# **Tequipment Panamera**

**Accessories for the Panamera model range**

# Tequipment

**It's the way we've always done it: differently.**

The Panamera. Four doors, four seats, and plenty of flexible space. A sports car for four. It's a typical Porsche: lightweight, economical, agile, safe and comfortable. In no way cumbersome, but exceedingly dynamic. We call this 'Porsche Intelligent Performance'.

Just like the Porsche Tequipment range of accessories, for a special touch of individuality. Ingenuity down to the very last detail. On the surface they may appear to be just individual accessories, but they are in fact part of a grander harmonious concept. They give the Panamera an even sportier touch, even more character.

Each component not only has to be visually appealing, it also has to be technically compatible.

That is why all the model-specific products in the Tequipment range have been developed, tested and formulated with the complete vehicle in mind, and by the same Porsche engineers and designers who made your car.

Every product undergoes exhaustive testing throughout its development to ensure outstanding performance and durability. This is because they have to meet the highest standards of Porsche quality and functionality.

One of the highlights is the SportDesign package. In typical Porsche fashion, we see form following function, for the best possible combination of performance and everyday practicality. As part of its development, the SportDesign package was

subjected to continuous loads on specially designed test rigs. Aerodynamics and downforces, for example, were evaluated extensively in the wind tunnel and adapted to the overall aerodynamic concept of the Panamera. Laboratory analyses provided confirmation of material and surface quality, and behaviour under dynamic driving conditions was subsequently observed on the racetrack.

Whichever Tequipment products you ask your Porsche Centre to fit, one thing remains unchanged: your original vehicle warranty.

You will find more information about our aftermarket personalisation options at [www.porsche.com](http://www.porsche.com).

# Exterior

**Have you ever dreamt of being able to design a sportscar?  
Now you can.**

With the Panamera – as with any Porsche – form follows function and this form is sure to turn heads. A low wide stance, a sleek roofline. The overall impression leaves you in no doubt that these are true sportscar proportions.

Porsche's newest model line may have only been in production since April 2009, but you've found a way to improve it already? Then this is your chance to take on the role of a Porsche designer.

If you would like to make your Panamera even more dynamic, the SportDesign package from Porsche Tequipment would be a good starting point.

SportDesign package

SportDesign package

**SportDesign package**

Sportswear should be functional and tailor made. The SportDesign package was developed specifically for the Panamera. It comprises an imposing front apron with black air intake grilles (left, centre, right), distinctive sideskirts and the standard rear apron equipped with a finned diffuser.

**SportDesign package without sideskirts**

This sporty package was developed for vehicles already factory-equipped with the sideskirts from the Porsche SportDesign package.

**Sideskirts**

Specially designed sideskirts for both sides of the vehicle.

**Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)**

Love at first sight: customise the imposing Bi-Xenon main headlights including Porsche Dynamic Light System (PDLS) with a black finish on the inner trim, tubes and painted border.

Only available for vehicles with Bi-Xenon main headlights including PDLS.

Sideskirts

Bi-Xenon main headlights in black including PDLS

20-inch Panamera Sport wheels with summer tyres

## Wheels

The wheels of the Panamera all have one thing in common: classic sports car design. Elegant, light-weight and exciting, with sizes ranging from 18 to 20 inches. Their light-alloy construction reduces unsprung masses and allows a direct glimpse of the Porsche

brake system. Another example of sporty styling, it's a design that promises to make the difference: even more driving pleasure.

### **20-inch Panamera Sport wheels with summer tyres**

The 20-inch Panamera Sport wheels with summer tyres place the emphasis on performance, adding to the car's appeal in terms of looks and dynamics. Painted in GT Silver Metallic, these alloy

wheels with a multi-spoke design are generously dimensioned (9.5 inches wide at the front, 11.5 inches wide at the rear) to create a larger contact patch for a more sporty appearance and to maximise traction.

Provisionally available from 08/2011.

