

JULY 2013

Caddy passenger carriers

Das Auto.

Caddy Maxi Life

A versatile seven-seater

Caddy Maxi window van

A people-carrier you can build to suit you

Easy access

All with twin sliding doors

Work, life and play

Do it all with our compact
people-carrier and window van

Whatever you need, there's a Caddy Maxi for you

CAN A PASSENGER CARRIER be all things to all people? The Caddy Maxi Life and Caddy Maxi window van definitely can. The Caddy Maxi Life seats up to seven, and removable seats let you juggle the luggage space to suit. The Caddy Maxi window van seats up to five in comfort, and a removable rear bench means you can call on 4.10m³ of luggage space.

Thanks to Volkswagen's advanced TDI turbo-diesel engines – with the option of BlueMotion Technology for even greater efficiency – both models are incredibly economical, helping you save money in the long run. And they both come with a comprehensive three-year warranty and support package for total peace of mind.

You can also customise your Caddy with an extensive range of factory-fit options. All you have to do is pick what's right for you.

Putting your passengers first. It's what we've always done

Today's Volkswagen people-carriers are only the latest step in a 60-year journey that started with one clever idea

Back in 1947, Dutch importer Ben Pon spotted workers at Volkswagen's Wolfsburg factory using a stripped-down Beetle to move parts and machinery around. Inspired, he sketched the platform for a versatile commercial vehicle that could be adapted to a wealth of uses. From this, the Transporter was born, and the van world has never looked back.

Today, Volkswagen Commercial Vehicles is just as well known for its passenger carriers – from the compact Caddy Maxi, through the adaptable Transporter window van and shuttle, to the stylish, luxurious Caravelle.

They're as versatile and dependable as Volkswagens have always been, but now they're even more spacious, even more comfortable, easier to drive and more fuel-efficient than ever before. They're also backed by a Van Centre network that's ready to solve any problem you may have.

Getting the job done efficiently and reliably has been at Volkswagen's heart for the past 60 years. It's a reputation for rugged reliability that has endured over the decades. And that's why you can count on us to deliver a passenger carrier that works for you, today.

Driving

Get from A to B
easily and in comfort

Driving people the easy way

The Caddy is brilliant for carrying passengers in comfort – and options such as DSG and 4MOTION® make the driving easy

With a choice of powerful and efficient 2.0-litre TDI turbo-diesel engines, a Caddy passenger carrier is perfect for carrying up to seven people in comfort, while keeping fuel bills low.

Making driving simple

Every Caddy people-carrier comes with a five- or six-speed manual gearbox and an easy-to-reach gearlever. You can also opt for the convenience of our seven-speed automatic Direct Shift Gearbox (DSG). And, as the Caddy Maxi is about the same length as a family saloon, it's easy to park – especially if you add front and rear parking sensors, or the advanced automatic Parallel Park Assist system.

Off-road ability

Need more traction? Consider the Caddy's optional 4MOTION® all-wheel-drive system. It delivers true four-wheel-drive performance when you need it, but – in normal conditions – reverts to driving only the front wheels to ensure maximum fuel economy.

Safety comes as standard

Every Caddy comes with features that enhance driver safety. Most are fitted as standard and many work without you having to lift a finger. Volkswagen's ESP (Electronic Stabilisation Programme) works with ABS (Anti-lock Braking System), EDL (Electronic Differential Lock) and TCS (Traction Control System) to improve driving safety. Automatic hazard lights alert other drivers during emergency braking, while an immobiliser and remote central locking keep things secure.

Driving tech explained

Direct Shift Gearbox (DSG)

Our seven-speed, Direct Shift Gearbox (DSG) is great for city driving. It can be used either as a fully automatic gearbox or as a quick-shift manual – just nudge the gearlever forwards or backwards to change gear up or down.

4MOTION

4MOTION® is an all-wheel-drive system that helps you to maintain optimum grip, especially in slippery conditions. If one wheel loses traction, 4MOTION® reacts in milliseconds to send more power to the wheels that have the most grip.

Equipped for everyday jobs

Your Caddy's cab is designed to be the perfect fit. It comes with plenty of practical features to keep things running smoothly

You're likely to spend a lot of time in your vehicle, so it has to be comfortable. You also want to stay in touch with colleagues and customers to keep your business working. That's why we've built the Caddy Maxi's cab with both comfort *and* work in mind.

