Philosophy

**Our cars are state of the art,
and made to measure.**

Exclusivity. Individuality. Craftsmanship. Concepts which have always been associated with Porsche.

Porsche Exclusive stands for the individual personalisation of your vehicle, direct from the factory. The possibilities are as wide ranging as your imagination. You tell us what you want and we will do our utmost to give it to you – provided, of course, that it is technically feasible and does not compromise quality.

When customising a car, it is not enough just to use the best available materials. Our overriding principle has always been to make full use of the traditional skills of our craftsmen, carrying out the work by hand where necessary. Our specialists have years of experience in hand-crafting decorative hardwoods, enabling us to bring out the individual character of this superb material.

What about carbon? Lightweight, extremely durable and manufactured to ensure an exact fit. It expresses all the excitement of the racetrack. Or aluminium? Brushed or high-gloss, this lightweight alloy accentuates the finer details of your Panamera.

So whether you would like to personalise the interior or exterior of your car, your wish is our command.

Material composition: Yachting Mahogany, leather, carbon and aluminium

Exclusive examples

Vehicle: Porsche.

Details: Porsche Exclusive.

A Porsche is more than just a car. It is also an expression of the personal freedom of its driver, and of their very own taste and lifestyle.

Porsche Exclusive offers you a wide range of individual extras so you can personalise your car to your own unique requirements, straight from the factory. Visual and technical enhancements, for the interior and exterior, the way you want them.

The most important extra, though, is time. For it is only by taking the utmost care during the consultancy, planning and processing phases that it is possible to create something really special. Something which is exactly tailor made to your requirements – down to the finest detail. Something unique, with its own individual character. A Porsche which is as special as its driver.

The following pages will show you five examples of Exclusive personalisations which are sure to inspire you.

Find out more about how to design your own special Porsche on page 40.

White Panamera Turbo

As usual, you prefer to have everything in black and white.