20-inch Panamera Sport wheels painted black (high-gloss) with summer tyres

20-inch 911 Turbo II wheels with summer tyres

**20-inch Panamera Sport wheels painted black (high-gloss) with summer tyres**

These multi-spoke alloy wheels have centre spokes with a black painted finish. For a special touch, they are ringed in GT Silver Metallic and feature wheel centres in black

(high-gloss) with a full-colour Porsche Crest. Same dimensions as the 20-inch Panamera Sport wheel.

**20-inch 911 Turbo II wheels with summer tyres**

This wheel and tyre set is both powerful and dynamic. The elegant design of the forged alloy wheels with a two-tone finish is the epitome of individuality on the road.

20-inch RS Spyder Design wheels with summer or winter tyres

19-inch Panamera Turbo wheels with summer or winter tyres

**20-inch RS Spyder Design wheels with summer or winter tyres**

This design takes its cues from the wheels that adorned the successful Porsche RS Spyder race car. The prominent features of these sporty, lightweight forged aluminium wheels are the seven Y-shaped dual-arm spokes and the polished wheel rims. Wheels come with a choice of summer or winter tyres.

**19-inch Panamera Turbo wheels with summer or winter tyres**

Uncompromisingly sporty and designed for supreme performance. Harmonious down to the very last detail. These alloy wheels with five dual-arm spokes allow a direct glimpse of the Porsche brakes. Wheels come with a choice of summer or winter tyres.

Also available with low-rolling-resistance all-season tyres.

19-inch Panamera Design wheels with summer tyres

18-inch Panamera S wheels with winter tyres

**19-inch Panamera Design wheels with summer tyres**

These alloy wheels may be perfect for everyday use, but they are anything but ordinary. Their styling is as unique as that of the Panamera itself. Five intricate V-shaped spokes give these wheels a supremely elegant look.

**18-inch Panamera S wheels with winter tyres**

These sporty classic alloy wheels are characterised by their strong grip and unique styling, and make an important contribution to safety in the cold weather.

Not compatible with the Panamera Turbo.

**18-inch Panamera wheels with winter tyres**

With the appropriate equipment, driving a Porsche can be enjoyed all year round, including the winter months. These alloy wheels for the Panamera feature a five-spoke design and a set of winter tyres.

Not compatible with the Panamera Turbo.

For further product information and part numbers, please refer to the Panamera Tequipment price list.

See pages 18 to 21 for wheel and tyre specifications.

■ Compatible

– Not compatible

<sup>1</sup> Up to max. 240 km/h (149 mph).

<sup>2</sup> Compatible with snow chains.

<sup>3</sup> Not compatible with Porsche Ceramic Composite Brake (PCCB).

If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

Note: The wheel centres shown are not included, except in the case of the 20-inch Panamera Sport wheels painted black (high-gloss). All tyres fitted are designed exclusively for Porsche, as indicated by the special Porsche designation (NO, N1 etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

### Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above approximately +7 °C. Below this point, the tyre compound begins to harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year so that you can drive your Panamera safe in the knowledge that it will continue to meet our high standards for driving safety even at low temperatures. All winter tyres approved by Porsche are identified by an 'N' designation on the sidewall.

Snow chains

**Snow chains**

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow.

**Wheel centres**

Set of wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for any Panamera wheel.

For the 20-inch Panamera Sport wheel in a GT Silver Metallic finish.

For the 20-inch Panamera Sport wheel painted black (high-gloss).

For the 20-inch 911 Turbo II wheel in a titanium-coloured paint finish.

**Crested valve caps**

Silver-coloured valve caps with embossed Porsche Crest.

**Wheel spacers**

Set of two 5-mm wheel spacers and 20 wheel bolts, four of which are anti-theft wheel bolts. The

spacers are for the rear axle and create a wider track for enhanced stability and presence on the road. When fitted, your Panamera will look even sportier, as the wheels run virtually flush with the body of the car.

Not compatible with the 20-inch Panamera Sport wheel or snow chains.

**Anti-theft wheel protection**

Set of four wheel bolts with anti-theft protection. Two versions

Wheel centre

available: for vehicles with or without wheel spacers.

**Wheel bolts in black including anti-theft protection**

Set of 20 wheel bolts, four of which are anti-theft wheel bolts.

Two versions available: for vehicles with or without wheel spacers.