A cab that fits like a glove

The Caddy Maxi features ergonomically designed seats with terrific support and reach and rake adjustment. There's additional height adjustment on the driver's side, and the steering column also has height and rake adjustment so you can find your own perfect driving position. Speed-sensitive power-assisted steering means you never have to work hard at the wheel, and remote central locking adds even more convenience.

Stay connected on the move

Your clients want to be able to reach you all the time. That's why we offer optional Bluetooth® connectivity, allowing you to connect your phone and speak when on the move. And there's a selection of high-quality audio and satellite-navigation systems to keep you entertained and on the right road, wherever you are.

Every Caddy Maxi has an aux-in socket for compatible devices, such as MP3 players

Ultra-clear dashboard

All controls are clear and easy to use, so you can stay focused on the road. Add a multi-function steering wheel, and you can use a range of systems without taking your hands off the wheel.

Great sound

The Caddy Maxi Life has the six-speaker RCD 310 radio/CD player, while the Caddy window van has the two-speaker RCD 210. Both include an aux-in socket. You can add satellite-navigation or DAB radio as well

Stay fresh, all the time

Standard dust and pollen filters help prevent allergies from affecting your driving. You can also choose to add air-conditioning to help keep you refreshed all day long.

A clear view ahead

A huge windscreen offers great visibility, so you know what lies ahead. You can also pick optional automatic rain-sensing wipers to make life even easier.

A clear view behind

Large door mirrors expand the field of view behind you, and help you to manoeuvre in tight spots. If you add electric windows and mirrors you'll never have to stretch over to the passenger side to adjust the mirror again.

Plenty of space for the whole family

WHEN YOU'RE carrying plenty of passengers, you want to do it comfortably and efficiently. The Caddy Maxi offers seven seats and sliding doors to make getting in and out easy, and ISOFIX child seat attachments mean the kids can come, too. Cleverly designed storage areas – an open glove compartment, door pockets and spaces in the centre console and roof – keep the vehicle clear of clutter.

Engines

Technology that helps to cut fuel bills and lower emissions

Intelligent power to drive you on

The Caddy's TDI turbo-diesel engines are at the forefront of technology, bringing you outstanding power with superb efficiency

Fuel is only ever likely to become more expensive, so our engines are designed to bring you more power while using less fuel than ever before.

At the heart of the Caddy's impressive performance is a choice of flexible TDI turbo-diesel engines. Each delivers outstanding power with commendably low fuel consumption and CO₂ emissions.

Versatile engine choices

The Caddy Maxi engine range starts with the economical 102PS 1.6-litre TDI, and rises to the torquy 140PS 2.0-litre TDI – great for carrying heavy loads.

Go even greener

If you want to take your fuel efficiency to a whole new level and cut emissions even further, you can always choose to add BlueMotion Technology to your engine package. To find out more, simply turn the page.

Tips to save you even more fuel

Add a sat-nav

A sat-nav can plot shorter routes and prevent wrong turns – some can even help you navigate around traffic jams. It all helps cut fuel consumption.

Driver training

Training can teach you to drive more economically and safely. Ask the Freight Transport Association (www.fta.co.uk) for details.

Check your tyre pressures

Up to 20% of fuel consumption is down to tyres' rolling resistance. It's even more if your tyres are underinflated, so check them regularly.

Use your gearshift indicator

A gearshift indicator is fitted to all Caddy Maxis. It helps you change gear at the most efficient times.

More miles, less impact

BlueMotion Technology lowers your vehicle's fuel consumption and CO₂ emissions, and is available on most Caddy Maxi models

At Volkswagen, we're as keen as you to cut our vehicle's emissions. We're also just as aware that fuel costs are a big burden on drivers, so improving our vehicles' efficiency only helps to deliver even better value to you. That's why we've introduced BlueMotion Technology to all Caddy passenger carriers.

The power of technology

All Caddys that carry the BlueMotion Technology badge include a selection of our fuel-saving solutions – Hill Hold Assist, start/stop, energy recuperation and cruise control – as standard. Together, they create instant fuel savings and lower CO₂ emissions, bringing improved fuel economy of up to 55.4mpg (combined). The benefit for you is money – and time – saved at the pumps.

Savings without compromise

Another benefit of BlueMotion Technology is that the savings come without compromise to the way you work, as you can still add most factory-fit options. Your Van Centre can help you choose the best specification for you.