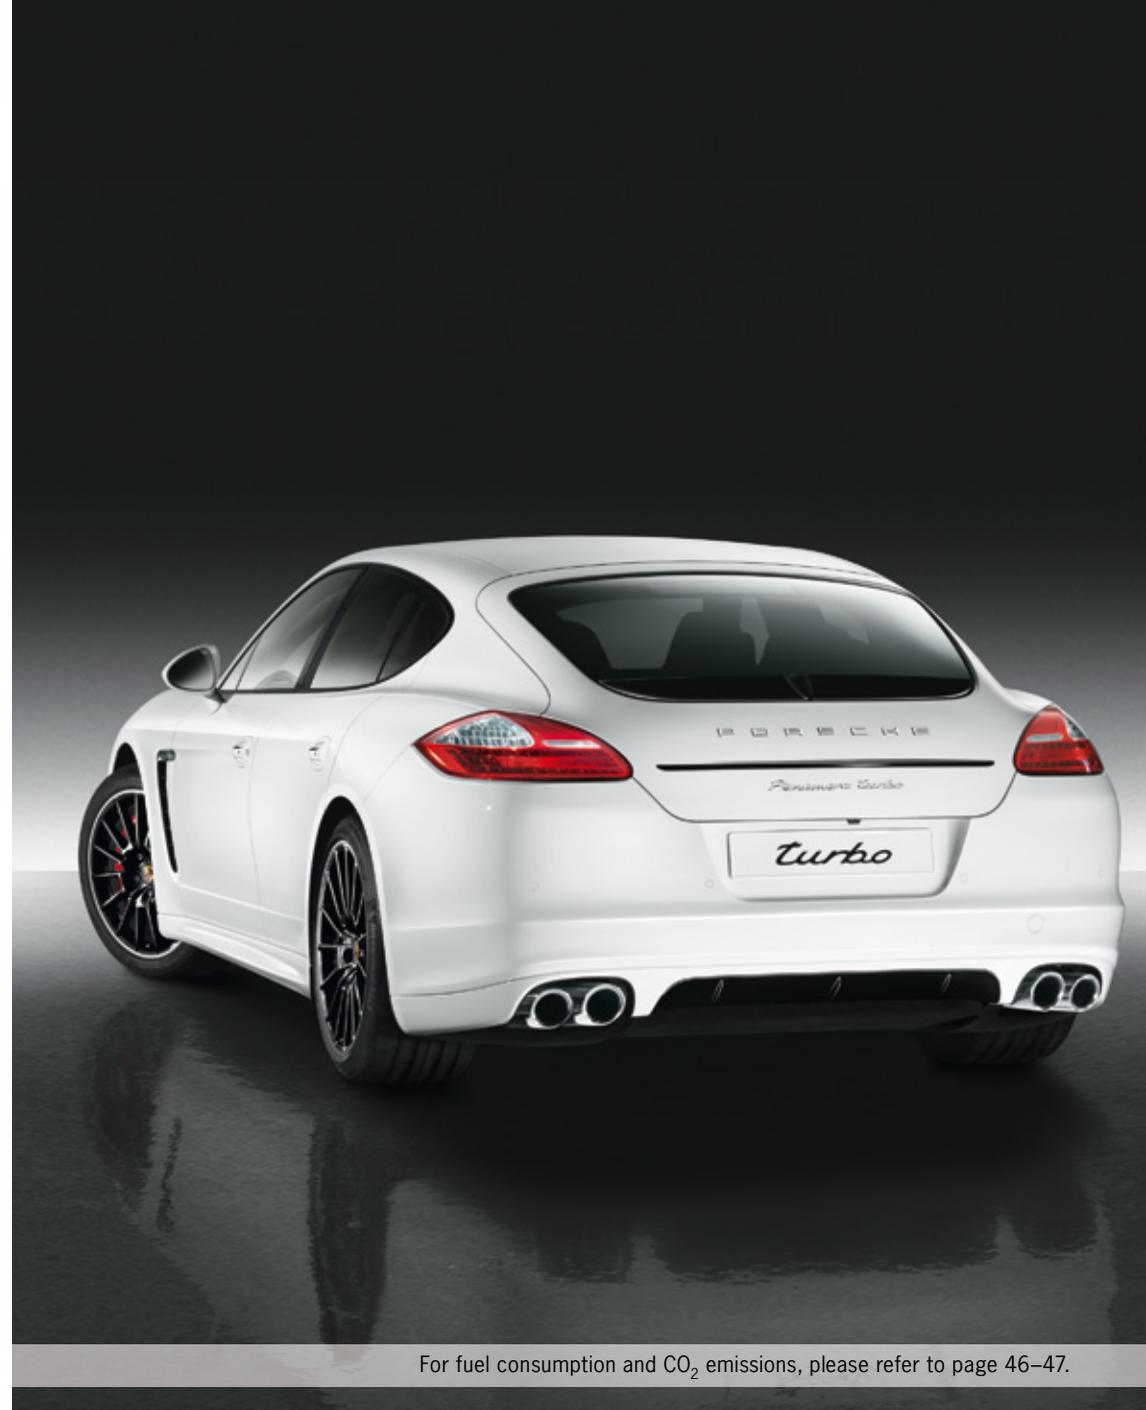

The exterior details painted in black. The interior package painted, PDK gear selector in aluminium and several features in Espresso natural leather – including the air vent slats. Everything according to your requirements and down to the finest detail, and all of the highest quality – just like the car.

Panamera 4S

Yachting Blue Metallic

Roads have their own tales to tell – twisting bends, and a passion for driving. Just like you.

The Panamera 4S in Yachting Blue Metallic. The SportDesign package gives the exterior a dynamic look. The Yachting Mahogany interior package provides a touch of maritime flair. Other highlights include a cooling compartment in the rear and Porsche Rear Seat Entertainment.

Panamera

Ruby Red

The first impression counts. So does the second, third, fourth...

You might wonder how the visual impact of the Panamera could possibly be enhanced. It could be, for example, with the diffuser painted in black and the air

outlet grilles with a painted finish. And in the interior? Natural leather in Espresso with selected details in Flamenco Red. Impressed?

Panamera Turbo

Basalt Black Metallic

Offering room for four and plenty of room to be creative.

The black colour scheme throughout allows the red design accents to be shown off to full effect. Your very own ideas and

desires brought to fruition. After all, it's often only in the small details where true style finds expression.

Panamera S

Carbon Grey Metallic

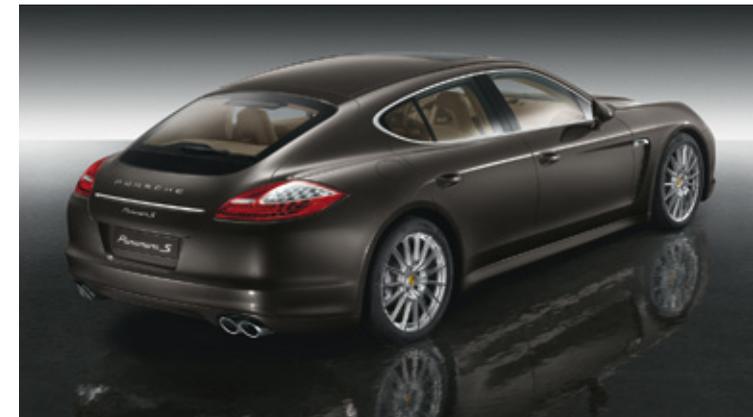

Some personalities captivate you immediately. Here is one of them.

