfort and space in every seat. Up front, NASA-designed seats create neutral posture and improved blood flow to help make those long rides a lot more comfortable. Automatic air conditioning with dual-zone climate control* means you and your passengers can tailor the temperature individually.

*Available from ACENTA+. Please consult the technical specification for full line-up details.

INNOVATION AT YOUR FINGERTIPS.

The all new NP300 NAVARA cabin is packed full of the innovative technology seen on Nissan's market-leading Crossover range*. Nissan Intelligent Key with start push button ignition allows you to lock and unlock the doors and start the engine without taking the key out of your pocket. The cruise control, speed limiter and AM/FM/CD audio system can all be operated through steering wheel mounted controls. The Bluetooth hands-free phone system lets you make and take calls with ease, while the USB port and the AUX socket allow you to play your favourite music from your phone or MP3 player.

*Specification varies by grade. Please consult the technical specification for full line-up details.

INFORMATION THAT'S RIGHT IN FRONT OF YOU.

With so much going on around you, it's easy to lose sight of what's most important: Driving. From fuel economy to song tracks to navigation instructions, the 5" HD full colour TFT screen combimeter* displays information right in front of you – so you can keep your eyes on the road.

*Available from ACENTA. Please consult the technical specification for full line-up details.

NissanConnect

YOUR WORLD, SERVED UP.

With NissanConnect 2.0*, the all new NP300 NAVARA can sync perfectly with your smartphone. Your own hand-picked music, Facebook news feed, latest tweets, TripAdvisor tips, and more can all come along for the ride, working seamlessly together through your smartphone and the 7" colour touch-screen. It keeps on getting better: the basic app package is free for the first three years.

The NissanConnect 2.0* satellite navigation and entertainment system also comes with digital radio (DAB), Bluetooth telephone integration and audio streaming, traffic updates and eco driving tracking.

*Available from N-CONNECTA. Please consult the technical specification for full line-up details.

NISSAN SAFETY SHIELD

SURROUND YOURSELF WITH CONFIDENCE.

The Nissan Safety Shield is a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of many on the all new NP300 NAVARA, helping to protect you by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe.

Traction Control System (TCS). TCS senses when a drive wheel starts to slip and reduces engine power or applies brake pressure to help restore traction.

Zone Body Concept. Nissan's Zone Body Concept helps absorb the impact and protect the passenger compartment in the event of a collision. It features a high-intensity cabin structure with crossmembers and reinforcements, front and rear crumple zones, and an energy-absorbing steering column.

7 Standard Air Bags. Driver and passenger airbags in the front, two side-impact air bags mounted in the front seats, two side-impact curtain air bags mounted in the roof and an air bag for the driver's knee.

Around View Monitor*. Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views. You can also check slow-speed manoeuvring on-road or off-road to avoid obstacles.

Forward Emergency Braking (FEB)*. Radar mounted in the front bumper measures the gap to the car in front. If it recognises there is a risk of collision, it will give an audible and visual warning. If the driver doesn't brake enough, the vehicle will automatically brake to avoid an accident.

Anti-lock Braking System wABS). ABS prevents the wheels from locking under hard braking, allowing you to stop quicker and at the same time steer around obstacles.

Electronic Brake force Distribution (EBD). EBD automatically sends extra force to the rear brakes when it detects there's additional weight in the back.

Vehicle Dynamic Control (VDC). VDC monitors your steering, braking and the vehicle's stability and, if needed, will reduce engine power and apply brake pressure to specific wheels in order to keep you on your intended path.

Electronic Limited Slip Differential (eLSD). In low-traction conditions (snow, mud, dirt, bumps, slopes, etc.) the vehicle senses if one wheel is slipping and automatically slows that wheel using the brakes to regain traction and keep you moving. Works on all 4 wheels.

*Items not available on all grades. Please consult the technical specification for full line-up details.

WORK HARDER FOR LONGER.

Engineered to give years of tough, reliable service, the all new NP300 NAVARA is the pick-up of the pros. Heavy duty to the core and built to last, it's a highly dependable partner which will help your business thrive. Fully equipped with Nissan's latest technology suite, this workhorse has true pedigree.

WEIGH YOUR OPTIONS.

The all new NP300 NAVARA meets the needs of businesses with a diverse range of vehicles. Choose from the increased load bed capacity of the King Cab or the crew-friendly seating of the Double Cab. Chassis versions without the rear load bed are also available for conversion purposes.

STAY IN SHAPE WITH NISSAN GENUINE ACCESSORIES

Style and protect your pick-up with Nissan Genuine Accessories, tailor-made for the all new NP300 NAVARA to keep it tougher and smarter for longer.

NISSAN LCV 5 YEAR / 100,000 MILE MANUFACTURER WARRANTY

Nissan now offers a standard 5 Year / 100,000 Mile Pan-European Manufacturer Warranty on its whole LCV range*. This is much more than just a warranty as it includes:

- 5 Year or 100,000 Mile bumper-to-bumper protection
- 5 Year Paintwork Warranty – covering the body paint
- 5 Year Nissan Genuine Parts & Accessories Warranty
- 5 Year Roadside Assistance
- 12 Year Corrosion Warranty on NP300 NAVARA
- Fully transferable

With service intervals at 24 months or 18,000 miles for all new NP300 NAVARA, you'll not only have 5 years' peace of mind but also low running costs into the bargain.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design vehicles, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

*5 Year / 100,000 Mile (whatever comes first) Manufacturer Warranty for the LCV range (with the exception of eNV200: 5 Year / 60,000 Mile Manufacturer Warranty for EV system parts, 3 Year / 60,000 Mile for the rest of the vehicle)
Unlimited mileage for Paintwork, Nissan Genuine Parts & Accessories, Roadside Assistance & Corrosion Warranties.
For more details, please refer to Nissan Warranty Booklet.

CUSTOMER SERVICES

SPECIALISED NETWORK

Nissan provides a specialised network of dealerships to support your specific vehicle requirements:

- Pan-European coverage
- Dedicated Sales & After Sales staff
- Competitive financing solutions
- Tailor made conversions offer
- Competitive extended warranty offers beyond Nissan's LCV 5 Year / 100,000 Mile Warranty.
- Test drive of your choice

AFTERSALES SERVICES

If your car breaks down, it's inconvenient. If your pick-up breaks down, it's a serious blow to your business. Even time allowed for servicing is downtime, when your vehicle isn't earning its keep. At Nissan, we understand these hard business facts. So we do the best to ensure that your vehicle stays where it belongs – working for you, on the road.

NISSAN SERVICE CONTRACTS

Together, you and your Nissan dealer can establish a Nissan Service Contract which provides Service and Maintenance cover for the mileage and period that suits your business best. Giving you true peace of mind, this Contract will ensure that your NP300 NAVARA is cared for by dedicated Nissan technicians.

5 YEAR ROADSIDE ASSISTANCE

- Pan-European coverage for breakdowns, accidents, non-warrantable incidents (such as flat tyres, lost keys, wrong fuel...)
- 24/7, 365 day
- Emergency Call Centre
- Prompt roadside assistance

If this is not possible and your pick-up is still immobilised after a few hours, we will make sure you are provided with a courtesy vehicle as soon as possible or if necessary, overnight accommodation and travel to your onward destination or back to your base. We will also recover your immobilised pick-up.