How BlueMotion Technology works to lower your fuel bills and CO₂ emissions

BlueMotion Technology is available on all Caddy passenger carriers, and consists of four clever elements. Together, they significantly reduce fuel consumption and CO₂ emissions, which keeps money in your pocket and causes fewer harmful emissions, lowering our impact on the world around us.

Cruise control

By keeping your vehicle at a constant speed, cruise control saves fuel that would normally be wasted when your speed fluctuates. It's especially useful for driving over long stretches, because it stops your speed creeping up unintentionally and reduces the driver's physical workload.

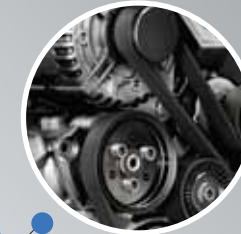

Hill Hold Assist

Helps you make a smooth, efficient getaway, every time. On steep inclines, the system holds the brakes at the optimum level to prevent you rolling back. This reduces the need for you to rev the engine unnecessarily.

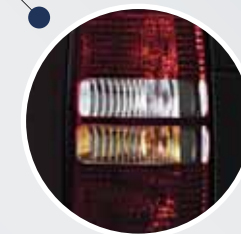

Start/stop

Allows you to save fuel at traffic lights. When you stop, put your van in neutral, release the clutch and the engine automatically switches off, saving fuel and reducing emissions. When you're ready to go, depress the clutch and the engine starts up again.

Energy recuperation

When you brake, the energy created is usually wasted. Our energy recuperation system uses some of that deceleration to run the alternator and charge the battery. If the battery is well-charged, the engine has to do less work turning the alternator to keep it topped up. This cuts fuel use and emissions.

Seating

Flexible solutions to suit you and your passengers' needs

Room with a view

Carrying passengers has never been easier – with room for up to seven people and plenty of luggage space, the Caddy Maxi makes travelling simple

People-carriers don't come much more versatile than the Caddy Maxi Life and Caddy Maxi window van. Each offers different seating and storage solutions, so getting the right mix of passenger and luggage space to suit your needs is easy.

Seats for every requirement

The Caddy Maxi Life provides comfortable seating for up to seven people, with a three-seat middle row and a spacious twin-seat bench in the rear. There's plenty of legroom for all your passengers, while sliding doors on each side make getting in and out easy. All the rear passenger seats can be split, folded or removed entirely to create enormous load bays that will swallow huge amounts of luggage.

Loads of luggage space

The roomy Caddy Maxi window van seats five and has plenty of room to spare. Because it has only one row of passenger seats, all passengers have plenty of legroom while the extra-large luggage compartment means there's ample space for all sorts of cargo. It's flexible, too. Just like the Caddy Maxi Life, all the rear passenger seats can be split, folded or removed, so whether you're carrying people, luggage or both, the Maxi window van will have a set-up that works for you.

Comfortable and convenient

Comfortable seats and clever storage solutions make the Caddy Maxi a great way to travel.

Features and prices

It's time to pick your ideal vehicle

Caddy Maxi window van: Standard features

Exterior

60-litre fuel tank
Grey bumpers
Roof rack preparation
Side sliding doors on left and right with fixed windows
Glazed tailgate with heated rear window and wash/wipe
Wheels:
15" steel wheels with 195/65 R15 and black centre caps
16" steel wheels with 205/55 R16 and black centre caps (140PS only)
Spare wheel – full-size steel
Jack and tool kit

Interior

Cab area:
RCD 210 radio/single MP3-compatible CD player with two speakers and aux-in socket
Manually controlled heating system with dust and pollen filter and air recirculation
12V socket in dashboard
Four drinks holders and storage compartment in centre console
Dimmable dashboard illumination
Open glove compartment
Digital clock
Driver's seat with height, reach and rake adjustment, and passenger seat with reach and rake adjustment
Height and reach-adjustable steering column
Servotronic speed-related power-assisted steering
Rear:
Three-seater split/folding and removable bench in first passenger row with ISOFIX mountings in outer seats
Carpet floor covering
Hardboard roof trim and side panels in rear passenger compartment
Interior light in headliner
Six load lashing rings
Timo cloth upholstery

Safety and security

Automatic hazard lights activation under emergency braking
Driver and front passenger airbags with front passenger airbag deactivation switch
Electronic Stabilisation Programme (ESP)
Anti-lock Brake System (ABS)
Electronic Differential Lock (EDL)
Traction Control System (TCS)
Engine drag torque control (MSR)
Electronic Brakeforce Distribution (EBD)
Halogen headlights with range control and daytime running lights
Remote central locking with deadlocks, internal locking switch and two remote keys
Thatcham (Cat. 2) immobiliser
Windscreen wiper with variable intermittent delay and wash/wipe system

Sliding doors on both sides

The Caddy Maxi window van has sliding doors on both sides, so your passengers can always get in or out where it's safest.

