01

WE'RE VOLVO. WE PUT PEOPLE FIRST.

*“What can we do to make
this person’s life better, easier or
more comfortable?”*

We're Swedish. Scandinavian designers always start with the person who's going to use an object and ask, "What can we do to make this person's life better, easier or more comfortable?" We've always used this philosophy when we design our cars. So, while other car manufacturers might start with technology and try to squeeze people in around it, we begin by designing our cars around you. We ask what you need, and then use our technical skills to make your life easier, better, safer and more beautiful. Form follows function, and when you design a car inside and out with people in mind, it looks naturally beautiful. We think that looking at and interacting with our cars should make you feel great, every day.

Designing cars around people has led to many innovations over our 86-year history. The three-point safety belt in your current car? That was our invention from 1959. And we hope that one day, every car will have a device to protect people on the outside of the car, like the Pedestrian Airbag we premiered in 2012. We've solved a few environmental issues, too – in 1976, we developed the Lambda Sond – a sensor that monitors exhaust gas, reducing emissions and boosting performance as well as economy. It's still part of every petrol-engined car in the world.

Innovation is at the core of Volvo. Perhaps it's because of where we come from.

In Sweden, great
design is a way of life,
not a luxury.

For such a small country, we've produced more than our share of creative talent. That's because we know that to be truly creative, you've got to believe in yourself and do things the way you know they should be done, regardless of what others are doing.

Take our seats. In the early 1960s, we consulted with a team of orthopaedic surgeons at Chalmers University of Technology in Gothenburg. They wondered why a group of car designers wanted to see them. Nobody had thought to ask an orthopaedic surgeon's advice when designing a car seat before. But the ergonomic seat designs we developed as a result have made our cars world-famous for their outstanding long-distance comfort.

Like all Scandinavian craftsmen, we use only the best materials for the job, like the ultra-strong boron steel in our safety cages. We use natural, authentic materials inside our cars – not because they're fashionable this season, but because they make you feel good when you touch them and they're better for your health.

Creating a beautiful experience for you is natural for us. Because in Sweden, great design is a way of life, not a luxury.

THE XC60. MEET THE SUV THAT'S GREAT TO DRIVE.

*"It's the perfect car for demanding drivers
in search of adventure – both in town and
beyond the city limits."*

Your lifestyle says you need an SUV; your heart says you want a stylish, driver-focused road car. If this is your dilemma, we've designed our Volvo XC60 as your solution. It's the perfect car for demanding drivers in search of adventure – both in town and beyond the city limits. And now, thanks to a whole range of improvements both inside and outside the car, our dynamic, refined, perfectly proportioned SUV just got even better.

You really have to drive an XC60 to appreciate its superb handling. Thanks to its class-leading chassis and Corner Traction Control, a system that makes cornering even more fun, it doesn't feel like a towering, top-heavy SUV: it's every bit as nimble and agile as a ground-hugging road car. But its ride height gives you a commanding driving position and added confidence when negotiating busy city traffic. And with its generous ground clearance, it'll take you wherever your adventurous spirit leads you.

You can order your new XC60 with beautifully crafted integrated tailpipes. They remain perfectly in place, even though the pipe system expands by 25mm as the engine reaches its operating temperature. This is true Scandinavian precision engineering.

TO SEE MORE OF THE XC60'S COOL DESIGN FEATURES, GO TO VOLVOCARS.CO.UK

We Swedes like to think
we're too nice to judge things
on their looks.

We're not.

“I was inspired by a river near my home,” explains the XC60’s exterior design manager Steve Potter.

“The water was flowing incredibly fast over the rocks. We set about creating this visual tension and constant movement, which changes depending on your point of view – it’s alive. The result is a very human, organic feel.”

Our new XC60 gets a smarter, more purposeful look that’s as much at home on a city street as a country lane. We’ve refined the design so the car is now all one body colour, which gives our SUV a more urban twist. The new headlamps give the XC60 a focused, determined face with huge road presence, and the intense vertical day running lights are positioned far out to the corners of the car to emphasise the XC60’s height and stature.

