POWERTRAIN AND DRIVING DYNAMICS

6-speed electronic automatic transmission with Jaguar Sequential Shift™
JaguarDrive Control™ - Winter Mode
JaguarDrive Control™ - Dynamic Mode
JaguarDrive Selector™
DSC (Dynamic Stability Control) with Trac DSC mode
Electric Parking Brake (EPB) - drive-away release
Adaptive Dynamics
Cruise Control with Automatic Speed Limiter (ASL)

EXTERIOR FEATURES

Exterior mirrors, electric adjustment, heated, power-folding, auto-dimming with puddle lamps and memory function
Windscreen - heated with timer
Tailpipes - Twin, with chrome finishers
Rear window - heated with timer
Rain sensing windscreen wipers
Headlamps - automatic Xenon with washers and front LED signature lights
Tail lamps - LED
Solar attenuating, hydrophobic and acoustically laminated glass
Rear parking aid (includes Touch-screen visual indicator)

SAFETY AND SECURITY

Pedestrian Contact Sensing™
3-flash lane change indicators
Remote control central locking with deadlocking and drive-away locking function
Power boot lid (open and close)
Airbags - front and side (driver and front passenger)
Airbags - side curtain
Front seats - whiplash protection system
Seat belt reminder (front and rear)

STANDARD FEATURES

INTERIOR FEATURES

Front and rear electric windows with one-touch open/close and anti-trap
Panoramic glass roof - tilt/slide front section with electric blinds
Steering column with electric adjustment for reach and height with entry and exit tilt-away
Interior rear view mirror - auto-dimming
Front centre console with illuminated stowage, auxiliary power socket and armrest
3-spoke leather steering wheel
Cup holders - twin, front
Sun visor - driver and front passenger, with illuminated vanity mirrors
Rear coat hooks
Front and rear courtesy footwell lights
Phosphor blue halo illumination and interior mood lighting
Door puddle lamps - front and rear
Approach illumination (automatic via remote)
Jaguar Smart Key System™ with Keyless start
JaguarSense™ - glovebox opening
JaguarSense™ - overhead light console operation
Driver's foot rest
Carpet mat set - front and rear
Intaglio ('Jaguar' script)
Rear seats - centre armrest with twin cup holders

MULTIMEDIA

iTech System - Virtual Instruments, HD Touch-screen, single slot CD/DVD, Interactive Voice, Interactive Controls,
Media Hub including Front Media Interface, Bluetooth® v2.0 audio streaming
Navigation system with HDD mapping

STANDARD ON LONG WHEELBASE

Four zone automatic climate control with air filtration, humidity sensing and four zone temperature control for driver, front passenger and independent control for left and right rear passengers
Illuminated rear vanity mirrors
Privacy Glass
Rear window sunblind - electric
Rear side window sunblinds - manual

▼ POWERTRAIN AND DRIVING DYNAMICS

JAGUAR SEQUENTIAL SHIFT™

Provides the choice of Drive, Sport Automatic or Manual gearshift modes, with one touch paddles mounted behind the steering wheel to control gear changes up and down manually.

JAGUARDRIVE CONTROL™

Interacts with the DSC (Dynamic Stability Control) engine and transmission management systems to change the characteristics of engine mapping, transmission shifts and brake interventions. It offers different modes selectable by a button to optimise the vehicle response depending on driving conditions and style.

WINTER MODE

Softens the responsiveness of the engine and modifies the gear change strategy to maintain optimum traction in icy or slippery conditions. The vehicle performs in a more gentle and controlled manner, allowing more confident progress. When active, Winter Mode selects 2nd gear for pulling away on level ground (no incline). Dials and graphic details change in the Virtual Instruments when Winter Mode selected.

DYNAMIC MODE

Optimises vehicle systems to deliver a more involving driving experience. When selected, Trac DSC is automatically engaged, and engine torque delivery characteristics and gear shift points are modified to further improve responsiveness. When selected while the transmission is in full manual mode, transmission up-shifts are fully controlled by the driver, with no automatic up-shift when the rev limit is reached. Dials and graphic details change in the Virtual Instruments when Dynamic Mode selected.

ADAPTIVE DYNAMICS

Provides the optimum balance between low speed ride comfort and high speed handling precision, analysing body movement, steering and road wheel inputs up to 500 times a second and continuously adjusting the suspension settings through electronically controlled dampers.