For further product information and part numbers, please refer to the Tequipment Panamera price list.

# Performance

**Performance is something you have to work on.**

The Panamera is a Porsche, so it was never going to be ordinary. It's a development that draws on experience gained from six decades of Porsche motorsport and over 28,000 racing victories.

The result is clear to see, and can be felt the moment you depress the accelerator. Everything about the Panamera is uncompromisingly sporty, but there is room for even more. For example, you could

select the Porsche Ceramic Composite Brake (PCCB) or the Panamera Turbo Powerkit. Or why not combine the two?

Panamera Turbo Powerkit

### Panamera Turbo Powerkit

The only alternative to power? Even more power. The Panamera Turbo Powerkit raises the maximum power output of your Panamera Turbo by 40 hp to 540 hp, while maximum torque is increased to 750 Nm. For vehicles with the Sport Chrono Package Turbo, a maximum torque of 800 Nm is available (with the Turbo overboost function).

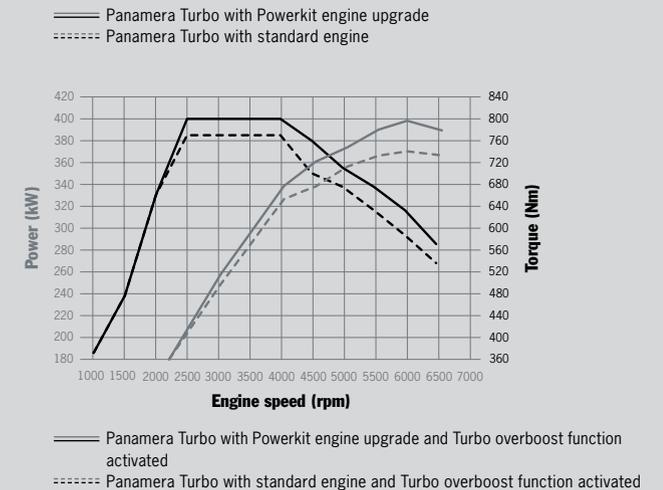

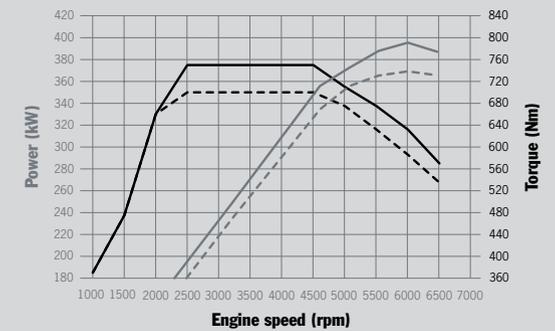

This power upgrade was achieved through a series of measures, including a modification to the engine electronics and twin turbochargers with turbine wheels in titanium/aluminium. The brake cooling system has been further refined by optimised brake air ducts and spoilers (standard in conjunction with the Porsche Ceramic Composite Brake (PCCB)). Other modifications include a

sophisticated restyling of the engine compartment. The throttle valve cover features a plaque in carbon and the intake manifold is titanium coloured with inlays in carbon and featuring a silver coloured 'turbo' logo.

For you, the combined effect of these refinements means increased vehicle performance and even more driving pleasure. You can

also rest assured that your warranty covers all these modifications in full.

Some models may require additional components. For more information, please consult your Porsche Centre.

Performance	Panamera Turbo with PDK
Top speed	305 km/h (190 mph)
Acceleration	
0-100 km/h (0-62 mph)	4.1 secs
0-100 km/h (0-62 mph) with Turbo overboost function activated	3.9 secs
Flexibility/overtaking acceleration (80-120 km/h) (50-75 mph)	2.6 secs

Panamera Turbo Powerkit

Panamera Turbo (figures in **bold** with low rolling resistance 19-inch all-season tyres): fuel consumption in l/100 km (mpg): urban 17.0/**16.7** (16.6/**16.9**), extra urban 8.4/**8.3** (33.6/**34.0**), combined 11.5/**11.3** (24.6/**25.0**) CO<sub>2</sub> emissions in g/km: 270/**265**

Porsche Ceramic Composite Brake (PCCB)

### **Porsche Ceramic Composite Brake (PCCB)**

PCCB is a high-tech brake system. Its carbon-fibre-reinforced, internally vented and cross-drilled ceramic brake discs have a diameter of 410 mm at the front and 350 mm at the rear. Six-piston aluminium monobloc brake calipers at the front and four-piston units at the rear – all with a yellow

finish – provide extremely high and consistent levels of friction.