True to our Scandinavian design principles, we’ve worked on every last element to reduce what our designers call “noise”. We care about small details like moving the washer nozzles out of sight and masking anything that might detract from the XC60’s elegant, clean surfaces. And we’ve given the car a new, bigger Iron Mark – Volvo’s iconic badge – which again enhances the car’s self-confident look.

XC60

INSIDE YOUR CAR

volvocars.co.uk

08

If you enjoy driving, order our new gearshift paddles. They offer faster gear changes and by allowing you to keep your hands on the steering wheel, they also ensure you're always 100 per cent in control of your car. In addition to its dynamic handling, the XC60 also has the comfort you expect from a luxury car. "We're famous for our seats," says the XC60's Product Manager, Stefan Sällqvist, "they're something we never compromise on. We're proud of our new Sport seat. It looks fantastic and hugs you and supports you from your thighs to your shoulders. True to Volvo's renowned ergonomic design, you'll be able to drive for hours sitting in them without getting tired."

SCANDINAVIAN
INTERIOR DESIGN.
ON FOUR WHEELS.

It's all about how you drive – with the Four-C chassis, you get to choose between three different modes. Comfort and Sport are self-explanatory; Advanced really optimises your car's grip. And you can change between modes at any time at the push of a button.

READ MORE AT VOLVOCARS.CO.UK

All the best places are
tough to get to.
See you there, then.

In Sweden we say there's no such thing as bad weather, just the wrong clothes. We think that applies to cars, too. We've always designed our cars to incorporate the latest driving technology so you can go anywhere regardless of what's under your tyres, or what the weather is throwing your way. Think of our cars like a coat – just a very versatile one.

Choose All-Wheel Drive and your XC60 will feel just as natural off-road as it does on your home town's boulevards. Thanks to its high ground clearance you can negotiate rough terrain with ease. Hill Descent Control boosts that capability even further, making the XC60 a true all-round vehicle that's equally at home in city streets as it is on country lanes. The overall impression of powerful agility and assurance is testament to our advanced chassis set-ups: we've spent thousands of hours perfecting and tuning them, heightening your responsive, in-command driving experience to a new level.

FULL SONIC IMMERSION

At Volvo, we believe you should enjoy the very best audio experience. That's why we've designed our state-of-the-art Sensus Connect with Premium Sound by Harman Kardon®. Using 12 high-fidelity loudspeakers the amplifier is equipped with Dirac Live®, the next generation sound enhancement software. With an incredibly realistic stage sound as well as enhanced bass performance, this sound system provides an unparalleled aural experience for every passenger and connects easily with external media players.

READ MORE AT VOLVOCARS.CO.UK

Our beautifully designed, high-res colour display allows you to choose between three driving modes for your Adaptive Digital Display and centre screen – Elegance, Eco and Performance.

XC60

SENSUS

volvocars.co.uk

13

Volvo Sensus. You're in control, naturally.

Since you'll spend most of your time in the driver's seat of your Volvo, we've designed a gorgeous space around you. All of your controls are as easy to use and intuitive as possible. We call this approach to connecting you and your car with the world around you – Sensus.

Our beautiful Adaptive Digital Display is the latest expression of this philosophy. Not only does it give you all the information you need without overwhelming you with data, it also gives you three background modes to choose from – Elegance, Eco, and Performance. Best of all, the display modes sync with the 7-inch centre screen in your dashboard. As you adjust your display theme, the colour scheme of your centre screen changes with it.

And there's more: with our Sensus Connect solutions, you can convert the 7-inch screen in your dashboard into an internet-connected infotainment hub, giving you access to TuneIn internet radio with 100,000 stations worldwide as well as a range of useful and fun web-apps. Add Sensus Navigation, and you get instant access to worldwide maps. As part of our MapCare program, free map updates are included to guarantee you the latest available and up to date navigation experience. And with 3D-navigation finding your destination will be easier than ever. The Sensus experience is at its best when you bundle Sensus Connect and Sensus Navigation with Volvo On Call.

Volvo On Call gives you 3G-connection with excellent reception by making use of your car's integrated rooftop antenna, which means you can create a Wi-Fi hotspot for all of your internet-connected devices. Volvo On Call also includes our innovative smartphone app that you can use to remotely control your car. Whether you're still inside your home on a

cold morning, or at an airport on the other side of the planet, the Volvo On Call app will soon become your daily connection with your car: you'll use it to send an address to your navigation system, check your car's fuel level and location and much more.