ACTIVE DIFFERENTIAL CONTROL

An electronically controlled, active differential with Handling Functionality that limits the slip between the rear wheels to optimise traction and stability in different driving conditions, working in harmony with the Traction, ABS and DSC systems.

CRUISE CONTROL WITH AUTOMATIC SPEED LIMITER (ASL)

In tandem with cruise control, an Automatic Speed Limiter (ASL) allows the driver to select a maximum speed that should not be exceeded.

ADAPTIVE CRUISE CONTROL (ACC)

Uses microwave radar technology to monitor for slower moving traffic and can alert you to potential hazards ahead. It also controls both throttle and brakes to help maintain a constant time gap to the vehicle in front. When the road ahead clears, the system automatically accelerates back to the speed at which you were driving. Forward Alert provides an audible warning if traffic ahead slows.

ADVANCED EMERGENCY BRAKE ASSIST

Is an enhancement to the ACC function. Using the ACC radar, the system calculates distance and speed of approach to the vehicle in front and pre-charges the brakes to minimise impact speed if a collision is predicted. The ACC interacts with the Virtual Instruments to provide the driver with information on driving conditions.

DYNAMIC STABILITY CONTROL (DSC)

Intervenes in demanding driving situations by applying braking to individual wheels and reducing engine torque.

TRAC DSC MODE

Provides a higher intervention threshold for the more enthusiastic driver.

▼ EXTERIOR FEATURES

ADAPTIVE FRONT LIGHTING

Sensors react to the car's speed and steering input, and the system can deflect headlamp beams casting light deeper into corners, and giving added confidence at night. Intelligent High Beam will automatically switch the headlamps to high beam, when sensing preceding, oncoming traffic or street lights, the headlamps will automatically switch to low beam, maximising driver visibility and appropriate beam usage.

BLIND SPOT MONITOR

Uses radar sensors to remotely cover areas that cannot be seen either directly or by mirror, and alerts of overtaking traffic with an amber warning icon in the external mirrors.

REAR CAMERA PARKING AID

Combines a rear-facing camera with the Touch-screen information, it features coloured distance guides and on-screen guidance lines that move according to steering wheel angle to indicate the area into which the car will reverse.

GLOSSARY

▼ SAFETY AND SECURITY

AIRBAG AND SEAT OCCUPANT SENSING SYSTEM

Side airbags, curtain airbags and two-stage driver and front passenger airbags, all controlled by a seat occupant sensing system to ensure they work only when needed. The Anti-Whiplash System, built into the XJ's front seats, and 'soft-landing' technology in the seat-belt retractors soften contact with the airbags in the front.

ACTIVE SEAT BELTS

In a challenging driving situation, the active seat belts tighten and secure occupants into the seat automatically to give the driver an enhanced feeling of security when the situation demands it. As cornering or braking forces are reduced, the electrically-powered belts loosen to normal position.

PEDESTRIAN CONTACT SENSING™

Automatically deployable bonnet system. Industry-leading system that senses an impact between a pedestrian and the front of the car, it instantaneously raises the bonnet through a small distance in a very controlled way, to help prevent the pedestrian from contacting hard points under the bonnet.

POWER BOOT LID WITH CUSTOMISABLE HEIGHT ADJUSTMENT

The boot lid is opened and closed electronically, with either a single press on the remote key, a switch inside the boot lid or by the external bumper switch. The boot lid is easily programmed to open to your required height.

▼ INTERIOR FEATURES

JAGUARSENSE™

An electronic control system that operates the front overhead console lights and opening of the glovebox by a light touch.

JAGUAR SMART KEY SYSTEM™

With the Jaguar Smart Key in your pocket or bag, the car automatically unlocks as you pull the door handle. Simply push the ignition button to start the engine. Upon leaving, simply press a button on the door handle to lock the car or use the Jaguar Smart Key.

DUAL ZONE CLIMATE CONTROL

With humidity control, air filtration and dual temperature control for driver and front passenger.

FOUR ZONE CLIMATE CONTROL

Adds independent automatic temperature control for left and right rear passengers in addition to the front dual zone.