The brake discs are made from a specially treated carbon-fibre material that is not only much harder than metal, it is also more resistant to heat. PCCB brake discs are also 50% lighter than standard discs of similar design, which increases agility and reduces fuel consumption.

Only available for Panamera Turbo with 20-inch wheels.

### **Sports exhaust system**

The sports exhaust system comprises an optimised main silencer with tailpipes in a unique design. The sporty sound is selected using a separate button in the centre console.

Sports exhaust system

### **Sports tailpipes**

Give the rear of your Panamera an even more powerful look with these twin dual-tube tailpipes in a unique design in highly polished chrome-plated stainless steel.

Not compatible with sports exhaust system.

Not available for Panamera Diesel or Panamera S Hybrid.

Sports tailpipes

# Interior

**Sportiness and comfort are mutually exclusive.  
Or so you thought.**

The Panamera offers an excellent combination of sportiness, comfort, flexibility and personal freedom.

Freedom, for example, to customise the interior. After all, the Porsche of your dreams has never been so

within your reach. How about creating a little more individuality by selecting the Yachting Mahogany or natural olive wood interior? Or even one of our other high quality materials such as carbon or brushed aluminium? Each material

is available as part of our Equipment interior packages. Give your Panamera its own unique character. Even more sporty, even more exclusive? The choice is yours. The following pages will give you all the inspiration you need.

Brushed aluminium interior package

**Walnut<sup>1</sup>**

A classic, high quality dark wood with a unique and appealing grain.

**Tineo<sup>1</sup>**

This light, reddish-brown hardwood from the South American Andes creates a very elegant look thanks to its striking horizontal grain.

**Anthracite birch<sup>1</sup>**

This anthracite coloured birchwood has an attractive wavy grain, an

impressive dual-tone effect and a silky sheen.

**Natural olive<sup>1</sup>**

A high quality ash wood with an olive grain and a silky matt sheen, giving a combination of elegance, individuality and luxury.

**Yachting Mahogany<sup>1</sup>**

Inspired by the construction of exclusive yachts, mahogany is a fine dark wood. Light maple inserts provide a stylish contrast.

**Carbon**

Carbon is a light but highly durable material which has its origins in motorsport. Its sporty look is the ideal complement to the car's race bred engineering.

**Brushed aluminium**

Brushed aluminium sets clear accents and gives the interior a sporty minimalist appearance.

**Alcantara**

This high quality material is easy to care for, washable and has excellent non-slip properties.

<sup>1</sup> Since wood is a natural product, there may be variations in colour and grain.

Interior in carbon

Interior in Yachting Mahogany

### Interior packages

Would you like to make your Panamera even more individual, even more refined, or even sportier? Our range of interior packages enables you to choose the finish you would like for the decorative trims on the dashboard and doors, the decorative plate on the centre console lower section, the front ashtray cover, the cupholder cover in the rear and the storage

compartment lid on the rear centre console. Packages are available in walnut, tinea, anthracite birch, natural olive, Yachting Mahogany, carbon or brushed aluminium.

### Extended trim package

The extended trim package creates an outstanding effect when combined with one of our interior packages, but is equally attractive on its own. The extended trim package

comprises the PDK<sup>1</sup> gear selector in aluminium and the multifunction steering wheel rim (not including airbag module) available in walnut, tinea, anthracite birch, Yachting Mahogany or carbon.

Only available for vehicles with PDK and multifunction steering wheel.

<sup>1</sup> 7-speed Porsche Doppelkupplung (PDK).

Extended trim package in carbon

Extended trim package in Alcantara

PDK gear selector in aluminium

**Extended trim package in Alcantara**

This package comprises a PDK gear selector and multifunction steering wheel with steering wheel rim in black Alcantara.