But we wouldn't be true to our Swedish design values if we only created beautiful displays, screens and apps. True to our passion for sculpting physical objects, we've put the same amount of care into your Volvo's physical controls, such as our iconic floating centre stack with the

trademark 'manikin' climate control buttons. And after dark, our eye-catching illuminated gearshifter for automatic gearboxes adds a touch of atmosphere to your night drives.

volvocars.co.uk

14

OH YES. DID WE MENTION SAFETY?

“Cars are driven by people,” they said, “so the guiding principle behind everything we make at Volvo is – and must remain – safety.”

In 1927 our founders, Assar Gabrielsson and Gustaf Larson, decided to make really strong cars that could cope with our rough country roads. But strength alone wasn't enough. They also had a vision: “Cars are driven by people,” they said, “so the guiding principle behind everything we make at Volvo is – and must remain – safety.” Now our goal is that, by 2020, nobody shall be seriously injured or killed in a new Volvo. We think our founders would have approved.

In order to help us achieve this goal, and in keeping with our philosophy of making your life easier, your XC60 has a whole suite of intuitive safety technologies

inside it. They're there to support your daily driving, protecting you in the event of an accident and often preventing collisions in the first place. We call this IntelliSafe.

We know XC60 owners love driving, but in a world of busier and busier roads, you are constantly exposed to other people's mistakes. That's why IntelliSafe offers some really smart technologies such as City Safety, Collision Warning with Full Auto Brake and Pedestrian Detection as well as Cyclist Detection.

And because you love driving, it's good to know that your XC60 doesn't just protect you – it actively supports you, too. Take Active High Beam. With this technology, your

headlights stay on full beam all the time. When another car comes towards you (or you approach another car from behind), the system prevents dazzling the other driver by shading out only as much of your beam as necessary – no more, no less. Our Electronic Stability Control (ESC) is another IntelliSafe technology. If there's a risk of your XC60 losing stability, ESC applies just the right amount of brake force to one or more wheels and reduces engine power as needed to prevent any skidding. You'll probably never notice a thing. But that's OK, we're just doing our job.

In town, City Safety is designed to prevent you from colliding with the car in front if it stops suddenly. This advanced IntelliSafe system works at speeds of up to 31 mph and senses if you're about to collide with another car, then, if necessary, applies the brakes.

We've further improved our Blind Spot Information System (BLIS). It now uses radar technology to alert you to vehicles closing up in your blind spot. There's also Cross Traffic Alert, which watches out for vehicles you can't see when you're reversing out of tight parking spaces.

Because we care about other road users just as much as you, Pedestrian Detection with Full Auto Brake watches out for people walking into your path and applies the brakes if you're unable to react in time.

XC60

DRIVE-E

Read more at
volvocars.co.uk

16

Drive-E is at the heart of every Volvo we make. It's our all-encompassing approach to sustainable driving, our innovative thinking behind a whole range of technologies that will give you more efficiency – and lower running costs – without compromising on a pleasurable drive.

The latest expression of our Drive-E philosophy is our range of all-new low-consumption, low-emission Drive-E powertrains. Built to provide efficient power, they consist of all-new lightweight, low-friction engines and all-new gearboxes. For the XC60, the 2.0-litre turbodiesel D4 with CO₂ emissions of just 117g/km* can be perfectly matched with an all-new, innovative automatic eight-speed gearbox. Together, engine and gearbox form a drivetrain which delivers a great driving experience and even better efficiency than before. And if you'd like to boost your efficiency even further, our intelligent ECO+ function can help reduce fuel consumption further.

As part of our Drive-E philosophy, we also employ Start/Stop technology and energy recovery systems. Drive-E also means recyclability and more sustainable manufacturing – for example, all of the electricity for our factory in Sweden comes from clean, hydro-electric power. All this makes Drive-E a central part of everything we do.

*Fuel consumption and CO₂-emissions figures apply to manual cars.

DRIVE-E

WE THINK SUSTAINABLE
DRIVING IS EXCITING.
SO WILL YOU.

Are you looking at me? Good.