▼ MULTIMEDIA

iTECH SYSTEM⁽¹⁾

iTech comprises the Virtual Instruments, HD Touch-screen, Interactive Controls, Interactive Voice and the Media Hub, pioneering the use of new display and infotainment systems for ease of use and everyday entertainment. The driver can interact with the car in the most intuitive way that suits them via Touch-screen, steering wheel mounted controls or voice command. Infotainment possibilities via the Media Hub provide a simple way to connect a full range of portable devices.

VIRTUAL INSTRUMENTS⁽²⁾

Virtual Instruments 12.3-inch screen with TFT (Thin Film Transistor) technology that replaces a traditional instrument cluster. Virtual information display to include speed, rpm, distance, trip computer functionality and key information for navigation, audio, telephone - includes normal, Winter and Dynamic Mode displays.

HD TOUCH-SCREEN⁽²⁾

8-inch full colour HD Touch-screen display that controls major functions simply and intuitively including audio, climate control, Bluetooth® v2.0 telephone connectivity, trip computer and navigation. This allows mechanical buttons to be reduced to a discreet panel below the navigation screen.

HD DUAL VIEW TOUCH-SCREEN^{(1) (2)}

Allows driver and passenger to see two completely different views on the same 8-inch full colour Touch-screen, enables access to different functions at the same time. Driver enabled access to Touch-screen controls, audio and navigation. Passenger has WhiteFire® digital wireless headphones to watch TV or DVD via Dual View controls.

INTERACTIVE CONTROLS

Two 5-way steering wheel mounted controls that allow the driver to manage frequently-used functions via Virtual Instrument menus without taking hands off the wheel or looking at Touch-screen menus. Additional controls below the steering wheel spokes operate Cruise Control, telephone and Interactive Voice functions.

INTERACTIVE VOICE^{(2) (3)}

Uses 'Say What You See' technology to guide the user to the correct commands. Voice control of audio, automatic climate control, Bluetooth® v2.0 telephone connectivity, navigation, and Touch-screen displays with note pad facility. When in operation, as well as audible prompts, all commands appear in the Virtual Instruments.

▼ MULTIMEDIA (CONTINUED)

MEDIA HUB

The Media Hub allows various devices to be connected to the car, whether this is wirelessly via the Bluetooth® v2.0 audio streaming or through the Front Media Interface for audio and video. Located in the centre console storage box, a docking panel includes a 3.5mm auxiliary jack plug socket, a 12-volt power supply, plus two USB connectors that allow connectivity with a wide range of USB devices. The dock is compatible with all iPod's® from Generation 3 to the latest iPod touch®. It will also support any USB mass-storage device such as a pen driver or memory stick, and MP3 players with USB connectivity. Full function control of iPod® or MP3 is available through the HD Touch-screen menus enabling easy search by artist, album title or song title, genre and playlists.

SINGLE SLOT CD/DVD PLAYER⁽¹⁾

Single slot CD/DVD player which is capable of playing video and audio discs. File formats include Windows Media Audio (WMA), AAC and MP3.

FRONT MEDIA INTERFACE

Part of Media Hub. Allows the connection of an iPod®, MP3 player or two USB Mass Storage Devices to the in-car sound system, each independently controlled via the 8-inch Touch-screen and steering wheel mounted controls.

REAR MEDIA INTERFACE

Part of Media Hub. Allows the connection of an iPod®, MP3 player or one USB Mass Storage Device in the rear when Rear Entertainment is fitted.

BLUETOOTH® V2.0 AUDIO STREAMING

A Bluetooth® equipped Jaguar enables hands-free control of your mobile phone at any time when the phone is in the car, through either the Touch-screen or Virtual Instruments. Bluetooth® v2.0 provides the ability to stream audio content, and full function control enables easy track selection. Bluetooth® v2.0 is compatible with a selected range of mobile phones from a number of different manufacturers, including BlackBerry® - ask your dealer or visit jaguar.com for more details.

JAGUAR SOUND SYSTEM⁽¹⁾

400W with AM/FM radio featuring EON, RDS, PTY, TA and single slot CD/DVD player, MP3 disc compatibility, a hard disk drive (HDD) for storage of up to 10 CDs of uncompressed music and 12 speakers. Controlled through the Touch-screen and Interactive Controls. Powered by a dedicated 8-channel Class D amplifier features

Audyssey MultEQ® audio equalisation and Dynamic Volume Control, that actively compensates for cabin noise. This amplifier powers 12 speakers, with 3 in each door.