Extremely charismatic – the Panamera S in Carbon Grey Metallic. Thanks to the interior package painted in a Carbon Grey Metallic finish. All the

finishing touches according to your personal request, right down to the Sport Chrono stopwatch dial face in Luxor Beige.

Colours and materials

**Exceptional, elegant,
excellent, exact.**

In a word: Exclusive.

We can offer a comprehensive selection of colours and materials for you to choose from when designing your new Porsche. A range of colours to sample is available for the exterior, while the interior can be refined with a selection of elegant woods and high-quality materials such as carbon, aluminium, Alcantara or elegant mahogany. You can find out what is possible at your Porsche Centre. Alternatively, you could visit one of our Customer Centres in Zuffenhausen or Leipzig, where we would be pleased to assist you directly and give you the exclusive advice you need (see page 40).

Paint in colour to sample: example colours to sample¹⁾

¹⁾ Must be technically feasible and meet Porsche quality requirements.

1. Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

2. Alcantara

This high-quality material is easy-care, washable and has a pleasant feel.

3. Carbon

Carbon is a light but highly durable material which has its origins in motorsport. Its hi-tech look gives a sporty feel to the interior.

4. Aluminium

Aluminium – brushed or high-gloss – is a lightweight alloy which accentuates the finer details of your Panamera.

5. Walnut²⁾

A classic, high quality, dark wood with a unique and appealing grain.

6. Tineo²⁾

This light, reddish-brown hardwood from the South American Andes creates a very elegant look thanks to its striking horizontal grain.

7. Anthracite birch²⁾

This anthracite-coloured birch wood has an attractive wavy grain, an impressive dual-tone effect and a silky sheen.

8. Natural olive²⁾

A high-quality ash wood with an olive grain and a silky matt sheen, giving a combination of elegance, individuality and luxury.

9. Yachting Mahogany²⁾

Inspired by the construction of exclusive yachts, mahogany is a fine, dark wood. Light maple inserts provide a stylish contrast.

²⁾ Since wood is a natural product, there may be variations in colour and grain.

Exclusive expertise

When was the last time your dream became reality?

What better way could there be to make a Porsche even more special than to add your own personal touch? This is the philosophy behind the Porsche 'personalisation programme', known since 1986 as Porsche Exclusive. You can have your vehicle individually tailored to your unique requirements even before it leaves the factory. Handcrafted visual and technical enhancements for the interior and exterior, using fine materials and with customary Porsche quality. The possibilities are as varied as your imagination allows.

At Porsche Exclusive, we create truly special cars and genuinely limited-edition production runs with an intense passion for detail and a focus on quality craftsmanship. Our ever constant goal is to ensure that each and every Porsche car is exceptional, with its own distinctive personality and character. The results are cars such as the legendary 911 Turbo Flatnose and, most recently, the 911 Sport Classic and 911 Speedster.

On the following pages, we showcase 10 extraordinary Porsche models. All limited editions, they epitomise the principle on which Porsche Exclusive is founded: exclusive expertise. Every vehicle created by Porsche Exclusive is unique and lives up to our claim and motto 'the most personal car'.

1 911 Turbo Flatnose

Between 1982 and 1989, Porsche gave new 911 Turbo customers the option of a front end based on the Type 935. While its style was not uncontroversial at the time, the Flatnose is now considered an Eighties' icon.

2 935 Street

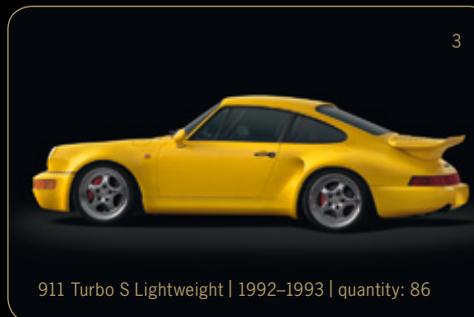

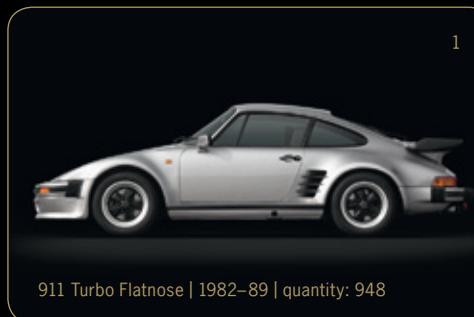

As a one-off in 1983, Porsche built a street-legal version of the Type 935 race car. The combination of power and luxury made the 935 Street unique in its time.