Would you like to enhance the dynamic personality of your XC60 even further? Well then, R-Design is for you, with a range of features to give your Volvo a sporty, unique profile.

But R-Design is so much more than a cosmetic exercise – as with the all best Scandinavian design, form follows function. An R-Design XC60 benefits from a stiffer sport chassis and more direct steering, all of which means you enjoy getting to your adventure even more.

XC60

R-DESIGN

Read more at
volvocars.co.uk

19

For an exterior with a more individual, dynamic look, R-Design includes truly eye-catching, sporty five-spoke alloy wheels and unique door mirror covers with silk metal finish. At the back, you get a motorsport-style diffuser that gives your XC60 an exciting, sporty look. And R-Design chrome dual exhaust pipes add the perfect finishing touch to your XC60's exterior.

The R-Design story continues in the interior, starting with supportive sport seats in Nubuck textile and leather. Also included is an exclusive R-Design steering wheel as well as sport pedals. An illuminated soft-touch gear shifter for automatic gearboxes, our unique blue R-Design digital instrument cluster, personalised interior LED lighting and a striking Inscription charcoal headliner all add to the R-Design experience.

21

EXPERIENCE A HUMAN CHALLENGE. AT THE COMFORT OF A VOLVO.

*"To finish first,
first you must finish."*

Imagine a merciless 70,000 km trip across the oceans for nine months, to endure 10-meter waves, blistering 40 knots storms and unrelenting discomfort 24 hours a day. Living at the mercy of nature's powers, totally depending on your skills, your gear and your teammates. Facing the most extreme physical and psychological conditions, testing the human abilities to the limit. To constantly being thrown between hope and despair, knowing that a single error might wipe out years of preparation in an instant.

Well, we guess this is quite far away from your everyday life (unless you're a crewmember on any of the participating boats of the Volvo Ocean Race, of course). Good news is there's a way for you to share pieces of this epic race – even during the not-so-challenging commuter moments you're stucked somewhere between A and B.

As a tribute to the courageous men and women on-board the hi-tech Volvo Ocean

65 vessels, we created the Volvo XC60 Ocean Race Edition – an XC60 featuring some very special design elements to catch up the spirit of a very special human challenge.

You'll notice it already from the outside: the unique Ocean Blue II exterior colour, the specially-designed 18-inch Portunus wheels (named after the God of ports), the roof rails and the bright chrome window frames. And safely on-board, you and your crew will find yourselves surrounded by a meticulously crafted sporty-techy interior featuring details such as leather seats with contrasting orange stitching, a unique Volvo Ocean Race deco inlay, Volvo Ocean Race textile mats and a load cover with a printed route map. So while you enjoy the all-road comfort and all-weather capability of your Volvo, you'll be reminded of one of the most challenging adventures on the planet – the one around it.

WHICH XC60 ARE YOU?

Congratulations, you've chosen a Volvo XC60. When you've picked your preferred engine, all you need to do is select the trim level that's right for you. Whether you'd like all the trimmings or a sporty look both inside and out, we have the right one for you.

XC60

EXPRESS YOURSELF

23

SE

Beyond the innovative City Safety technology, the SE model benefits from electronic climate control, rear park assist, power operated tailgate and autofolding power door mirrors with ground lights. Added luxury includes Textile/T-Tec upholstery, DAB (Digital Audio Broadcasting) Radio, Bluetooth® handsfree system, autodimming rear view mirror and High Performance Sound Audio System.

SE LUX

Our most luxurious variant is the SE Lux. Above and beyond SE specification, the SE Lux has leather-faced upholstery, power adjustable driver's seat with memory function, active bending xenon headlights with headlight cleaning system and 18" alloy wheels.

R-DESIGN

A unique power steering system and 18" Ixion alloy wheels, together with the R-Design chassis, enhance the handling of this model. Visual presence is complemented with silver matt door mirrors, unique rear exhaust pipes, together with R-Design Nubuck/Textile upholstery, front sports seats with side support, R-Design leather steering wheel and unique aluminium interior trim.

R-DESIGN LUX

The R-Design Lux adds a number of additional features including leather-faced upholstery, autofolding power door mirrors with ground lights, autodimming rear view mirror, grocery bag holder and a power adjustable driver's seat with memory for seat and exterior mirrors. Exterior details include a rain sensor, rear park assist and active bending xenon headlights with headlight cleaning system.