JAGUAR 600W PREMIUM SOUND SYSTEM⁽¹⁾

As Jaguar sound system, with a powerful 12-channel Class-D, DSP amplifier featuring Audyssey MultEQ® audio equalisation and Dynamic Volume Control with 14 speakers, including 2 subwoofers and 2 8-inch front door woofers. In addition to the cabin audio output this system features 3 additional audio channels which can be accessed through the WhiteFire® digital wireless headphones when either Dual View or Rear Seat Entertainment is specified.

BOWERS & WILKINS 1200W PREMIUM SURROUND SOUND SYSTEM⁽¹⁾

A Jaguar premium sound system, with either Dolby® Pro Logic® IIx or DTS™ Neo 6, with 20 speakers including 2 subwoofers and 2 front door woofers. In addition to the cabin audio output this system features 3 additional audio channels which can be accessed through the WhiteFire® digital wireless headphones when either Dual View or Rear Seat Entertainment is specified. The headphone system includes Dolby® Headphone Surround when listening to the DVD source.

NAVIGATION SYSTEM WITH HDD MAPPING⁽²⁾

HDD based system, providing faster access to data including, postcode entry, destination entry on the move (Europe only), voice guidance, voice control input, RDS and TMC (Traffic Messaging Channel)/Dynamic Route Guidance, accessed through Touch-screen control system. The Navigation system can be set to interact with the Virtual Instruments, on approach to a junction or turning navigation information will be displayed in the information dial in the Virtual Instruments.

TRAFFIC MESSAGE CHANNEL (TMC)⁽²⁾

A specific application of the FM Radio Data System (RDS) used for broadcasting real-time traffic and weather information. Data messages are received silently and decoded by a TMC-equipped car radio or navigation system, and delivered to the driver in a variety of ways. The most common of these is a TMC-enabled navigation system that can offer dynamic route guidance, alerting the driver of a problem on the planned route and calculating an alternative route to avoid the incident.

REAR SEAT ENTERTAINMENT⁽¹⁾

State of the art digital Rear Entertainment system with dual 8-inch screens controlled by a rear Touch-screen remote control that docks and charges in the rear centre armrest. The system also includes a Rear Media Interface, that allows connectivity with a wide range of USB devices. With Rear Seat Entertainment fitted rear passengers can watch TV, DVD or streamed video either via the Rear Media Interface. The system includes dual WhiteFire® digital wireless headphones and transmitter.

GLOSSARY

▼ INTERIOR THEMES

XJ LUXURY INTERIOR THEME

Seats with Bond grain leather seat facings. Driver's and passenger's electric adjustment (10/8 way) including fore/aft, recline, height 2-way lumbar support and 3-position driver memory. Variable heated front seats.

XJ PREMIUM LUXURY INTERIOR THEME

Softgrain leather seats with driver's and passenger's electric adjustment (16/12 way) including fore/aft, recline, cushion tilt, height, 2-way lumbar support and 3-position driver memory. Variable heated with non-perforated leather or perforated leather when active ventilation fitted. Softgrain leather on upper fascia, door top roll, arm rests and centre console lid.

XJ PORTFOLIO INTERIOR THEME

Softgrain leather seats with embossed leapers on headrests, contrast stitch and piping. Driver's and passenger's electric adjustment (20/20 way) including fore/aft, recline, cushion tilt, height, 2-way lumbar support, 3-position driver and passenger memory, front massage and adjustable bolster. Active Ventilated Seats - heated and cooled. Softgrain leather on upper fascia, door top roll, door panner, door armrest and centre console lid with twin needle stitch, and Jaguar Suedecloth Premium headlining.

XJ SUPERSPORT INTERIOR THEME

Semi Aniline leather seats with embossed leapers on headrests offered in six different interior themes. Driver's and passenger's electric adjustment (20/20 way) including fore/aft, recline, cushion tilt, height, 2-way lumbar support. 3-position driver and passenger memory, front massage and adjustable bolster - Active Ventilated Seats - heated and cooled. Softgrain leather on upper fascia, door top roll, door panner, door armrest, seat valance, centre console lid and end cap, with twin needle stitch, and leather headlining. Includes Tipped leather on Jet and Truffle colourways, and Mauveine lined glovebox with Jet colourway.