3 911 Turbo S Lightweight

In 1992 and 1993, the 911 Turbo S Lightweight was the highlight of the Porsche model range. Thanks to its purposefully weight-saving construction, it delivered extraordinary performance.

4 911 Carrera 2 Speedster Turbo Look

In 1993, Porsche realised an exclusive customer dream: 15 of the then brand-new 911 Carrera 2 Speedster models were given the prestigious Turbo Look by Porsche Exclusive. The brake system of the 911 Turbo was also available as an option.

5 911 Turbo Flatnose

A standout feature of the Type 964 series, the 911 Turbo Coupé was available in a Flatnose design. In addition to style modifications, these Flatnose models were often given an uprated Turbo engine.

6 911 Turbo Cabriolet

A Porsche Exclusive special for sun-loving and power-hungry customers, a limited number of the 911 Turbo was produced in Cabriolet form. The combination of fresh air and Turbo performance was available to just 14 customers.

7 911 Carrera Speedster

One of the rarest Porsche cars ever, the 911 Speedster was based on the 911 (Type 993) model series. Only two were made in 1995 and 2000.

8 911 Turbo S

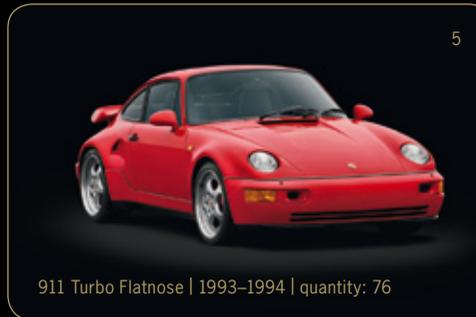

With the 911 Turbo S, the Porsche Exclusive tradition of small-scale production reached its high point but also its climax for the time being. The 993 Turbo S was the only model in the series to achieve a top speed of 300 km/h (186 mph).

9 911 Sport Classic

This small-scale production run blended the traditional with the modern to create a typical Porsche work of art. The 911 Sport Classic, with double-dome roof, 'ducktail' and 19-inch Sport Classic wheels with the traditional styling of Fuchs wheels, was limited to 250 cars.

10 911 Speedster

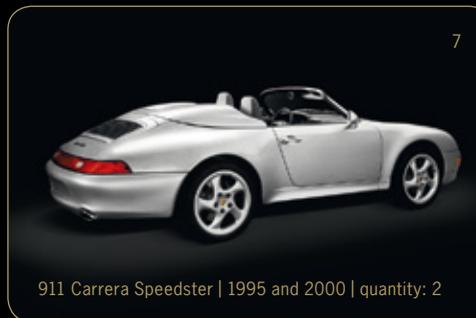

Produced in a limited quantity of 356, the 911 Speedster not only impressed with its handcrafted, personalised interior, it distinguished itself visually from all other members of the 911 family thanks to its shorter windscreen frame, rear apron with side air outlets, dynamically styled Speedster hood compartment and two muscular haunches.

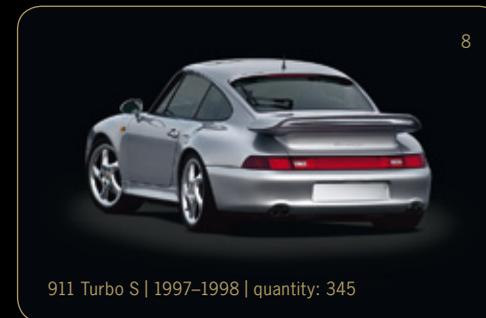

911 Turbo Flatnose | 1993–1994 | quantity: 76

911 Turbo Cabriolet | 1995 | quantity: 14

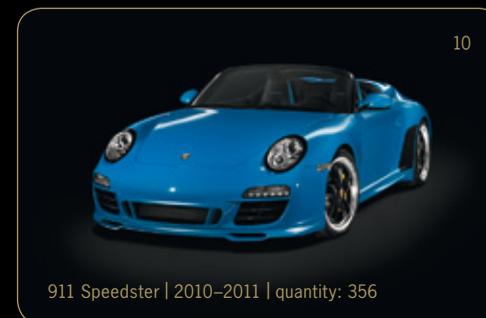

911 Carrera Speedster | 1995 and 2000 | quantity: 2