Only available for vehicles with PDK and multifunction steering wheel.

**PDK gear selector in aluminium**

Specially designed PDK gear selector in aluminium. The PDK gear selector inlays feature leather trim in the interior colour.

**PDK gear selector in Alcantara**

This gear selector highlights the close association between Porsche and motorsport. Finished in black Alcantara.

PDK gear selector in Alcantara

SportDesign steering wheel

**SportDesign steering wheel**

This leather steering wheel, available in selected leather colours and with gearshift paddles located behind the right- and left-hand spokes, will appeal to anyone who wants to make motorsport style gear changes. The right-hand paddle shifts up, the left-hand paddle shifts down,

confirming that optimum comfort and sportiness needn't be mutually exclusive.

Not available for vehicles with manual gearbox.

**Key pouch in leather**

In smooth-finish leather with decorative stitching and embossed Porsche Crest. Includes a tether for the vehicle key.

Key pouch in leather

**Vehicle key painted**

One vehicle key featuring side mouldings with a painted finish. Available in selected colours.

Vehicle key painted

Cooling compartment in the rear

### Cooling compartment in the rear

The cooling compartment integrated between the individual seats in the rear has a capacity of 10.5 litres and features a separate on/off switch. It chills to a temperature of approximately 6 °C.

Two drinking glasses with Porsche Crest and logo are included. The cooling compartment is accessible through the opening in the large rear centre console located between the seats.

Only available for vehicles with large centre console in the rear.

Sun/privacy screen

### Sun/privacy screen

Protects against direct sunlight through the rear screen and at the same time provides additional privacy. Attaches to the rear screen by a system of clips.

Not compatible with the reversible loadspace mat, the luggage net or the cargo liner.

Cooling compartment reduces luggage compartment capacity.

Reversible loadspace mat with nubuck edging

**Reversible loadspace mat with nubuck edging**

This reversible mat with loading edge protection shields the luggage compartment from dirt and protects the vehicle paintwork from scratches during loading. One side is trimmed in velour in the interior colour, the other side

features a hard-wearing, non-slip rubber surface.

Not compatible with the cooling compartment in the rear.

**Floor mats with nubuck edging**

Precision down to the last detail: four made-to-measure floor mats with nubuck edging and 'PORSCHE' logo, which have a waterproof backing and are non-slip. Floor mat displacement is prevented by a special securing system.

Floor mats with nubuck edging

**Rubber floor mats**

Four made-to-measure floor mats in an appealing design featuring the Panamera silhouette. Non-slip and waterproof.

Rubber floor mats

Door sill guards in Yachting Mahogany

**Door sill guards**

For a sporty and striking effect, illuminated or non-illuminated door sill guards provide a stylish and dramatic finishing touch. Those featuring a white illuminated model logo are a special highlight. Fitted front and rear, the door sill guards

are available in a selection of elegant materials: Yachting Mahogany, a dark wood with light maple inlays (high-gloss); carbon, a material reminiscent of the race track; or brushed aluminium, a durable material with a classy look.

Available with 'Panamera', 'Panamera 4', 'Panamera S', 'Panamera 4S', 'turbo' or 'turbo S' logo.

Door sill guards in Yachting Mahogany are non-illuminated and

come without logo. Provisionally available from 09/2011.

For further product information and part numbers, please refer to the Tequipment Panamera price list.

Door sill guards in carbon

Door sill guards in carbon, illuminated

Door sill guards in brushed aluminium, illuminated

PCM with navigation module and CD/DVD autochanger

Universal audio interface

## Audio and communication

### PCM with navigation module and CD/DVD autochanger

The central information and communication system with a high-resolution 7-inch WVGA TFT colour touchscreen is easy to operate. The radio has an FM dual tuner frequency diversity with RDS, which continuously scans for the optimum frequency. The six-disc CD/DVD autochanger plays CDs and

audio DVDs and is MP3-compatible. Audio playback of video DVDs is also supported. The GPS navigation system has a hard drive containing map data for most European countries. Other features include dynamic route calculation, a 3D map display and automatic route recording.