DRIVER ASSISTANCE PACK

Adaptive Cruise Control with Forward Alert, Blind Spot Monitor, Advanced Emergency Brake Assist, Active Seat Belts - driver and passenger.

PARKING AID PACK

Parking aid with front sensors (includes Touch-screen visual indicator) and rear camera parking aid.

the XJ ownership experience.

SERVICE, ASSURANCE, AND PEACE OF MIND ARE ALL PART OF THE PRIDE OF OWNING YOUR NEW XJ.

THE JAGUAR ACCESSORY RANGE

Enabling you to personalise your car, to create a driving experience that is even more individually rewarding. All Jaguar accessories are tested rigorously for safety and durability in the most arduous of climates and conditions.

A comprehensive range of styling options, interior and exterior accessories, enabling you to tailor your XJ to suit your personal style. The full range of Jaguar accessories is available to view on-line, please visit jaguar.co.uk for further information.

BECAUSE ONLY THE BEST WILL DO

An official Jaguar dealer or Approved Service Centre can ensure that Jaguar trained, specialist technicians, with access to the full range of Jaguar approved parts and tools, will always be on hand to guarantee that every fitting, or repair, is carried out exactly the way Jaguar intended. Your Jaguar dealer or Approved Service Centre can also supply and fit Jaguar approved accessories to personalise and add to the practicality and style of your XJ model.

SERVICE AND ASSURANCE*

Complete peace of mind including Competitively Priced Servicing, Seasonal Health Checks and total tyre care to ensure that your Jaguar XJ retains its premium condition, delivering optimal performance.

WARRANTY*

3 year warranty together with a 3 year Paint Surface Warranty and 6 year Corrosion (perforation) Warranty.

QUINTESENTIALLY JAGUAR

Wherever you are, no matter the hour, Quintessentially Jaguar is here to help. Whether it be advice and help with travel, hotels, restaurants, clubs, gyms, food, wine, music, tickets for a show, renting a jet or yacht, finding the perfect present or sourcing a good child's nanny, Quintessentially Jaguar is universally acknowledged as the best in concierge services.

JAGUAR MAGAZINE

Bringing to life Jaguar's racing heart, Jaguar Magazine is our owner publication. It combines features on our legendary performance, the inside track on our products and company, along with news and events from the world of Jaguar.

JAGUAR.CO.UK

The interactive jaguar.co.uk website features helpful tools such as the dealer locator, a model configurator – allowing you to see the car tailored to your specification and colour, and a new MYJAGUAR section enabling you to bookmark and save your favourite sections of the site.

JAGUAR CARS FINANCE*

Whether your requirements are business, personal or you are opting out of a company car scheme, Jaguar Cars Finance offers maximum choice and flexibility with a wide range of finance and insurance plans tailored to your needs.

JAGUAR CONTRACT HIRE*

Jaguar Contract Hire is designed to make the Fleet Manager's job easier. Contract Hire is an efficient way of paying for the use of a vehicle without absorbing the costs of ownership and allows your company to make a fixed monthly payment whilst removing the assets from the balance sheet.

IMPORTANT NOTICE

Jaguar Cars Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Cars Limited and have absolutely no authority to bind Jaguar Cars Limited by any express or implied undertaking or representation. Illustrations in this brochure may include optional extras.

Comparisons are based on manufacturer's own data and testing.

ENVIRONMENTAL NOTICE

Jaguar Cars Limited has a vision of being amongst the world's leading companies in demonstrating progress towards sustainability. We aim to do this by contributing to a better quality of life, with corporate citizenship at the very heart of our company, and by reducing our environmental footprint through innovative design and manufacturing, minimising resource and energy use. Environmental responsibility is a core value in Jaguar, and it is our policy to continually improve our environmental standards in all areas of business activity.

This brochure is produced using paper stock which contains 50% recycled post consumer waste and controlled wood material from well managed forests. Pulps used are Elemental Chlorine Free.

The innovative use of aluminium construction is one tangible example of the commitment by Jaguar Cars Limited continually to pursue technologies that support efficiency and sustainability. In addition to its engineering and dynamic benefits, lightweight aluminium construction contributes to fuel efficiency, and therefore helps create fewer emissions – supporting Jaguar Cars Limited's policy of responsible design and manufacture.