VOLVO OCEAN RACE EDITION

The Volvo Ocean Race Edition includes 18" Portunus alloy wheels, unique tread plates and Volvo Ocean Race emblem on front fender. The interior is complemented with a Volvo Ocean Race logo on the front seats, unique floor mats, leather upholstery with a sailing inspired sporty look, unique inlay and a luggage cover with a printed Volvo Ocean Race route map.

NAV

All Volvo XC60 Nav models include Sensus Connect with High Performance sound with voice activated control, a 7" colour display screen, DVD player, access to a range of selected Web Apps and Internet Browser* and Sensus Navigation system. As well as full European mapping, lifetime map updates are included.

* A separate mobile data plan is required to enable online connectivity.

PERSONALISE
YOUR INTERIOR

Read more at
volvocars.co.uk

24

Your XC60 is your
home away from home.
Give it your signature.

Choose an XC60 and you'll enjoy an elegantly designed cabin as standard, with a superior finish in evidence everywhere you look – from the silk metal finish on our air vents to the fine cloth surfaces on the door pillars.

Our seats can be ordered in Eriksberg T-Tec/textile or leather, while our new R-Design Sport seats give you legendary Volvo comfort while also keeping you firmly in place in those fast corners. Choose our heated three-spoke steering wheel and you can gently warm your hands on cold mornings. There's a brand new

easy-to-read Analogue Instrument Cluster or if you prefer, try our new Adaptive Digital Display.

Our Inscription offer consists of a palette of luxurious options, which you can combine in your own way, giving you the opportunity to truly design your car around your own taste. The Inscription Linear Walnut console has a symmetrical V-shaped fishbone pattern where the grain meets in the middle. It's this level of design detail that gives the Inscription range its sophistication. Other touches include our Inscription Leather Instrument panel and our stunning Inscription Charcoal headliner in the roof interior.

We upholster our Inscription seats with the finest soft leather by luxury leather specialists Bridge of Weir. Minimal surface treatment means the leather is wonderfully soft and durable.

33

Convertible child seat (9–25 kg). This advanced, flexible rearward-facing child seat is suitable for children aged 9 months to six years. It's fitted using the car's safety belt and is easily adjusted to help optimise comfort and safety.

Roof load carriers. These specially designed load carriers fit neatly and securely onto your Volvo's prepared roof rails. They're easy to install and to combine with additional holders if required.

Park Assist Camera, front blind view. There is nothing more challenging than trying to negotiate tight exits and junctions, which often have restricted visibility. We aim to make that easier for you with our Park Assist Camera, front blind view, which allows you to "see around corners" with a 180° field of vision to the left and right in front of you.

Rear Seat Entertainment multimedia system with two 8-inch touch screens and two players. Rear seat passengers will enjoy their journey as never before with our new generation entertainment system, with LCD touch-screens served by dedicated DVD players. Inputs for USB sticks, SD cards and mp3-players as well as AUX inputs ensure you can connect any other external source. Wireless headphones and one remote control are included, too.

Integrated running boards. These running boards feature colour-coordinated styling that neatly complements the refined design of the XC60. They look great and also provide practical support for entry and exit, and when you are loading the roof of your car.

MY VOLVO

My Volvo is a personalised website designed to make everything about your car ownership as convenient and rewarding as possible. It gives you:

- A clear overview of your car ownership
- Personalised offers
- Relevant news and updates
- Direct access to your Volvo dealer
- Online service booking
- Useful information about driving and caring for your car
- Interesting articles and videos from the world of Volvo

CONNECTED SERVICE BOOKING

Forget about your car service. Your Volvo remembers it for you.

No other car makes it so simple for you. With Connected Service Booking, which is available with Sensus Connect, your Volvo reminds you when it needs servicing. When the time comes to drive to your workshop, your Volvo will even guide you there using sat nav – you don't have to do anything. And since your Volvo tells us what it needs, we can make sure that it gets exactly the right maintenance when it gets there. Of course, you can also manage your bookings yourself, if you prefer. You can either do this when you're in the car or online using your My Volvo – your personalised website designed to make everything about your car ownership as convenient and rewarding as possible.