RCD 210 radio/CD with aux-in

The RCD 210 includes an AM/FM radio and MP3 file-compatible CD player, and comes with an aux-in for external devices. You can upgrade your audio, or add phone connectivity or a sat-nav, from our factory-fit options section.

In-cab storage solutions

The Caddy Maxi window van has plenty of clever storage spaces to hold the clutter that fills your working day, including four cupholders, a compartment in the centre console and a large overhead storage area.

Timo cloth upholstery

Timo cloth upholstery brings comfort and style to the Caddy Maxi window van.

Safety features: as standard

The Caddy has driver and passenger airbags, as well as Electronic Stabilisation Programme (ESP), Anti-lock Braking System (ABS) and Electronic Brakeforce Distribution (EBD). Hill Hold Assist is available as a factory-fit option, or with BlueMotion Technology

Tailgate with heated rear window and wash/wipe system

Thanks to a large tailgate, it's easy to load luggage into the Caddy window van. A heated rear window with wash/wipe system means rear visibility is rarely a problem.

How to choose your Caddy Maxi window van

- p18 **Select a base model/engine**
- p19 **Add BlueMotion Technology to enjoy even greater fuel savings**
- p24 **Choose any factory-fit options you need**

Caddy Maxi window van: BlueMotion Technology

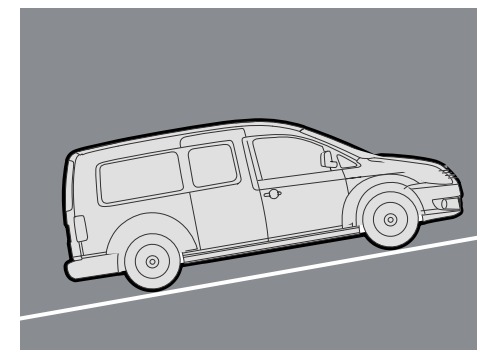

BlueMotion Technology

Technology that dramatically improves the fuel efficiency and lowers the emissions of your van, cutting your fuel bills and your impact on the environment. It can be added to any Caddy Maxi window van.

Start/stop

By cutting the engine, start/stop helps you to save fuel in slow traffic and at traffic lights. When you're ready to get going again the engine restarts automatically.

Hill Hold Assist

Helps you make an efficient getaway every time. On steep inclines it briefly keeps the brakes on to prevent you rolling back. This reduces the temptation to rev the engine unnecessarily.

Cruise control

By keeping your vehicle at a constant speed for long stretches of open road, cruise control saves fuel that would normally be wasted when your speed fluctuates.

Energy recuperation

Uses the energy created when you brake to run the alternator and charge the battery. That means the engine has to do less work at other times.

BlueMotion Technology badge

By carrying the BlueMotion Technology badge, you're showing that your business chooses vehicles that keep their impact on the environment to a minimum.

BLUEMOTION TECHNOLOGY

Add the BlueMotion Technology price to the price of any Caddy Maxi window van

BlueMotion Technology price	
Basic (ex VAT)	£400.00
Total RRP (inc VAT)	£480.00

Caddy Maxi Life: Standard features

Go for cruise control

Cruise control can help reduce the fatigue and stress of sticking to speed limits on long journeys. It also helps reduce the amount of fuel you use by cutting out the acceleration and braking used to maintain a steady road speed.