Only available for vehicles with BOSE® Surround Sound System or Burmester® High-End Surround Sound System.

### Navigation update PCM 3.1 (not shown)

Latest map update (Model Year 2011) for your navigation system.

Please consult your Porsche Centre for information on the data version of your PCM.

### Universal audio interface

For vehicles with PCM, the front armrest storage compartment will contain two connections: an AUX interface for connecting an external audio source, and a USB port enabling you to connect a

USB memory stick containing MP3 tracks, an MP3 player, an iPod® or an iPhone®. The USB stick, iPod® or iPhone® can be operated conveniently via PCM, the multifunction steering wheel or the voice control system.

Electronic logbook

### Electronic logbook<sup>1</sup>

The optional electronic logbook enables automatic recording of mileage, route distance, time and date, starting point and destination as part of every journey. Once you have downloaded the logbooks from the PCM via Bluetooth® or the optional USB interface, you can evaluate the data on your home PC using the software supplied.

### Telephone module<sup>1</sup>

The quadband GSM telephone module offers convenience and excellent reception. By inserting a SIM card directly into the PCM's integral SIM card reader, calls can be made using either the hands-free facility or the optionally available cordless handset. Alternatively, the Bluetooth® capability of a mobile phone can be used to make calls.

### Mobile phone preparation<sup>1</sup>

To enable a Bluetooth® connection for those mobile phones that support the Handsfree Profile (HFP)<sup>2</sup>, an optional mobile phone preparation is available. With HFP, the PCM acts as a hands-free system. Using the PCM, it is possible to control the basic functions of the mobile phone. The GSM connection is established through the mobile phone's aerial.

### Cordless handset for telephone module

Bluetooth® handset display and separate keypad for making telephone calls discreetly.

Only available for vehicles with PCM and telephone module.

<sup>1</sup> Only available for vehicles with PCM.

<sup>2</sup> For information on compatible mobile phones, please contact your Porsche Centre or visit [www.porsche.com](http://www.porsche.com).

Telephone module

Mobile phone preparation

Cordless handset for telephone module

Porsche Vehicle Tracking System (PVTs)

**Porsche Vehicle Tracking System (PVTs)**

Enables remote location of a stolen vehicle within 27 European countries as well as Russia and South Africa. Location is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle owner.

In addition to the extra security offered by this system, it may also, depending on the country, reduce your insurance premium. The system has been tested using multiple simulated thefts in order to ensure that the service fully meets strict Porsche requirements. Your Porsche Centre will be happy to provide you with further information.

Only available for vehicles already equipped with preparation for the Porsche Vehicle Tracking System (PVTs).

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

Wireless internet access

**Wireless internet access**

A compact, high-end WLAN router installed neatly in the glove compartment and an additional aerial fitted inconspicuously between the A-pillar and windscreen surround enable you to receive and broadcast the signal of your mobile network provider. This convenient internet access point gives you on-the-move online access from

multiple WiFi-enabled client devices (e.g. laptops, smartphones or netbooks), simultaneously if necessary, up to a maximum download speed of 7.2 Mb/s. Supports the HSPA/UMTS, EDGE and GPRS mobile data networks.

A data-enabled SIM card and a separate, valid subscription to a mobile network provider (subject

to charge) are required for internet access.

For further product information and part numbers, please refer to the Tequipment Panamera price list.

## Transport and car care

**The Panamera has space for four.  
Luggage included.  
Not only on the inside.**

Four adults and their luggage in a sports car? Yes, it is possible – in the Panamera.

The interior of the Panamera offers occupants plenty of space and comfort. For children, we have a range of optional Porsche child seats.

Our roof transport systems ensure that even bulky items of luggage can be accommodated.

The cargo liner shields the luggage compartment from dirt. The luggage net holds items safely in position. A car cover protects the exterior of your vehicle. We also

offer a range of car care products so that your Panamera always makes an excellent, sporty impression.

## Child seats

Travelling in a Porsche is not just for grown-ups. With Porsche Tequipment child seats, it's for the little ones, too. Now passengers below the age of 12 need never miss out.