Lights				
Front fog lights	S	S	£115.00	£138.00
Front fog lights with cornering function	£83.33	£100.00	£190.00	£228.00
Parking aids				
Parking sensors – rear only	£250.00	£300.00	£235.00	£282.00
Other safety and security options				
Hill Hold Assist Standard on DSG models	£83.33	£100.00	£80.00	£96.00

Useful security tips

- 1. Get an alarm**
Alarm noise may be enough to scare a thief and prevent a costly break-in.
- 2. Lock your doors**
Even if you're only away from your van for a minute, locked doors deter thieves looking for an easy target.
- 3. Keep it tidy**
Seemingly trivial items can still be bait to thieves. Stow gadgets out of sight or take them with you. Thieves know to look in the glove box, too.
- 4. Load out of sight**
Try and load your van in a secure location. Thieves can linger in public areas for an easy swipe and run.
- 5. Park for visibility**
Use well-lit areas. Avoid parking near vehicles or foliage that a thief could use for cover. Parking right up against walls can stop a thief getting in through your van's doors.

Options: Electrical

Choose these electrical features to give your Caddy passenger carrier a functional and practical edge

	Caddy Maxi Life		Caddy Maxi window van	
	Basic (ex VAT)	Total RRP (inc VAT)	Basic (ex VAT)	Total RRP (inc VAT)
Alternators and batteries				
Battery upgrade 380A 72Ah battery Not compatible with BlueMotion Technology models	£33.33	£40.00	–	–
12V socket in luggage compartment	S	S	£20.00	£24.00
Upgraded alternator/battery 380A 72Ah battery and 140A alternator. Not compatible with Climatic air-conditioning	£100.00	£120.00	£100.00	£120.00

Choose your electrics

Some factory-fit options, such as heaters or air-conditioning, need an upgraded battery or alternator. Your Van Centre can advise you on the best solution for you.

Want more? Pick an Add On...

The Caddy comes with a wide range of factory-fit options, but you may want something extra. That's where Add Ons come in

Add Ons is the new name for our extensive range of Volkswagen-approved accessories, available to buy and be fitted at your Van Centre. Whether you want to add extra style to your van, get more out of your cargo bay, convert a work van for weekend leisure or add extra audio, phone and sat-nav to your cab, we've got lots of Add Ons for you.

Help keep it 100% Volkswagen

There are big advantages to buying your accessories from Volkswagen. Add Ons have all been designed with Volkswagen in mind, so they're a perfect match for fit and style, and they've been developed and manufactured to be as rugged, reliable and long-lasting as your vehicle.

Keep your Add Ons covered

Most Add Ons include a two-year warranty. However, if you order and fit them when you buy a new van, we may be able to extend to three years to match your vehicle's warranty. Pop into your Van Centre and ask our staff about how much Add Ons can add to your life.

Add Ons
Accessories to help keep your vehicle 100% Volkswagen

To get a brochure, pop into a Van Centre. To find your nearest one, call 0800 717131 or visit www.volkswagen-vans.co.uk

Top five Caddy Add Ons

1

Pure in-vehicle digital radio

Enjoy a greater choice of channels and improved sound quality with this digital radio upgrade. Browse stations while listening, pause and even rewind content.

2

Tailgate bicycle holder

Designed to work with a tailgate, this bicycle holder is quick and easy to install and can hold up to three bikes. An Anti-Theft Protection feature helps keep them safe.

3

Front and rear carpet mats

These classy mats – complete with Caddy logo – are perfect for adding even more style to your cab and protecting the floor of your van.

4

Polished stainless steel side rails

These rails not only look good, they also protect your van's sills from damage. They're available for the Caddy and the Caddy Maxi.

5

16" Sima alloy wheel

Add extra style with these 6J x 16 alloys, which are exclusive to the Add Ons range.

Keeping you - and your vehicle - on the road and working

Full support right from the start

We want to make sure that using your Caddy is as hassle-free and cost-efficient as possible, so every vehicle comes with a three-year warranty and a choice of finance, servicing and insurance options. It all helps to keep the big issues covered

A three-year warranty that lasts 100,000 miles

All Volkswagen Commercial Vehicles get a three-year, 100,000-mile warranty* - and so do any factory-fit options that you buy. The vehicle warranty is made up of:

- A two-year manufacturer's warranty with unlimited mileage
- A third-year Van Centre warranty, up to a maximum of 100,000 miles*

Even if you exceed 100,000 miles during your first two years, the manufacturer's two-year warranty will still be valid.

Want cover for longer?

You can extend your vehicle warranty online or by phone. You can choose Comprehensive or Major Component cover and either one-off or monthly payments. Call **0845 641 9712** or visit www.volkswagen-cv-warranty.co.uk.