### Porsche child seats

Porsche child seats meet strict safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers

up to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean with a removable and washable cover in black and grey with a contrasting red trim. The Porsche child seats can be

Child seats	Models	Group	Weight	Age	Panamera front	Panamera rear
	Porsche Baby Seat ISOFIX, G 0+	0+	up to 13 kg	up to approx. 18 months	yes <sup>1</sup>	yes
	Porsche Junior Seat ISOFIX, G 1	1	9 to 18 kg	approx. 9 months to 4 years	yes <sup>1</sup>	yes
	Porsche Junior Plus Seat, G 2 + G 3	2+3	15 to 36 kg	approx. 3½ to 12 years	yes	yes

<sup>1</sup> The use of a Porsche child seat on the front passenger seat is permitted only in conjunction with ISOFIX child seat mounting points on the front passenger seat (pre-delivery option order no. 899).

fixed conveniently and safely. For increased safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

Roof transport system

Roof box (wide)

## Transport and car care

### Roof transport system

Versatile base carrier offering a maximum roof load of up to 75 kg. Compatible with all Tequipment load carrying attachments for a variety of purposes. Includes anti-theft security caps and locks.

Rear hatch opening may be partially reduced when carrying longer roof loads.

### Roof box (wide)

Lockable plastic roof box in black (high-gloss) with a capacity of approximately 520 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,180 x W 895 x H 400 mm.

### Roof box (narrow)

Lockable plastic roof box in Silver Grey with a capacity of approximately 310 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,260 x W 550 x H 380 mm.

Roof box (narrow)

Ski/snowboard carrier

**Ski/snowboard carrier**

Two versions are available: one for up to four pairs of skis or up to two snowboards, and one for up to six pairs of skis or up to four snowboards.

**Surfboard carrier**

Carrier for the safe transport of board and mast.

**Boat carrier**

Mounting system for the safe transport of a boat.

Not suitable for rubber dinghies.

Surfboard carrier

Boat carrier

Bike carrier

**Bike carrier**

Lockable carrier for standard bikes up to a maximum frame-tube diameter of 85 mm. Up to three bike carriers can be mounted on the roof transport system.

Outdoor car cover

**Outdoor car cover**

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent, it provides excellent protection against a range of weather conditions including strong sunlight. Includes anti-theft protection.

**Indoor car cover**

Tailored indoor cover made from breathable and anti-static fabric.

With full-colour Porsche Crest and logo.

**Luggage net**

Floor net for holding items in the luggage compartment safely in position. The easy-to-use net is attached to the lashing eyelets on the luggage compartment floor by four integral hooks. The net's highly elastic material enables you to vary its tensioning force.

Not compatible with the cooling compartment in the rear.

**Coolbag**

Handy coolbag for chilling food and drinks. Features a 12-volt connection and a capacity of 12 litres. Porsche-patented securing system for safe transport. Features deep-discharge protection for the car battery.

**Cargo liner**

Waterproof and washable, this made-to-measure liner in black plastic protects the luggage compartment from dirt. Ideal for transporting shopping or sports equipment to and from the car.

Not compatible with the cooling compartment in the rear.

Wheel cleaning kit

**Wheel cleaning kit**

Care products and brush set for alloy wheels. Cleaning fluid also available separately as a refill.

**Porsche Charge-o-mat II**

Battery charger with charge maintenance and monitoring function. An optional adapter is available for vehicles without cigarette lighter.

**Microfibre cleaning cloth**

Pack of three microfibre cloths enabling the PCM touchscreen and other delicate interior surfaces to be cleaned safely and efficiently.

**Ice scraper**

Practical accessory featuring aluminium telescopic handle enabling easy removal of ice and snow from your Porsche. Integral rubber lip for removing water.

**Interior care kit**

Contains cleaning products and accessories, including velour cleaner, leather cleaner and conditioner and glass cleaner.

**Car-care case**

Aluminium case containing high quality car-care products approved for your Porsche. Includes insect remover, shampoo, paint polish, wax, glass cleaner,

leather cleaner and conditioner. All products are available separately.

For further product information and part numbers, please refer to the Tequipment Panamera price list.