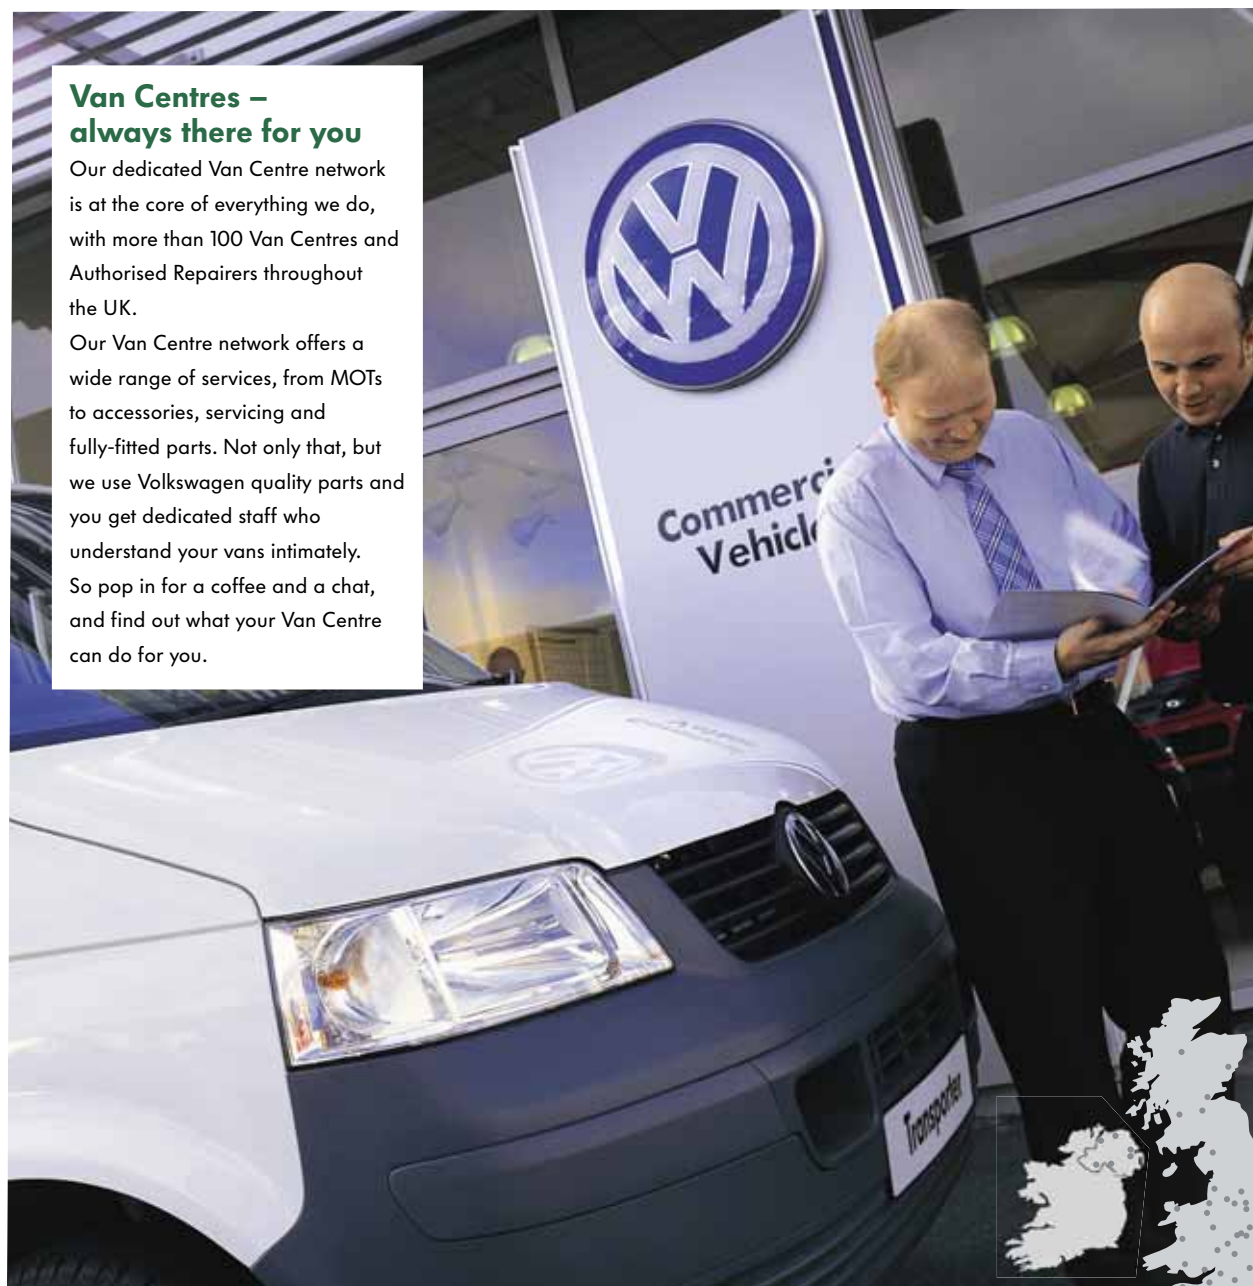

* Unlimited mileage for the Crafter in its third year

Van Centres - always there for you

Our dedicated Van Centre network is at the core of everything we do, with more than 100 Van Centres and Authorised Repairers throughout the UK.

Our Van Centre network offers a wide range of services, from MOTs to accessories, servicing and fully-fitted parts. Not only that, but we use Volkswagen quality parts and you get dedicated staff who understand your vans intimately. So pop in for a coffee and a chat, and find out what your Van Centre can do for you.

Service options designed to fit your business perfectly

It's only natural that you want to keep your vehicle running at its best. Getting it serviced at a Volkswagen Van Centre is a great way to ensure that's exactly what happens. However, when it comes to servicing, we know every business has different needs. That's why we've developed three different service options for you to choose from:

- Pay Monthly
- Pay Upfront
- Pay On-Demand

Whichever suits your business best, you can rest assured that when you book in your vehicle, it'll be looked at by Volkswagen-trained technicians and they'll use only Volkswagen quality parts. What's more, there's a two-year warranty on the parts and one on labour.

For more details visit www.volkswagen-vans.co.uk, or call **0800 717131** to learn more.

Volkswagen Insurance keeps you covered*

Volkswagen Commercial Vehicle Insurance can provide you with cost-effective, comprehensive motor insurance. Look at some of the benefits:

- Seven-day free cover to allow you to drive your vehicle away
- All repairs performed by approved repairers
- Volkswagen quality parts on all repairs
- Courtesy vehicle provided during repair following an accident
- Cover for breakage and damage to glass
- Tools-in-transit cover (up to £1,000)
- In-vehicle personal belongings cover (up to £500)
- Vehicle recovery
- 60-day European Union cover
- Legal expenses cover up to £100,000

We also offer a range of gap insurance products. These help you replace your vehicle or protect you from any financial shortfall if it is written off.

For more details visit www.insurewithvvcv.co.uk, call **0800 316 7896** or pop into your Van Centre and ask for a Finance brochure.

* Terms and conditions apply

WARRANTY AND FINANCE

Flexible Finance that makes things affordable

We can also make buying a new vehicle more affordable in the first place. Speak to us about our selection of finance options, which include:

- Contract hire
- Finance lease
- Lease purchase
- Hire purchase

For more details visit www.volkswagen-vans.co.uk/finance or pick up a Finance brochure at your nearest Van Centre.

Three years' Roadside Assistance

Sometimes, the unexpected happens. If it does, your new Caddy passenger carrier comes with an unlimited-mileage recovery and assistance package. It lasts the same three years as your warranty and operates 24 hours a day, 365 days a year.

Cover is available across the UK and most of Europe. Our fully trained technicians can diagnose most problems at the roadside and they use Volkswagen quality parts.

7 ways your Van Centre can help you

Make full use of your nearest Van Centre – it's full of Volkswagen experts who know your vehicle better than anyone and who can help you to get the best out of it

1. Picking a vehicle that's perfect for your needs

We know that choosing your next van or passenger carrier is a big decision. You want a vehicle that works as hard as you do, both now and for the long-term – one that's versatile, cost-effective and reliable. We're here to help make your choice easier.

Our Van Centre experts can offer advice on every model in the range and help you pick the right vehicle and factory-fit options for your business. They can also advise you on the best finance packages to ensure that your payments make financial sense.

2. Quality servicing you'd expect at a price you wouldn't

Unpredictability and moving goalposts are part of life for a modern business, making it difficult to predict how many miles your vehicle will do in a year, or how long you'll need to keep it. Our National Service Pricing is designed for customers who need the flexibility of being able to book their vehicle in for a service whenever it needs it. When you do, our technicians will do everything necessary to ensure that your vehicle is back on the road, working hard for your business, as soon as possible.

3. Fast, hassle-free van rental for one-off jobs

Need another van for just a short while? We can hire you any vehicle from our fleet – Caddy, Transporter or Crafter – or passenger-carrier versions of the Transporter and Crafter if you need to move people.

For more information, call the Van Rental team on 01908 467450

4. Accessories designed to help you get more from your vehicle

Perhaps you've bought a van and your needs have changed – maybe you need a towbar or a roof rack, or perhaps you want to give your van some extra style. That's where Add Ons comes in. Add Ons is an extensive range of Volkswagen-approved accessories, available to buy and be fitted at your local Van Centre. We've got everything from towbars to tailgate spoilers, load nets to leather seats and sat-nav systems to stunning alloy wheels.

5. Taking the worry out of tyres

Why run around looking for a fitter who has your tyres in stock? Let us fit new tyres when your van is in for its service and it'll keep your van off the road for less time. We have a huge range of tyres for all Volkswagen vans, from economy to premium brands, including winter tyres.

6. Express Visual Checks – peace of mind for free

Your Van Centre or Authorised Repairer can give your vehicle a free, 29-point Express Visual Check for complete peace of mind. You'll be given a comprehensive report, with the results clearly explained, and your technician will talk you through what work may need to be done in the future, so you can plan ahead and budget for it. If something needs urgent attention, you can get a precise quote before any work is done – and all the Volkswagen parts are covered by a two-year warranty.

What else can we do?

Loads! Just pop into any Van Centre and ask us. For example, we may be able to point you to a local signwriter, recharge your air-conditioning, or answer any queries about your vehicle. Whatever it may be, we're here for you.

7. Fully fitted parts for a fixed price – and not a penny more

The pricing of all our Volkswagen quality parts is straightforward and clear, so you know exactly how much you're paying. Even better, when they're fitted by trained technicians at a Van Centre or Authorised Repairer they come with two years' warranty and 12 months warranty on labour. If your van is over five years old, ask us about our Economy Parts range – a great-value way to help keep your vehicle 100% Volkswagen.

Notes

Lined area for notes on page 48.

Lined area for notes on page 49.

Vehicle Excise Duty (VED)

Passenger vehicles' Vehicle Excise Duty (VED) is based on the amount of CO₂ the vehicle emits in g/km. The Driver and Vehicle Licensing Agency (DVLA) has created 13 categories as detailed below. From 1 April 2010, a 'First Year Rate' of VED has applied. The chart below shows the VED bands and the charges levied:

VED band	CO ₂ emissions (g/km)	First-year rate (£)	Rate for subsequent years (£)
A	Up to 100	0.00	0.00
B	101-110	0.00	20.00
C	111-120	0.00	30.00
D	121-130	0.00	105.00
E	131-140	125.00	125.00
F	141-150	140.00	140.00
G	151-165	175.00	175.00
H	166-175	285.00	200.00
I	176-185	335.00	220.00
J	186-200	475.00	260.00
K	201-225	620.00	280.00
L	226-255	840.00	475.00
M	Over 255	1065.00	490.00

The fuel consumption and CO₂ figures for the new Caddy Maxi Life and Caddy Maxi window van are provisional and have yet to be confirmed. Consequently, a change to the CO₂ figure on these models may result in a change to the manufacturer's recommended 'On The Road' retail price, subject to VED band changes. Please consult your authorised Van Centre for details.

The small print and the footnotes

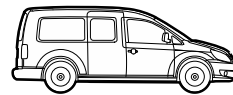

Print processes do not allow exact reproduction of the paint and upholstery colours. Some of the vehicles shown are European specification and may be fitted with optional equipment or accessories that are available at extra charge.

All data given and specifications are in accordance with information available at the time of going to print and are subject to change without notice. Vehicles not in current UK stock and customer order vehicles may take a number of weeks for delivery. Certain combinations of vehicle specifications and factory-fitted extras are not compatible and therefore all orders received are subject to confirmation. Models, factory-fitted options and paint and upholstery options subject to availability. Please check details and availability with an appropriate authorised Volkswagen Van Centre at the time of ordering.
